## Through Dreams and Visions

**And afterward, I will pour out my Spirit on all people. Your sons and daughters will prophesy, your old men will dream dreams, your young men will see visions. Even on my servants, both men and women, I will pour out my Spirit in those days. (Joel 2:28-29)**

**When a prophet of the Lord is among you, I reveal myself to him in visions. I speak to him in dreams. (Numbers 12:6)**

### A DREAM ABOUT A FIREMEN RIDING ON A TALL BICYCLE

In this dream I was walking on a road in the midst of a forest of very tall trees (2-3 stories high) like pine trees. I saw a fireman who was riding an exceedingly tall bicycle so that he was at top-of-the-tree level. He had a branch of a tree stuck in his yellow fireman's hat. I knew there were other fireman also, but I only saw this one at first. Then I saw another fireman riding on a donkey along the road near me. I watched as he came toward me. The thought came to me that he was following up to see that all the fire was taken care of.

Lord, what does this dream mean and was it from You?
--

Yes, it was from Me and that's why I have kept it in your remembrance for many days. I have been waiting for you to write it down and deal with it. Now is the time. Do you see that there was a fire somewhere, even if you didn't see it? You only saw the evidence of those who were dealing with it, not the fire itself. So what does that mean?

It means that I am taking care of the fire that is blazing in the heavenlies (way up high in the sky above the trees) and My firemen are checking it out to see that all is accomplished that I sent them to do. The fire is from Me. The blaze takes out those enemy forces that have been

against you two this week in the battle you have waged for Me. The fireman on the donkey reminds you of Me, doesn't he? Because I rode a donkey in humility on My day of recognition by some.

What does a fire mean? In this case it means removal of impurities and it means God's protection. It means the Presence of God, the Holiness of God, purifying and testing. All of these took place this week. I showed Myself pure and powerful in what he went through. I was exalted in it. I was glorified in it – in that he went forth and went through what he did because I asked him to. That brought Me glory. Tell him this.

The tall trees represent leaders – leaders in the evil hierarchy. Notice that trees can symbolize “power of evil people”. What evil people did he meet up with this week? Those firemen were My angelic beings sent forth to control and watch over the fire that was blazing and to keep you (representing you both) safe while you were walking on the road (going along the journey I led you on). You felt no danger, did you, in the dream?”

No, Lord, but absolute peace. I was just watching and wondering what it meant.

There you are. So the dream depicts that stance for you both. He took the brunt of the battle, but you walked in peace. Interesting, huh? Sometimes it may be the other way around – where he walks in peace and you take the brunt of the battle. But mostly you will be standing by him as he goes forth where I send him.

### A DREAM ABOUT A PORTAL BESIDE A BED

In this dream I saw a bed in a room that was part of our home. It was a double sized bed and was situated next to a corner. Beside it by the head of the bed there was a doorway open. I checked the doorway and found the door had been completely taken off and away, leaving just the hinges there. Through this doorway I could see into another small room which had a window letting in light which was shining into that little room.

The bed is your place of rest and intimacy with Me. It is a double bed for two—for you and Me. The doorway without a door means an entranceway is there beside the bed. It can not be closed because the door is gone. This entranceway leads to Me and into revelation coming—symbolized by the window with light coming in.

This little room beside the bed is a portal or stairway up into the heavenlies and revelation pouring to you from that place. Through this doorway I will download revelation, heavenly treasures, understanding, guidance, protection, provision, wisdom, and knowledge. The key to this is to be resting in an intimate relationship with Me, and watching/looking for what I want to bring you through the portal room.

### A DREAM ABOUT PICKING UP COINS IN THE GRASS

In this dream I noticed a coin (dime) on the ground in the grass. I picked it up. As I looked around in that area I also noticed a bunch of coins (various ones including a half dollar) on the ground and picked them up. I saw another dime and picked it up. I put these coins in my pocket.

Money symbolizes power, provision, wealth, natural talents and skills, spiritual riches (i.e., faith, wisdom, spiritual gifts, etc.), authority.

**But remember the Lord your God, for it is he who gives you the ability to produce wealth, and so confirms his covenant, which he swore to your forefathers as it is today. (Deuteronomy 8:18)**

Grass— symbolizes flesh, self, the Word of God.

**Ask ye of the Lord rain in the time of the latter rain; so the Lord shall make bright clouds, and give them showers of rain, to every one grass [the revelation of Christ] in the field. (Zechariah 10:1)**

This is what this dream means: it talks of spiritual riches to come and you will be “picking them up” as you walk and look for them. You started picking them up last night when you went to the worship time with Paul Keith Davis and Shawn Bolz. That was definitely a spiritual gift that you “picked up” by taking time to go to the gathering.

There will be more of these and you will search for them, and see them, and pick them up and put them into your pocket—keep them in your possession and use them. Thursday night worship encounter may be another treasure you pick up. You have already picked up many treasures by being here where you live now which you wouldn't have found where you lived previously.

I brought you here to bless you, and I am doing that—with many spiritual blessings, week by week. We will continue this searching and picking up the treasures. Today's treasure will include the John Paul Jackson CD you plan to listen to later.

I am your Treasure, and I have many ways to bring My treasure to you...daily.

#### VISION PICTURE OF JESUS WALKING WITH A SHEEP

In this vision picture I saw Jesus walking through a valley. At His right side was a sheep walking with Him.

You are that sheep and I am walking with you through the valley of life. At any time you need to you can reach up and take My strong, righteous right hand, and hold on to it.

## CONVERSATIONS WITH GOD THROUGH DREAMS AND VISIONS

The Lord showed me again the picture I saw previously in a vision. In this picture I saw, ahead of me, Jesus walking beside a sheep through a valley. He reminded me that I was that sheep and He was walking with me through the valley of life. At any time I needed to I could reach up and take His strong, righteous right hand, and hold on to it. He showed me the picture of myself there beside him holding His hand when I was so little I had to reach up high to take His hand. Then, as I grew, I kept hold of his hand all my life as I matured. He stayed the same all the time, holding on to me.

### A DREAM ABOUT A MILITARY SECRET PROTECTING ME

“Onox cuna” were the words in my mind in this dream. I knew this was the military secret that was protecting me, making me safe, and keeping me healed.

This seems to indicate that there is an unknown way, a secret way, being used to protect me and make me safe and keep me healed. It is something I do not understand because it isn't in a language I understand. Military secret reminds me of God's angels fighting His battles for Him. They are secret to me because I do not see them.

What the Lord has shown me here is there is a secret and unknown way He is keeping me protected and safe and healed through this revival time.

You do not need to know what this secret military thing is that I use to protect you, but just trust in Me always, knowing I am with you and aware of you and watching over you.

### A DREAM ABOUT JESUS INTRODUCING ME TO OTHERS THROUGH MY BOOKS

A man and I were walking across a field toward some people. He said as we approached them, “I've come with a friend of mine from out of state.” I was the “friend” he was referring to.

An unknown man may represent Christ or an angel. A field may represent the world, God's work, or the harvest. I was the friend he was introducing to others. Out of state could refer to being out of their part of the country, but perhaps it could mean someone outside of where they lived (meaning already raptured). This dream may refer to Christ introducing me through my books to people after the Rapture. What the Lord has shown me here is a picture of how He will introduce me as His friend to others who don't live where I do.

### A DREAM ABOUT SIGNING UP FOR THE GRAND TETON PROJECT

In my dream I was in a building like a school. I had in my hand a paper (which I had already signed) to sign up to be part of a project, which I called the "Grand Teton" project. I was looking for a 3rd grade teacher to sign the paper, but I didn't know her name. I watched several teachers and was looking for the opportunity to ask which 3rd grade teacher was part of the Grand Teton project. I think it referred to the Teton mountains.

Mountain symbol in a dream can mean: exalted, kingdom (nation), permanence, great power and strength, place of protection, grandeur and glory, wholeness and solidity, kingdom built by God, place of prophecy.

That is what you are part of - a kingdom built by God, God's kingdom. In this dream I call it the "Grand Teton" project. You have signed the paper to belong to that project, and you are looking for a (Godhead) 3rd grade teacher to sign it too. We are that 3rd grade teacher.

What is the Grand Teton project? It is called the Mountain of the Lord in the Word. Look those scriptures up and see what they say.

**In the last days the mountain of the Lord's temple will be established as chief among the mountains; it will be raised above the hills, and peoples will stream to it. Many nations will come and say, "Come, let us go up to the mountain of**

**the Lord, to the house of the God of Jacob. He will teach us his ways, so that we may walk in his paths. (Micah 4:1-2)**

In the last days - did you see that? We are "in the last days" right now, and I am establishing My Mountain during these days. No matter WHAT it looks like or sounds like, that is what I am doing - right now - during your life span. And you have signed up to be part of that project of establishing My Mountain. I want you to see this as you walk through the rest of your life - that you are working with Me to ESTABLISH the Mountain of the Lord with Me. I gave you this dream to show you this. From now on that is to be your paradigm. You will rule and reign with Me as I rule from the Mountain of the Lord.

A DREAM SHOWING A PICTURE OF GOD'S CHILDREN AFTER THE RAPTURE  
AND DURING THE TRIBULATION TIME

In this dream I was participating along with a band (musical group) made of children. The group was standing in lines like a band formation for marching. I was standing in the midst of the group. Someone said that \_\_ has a birthday today and everybody laughed. This was said 4 times - that \_\_ has a birthday today and the group laughed each time. It seems I gave a violin to \_\_ for her birthday.

This dream seems to be showing me something about me in relation to the children involved. I am participating in it and I am in the midst of the action. The children represent new Christians, perhaps the new Christians who come to Christ for salvation after the rapture. I say this because I saw no adults in the scene except myself, and I was not a part of the band, just there in the midst of it. No adults means no mature Christians, only young ones.

So I wonder if this means I am with them through my writings. The birthday of one person refers to being "born again" and having a spiritual birth. Saying it four times means this person now is part of the kingdom of God, those who rule and reign over the world, God's creative works. The laughter speaks of revival and the move of God in this group. The group was standing in lines in formation as a marching band would stand, so it can mean these "children" were gathered together and were ready for instruction from their Director.

The violin gift can refer to this child receiving a gift of prophesying/worshiping, and ministering in that gift.

Lord, is this an affirmation that I will be in the midst of the “young Christians” who will be born again after the Rapture - when there will be no older Christians since they will be gone? Is this a picture of their births and revival and joy even while banding together and being ready for their instructions? Will I be there through my writings? Is this what this dream is about?

Yes, My child, that is what this dream means. You have interpreted it rightly. Be encouraged and know I will use your writings to help new Christians during that time, just like you have the desire to do. There will come a time when your writings will minister to many as I share them with people during that special time coming soon. It IS soon. The Rapture is soon, and I am working with you to prepare materials for these new Christians after the Rapture. You know that in your heart, and this dream is about that. It is a prophetic dream showing something to come.

#### A DREAM ABOUT SEEING TWO HUGE MOONS IN THE NORTH

In this dream I was at my childhood home looking out at the sky from the front yard. My daughter was with me. I saw first a brilliant light display in the sky to the northeast. It was like a flash picture of what I can best describe as a window. Then I saw in the north two moons. They were huge! They were about 3-4x the size of the regular moon. They were lit up in yellow. I exclaimed about there being TWO MOONS! I awoke having this song repeating over and over in my mind: "His power and glory evermore proclaim".

Moon--church: symbol of light in darkness, sign of the Son of Man, the body of Christ; things that are eternal; indication of end times, church shining in the darkness

Light: Unveiled or uncovered; no longer hidden; to show forth; the appearing of the Lord; power of God, manifest: revealed.

Window: Revelation knowledge; revealed; seeing truth; understanding; blessings of heaven, openness, vision, lets light in

Two: Multiplication, division, unity, witnessing; separation; dividing light and darkness; co-laboring with Holy Spirit, matter is firmly decided by God

North: Great power; exalted and majestic; where heaven is; the throne of God, spiritual, judgment, Heaven or heavenly

East: beginning, birth, first, light, God's glory; the sun rising

Song: His power and glory evermore proclaim

As you can see, this dream sequence is a visual picture of this:

- It is a revelation
- It is a revelation of God's grandness and glory
- It speaks of that grandness and glory being manifest
- This manifestation includes dividing light and darkness
- It is an indication of the end times
- It is being shown with great power from the throne of God
- It is to be proclaimed by those who belong to God eternally/evermore
- It is a vision of what's coming.
- It is imminent

### A VISION OF SEEING JESUS AND THREE ANGELS THREE TIMES

I was attending CFO camp and this happened during praise and worship time. As I sang, I closed my eyes and “saw” Jesus at the front of the auditorium with His hands outstretched over the people blessing them as they had their heads bowed in prayer. They didn’t see Him. I was standing in the back left side of the auditorium watching this and He looked at me.

Next I saw on the wall on the right side of the auditorium three angels standing there holding long trumpets pointed down.

When the song ended, I opened my eyes, amazed at what I had just seen. We started another song, and I closed my eyes again. I saw the same picture of Jesus

and the angels again, only this time the angels held their trumpets pointed straight out.

During the next song, the same thing happened with the same picture but the angels held their trumpets pointed up high like they were blowing in them.

It was significant that it was during worship time as praise and worship is a central thing God is drawing me to in my life. My seeing Jesus while others didn't see Him seems to mean to me that He will let me see Him as some people don't. It seems to signify that He and I have/will have a special cognizance of each other, a special intimate relationship.

The angels showing three different trumpet positions refers to three different divisions or time periods of my life...the third being close to and during the blowing of the trumpets for the rapture of the church. It is during prayer (times of communicating with Him) that I will "see" Him most clearly. My future holds special close times of communicating with Jesus, seeing Him and what He is doing, and whom He is blessing, right up to the rapture.

The three angels represent the past, the present, and the future. It reminds you of the 3 angels you saw in the vision you had of the 3 angels and 3 trumpets and 3 positions.

I'm going to show you something new about that vision. I may give you a picture. I may speak in words to you, or thoughts, or impressions. I will choose which way to communicate with you on this (the vision about the 3 angels).

Three- what does 3 mean? Look it up.

(Three: conform, obey, copy, imitate, likeness, Godhead, complete, perfection, witness, divine fullness, solid attributes, resurrection power over sin)

It means conform, likeness, complete.

Three times to see Me, Jesus, watching you and you watching Me. Three times to see three angels, with three trumpets, in three different positions representing past, present, and future.

The future angel represents high praise up here with Me in heaven. The present angel represents trumpeting forth what I am giving you out to the whole earth - your books via the

internet, and by other means - sending forth My word through you. The past angel represents your life here on earth up until now.

THAT'S what I wanted to communicate to you about this vision. I knew all this way back then at CFO camp. Because I see all things and I know all things. And I know you.

And all the time in the vision you are watching those three angels, I am watching you. I am watching over you all the time during your earth life. And you are "seeing" Me, as a seer who sees by hearing and writing. That is the great gift I have given you - the "ability to see Me." That's what the vision shows you also... the ability to see Me - beyond what the rest of the people around you see or comprehend. That's what I was showing you in that vision too.

You see, I knew you before the world was made, before the foundation of the world. I knew who you would be and what you would do. So I sent you to earth to do and complete the assignment I chose for you (and you agreed to do). THAT is why I started you writing as early as third grade - see the three again?

### DREAMS OF A BOY SMILING AND WHITE DOVES FLYING

I saw a little boy looking up at me and smiling at me. We seemed to be in a group of people. I didn't recognize his face.

I looked up while outside in the back yard and saw a flock of white doves flying low above the house. They were totally white underneath so I felt they were doves, and they looked the right size to be doves. They were flying from south to north basically.

In both dreams it was showing something I was observing or seeing. The little boy dream may refer to a gift that brings smiles. The dove dream may refer to God's sending the Holy Spirit in a whole flock of blessings, spiritual gifts, spiritual appearances, from the natural realm into the supernatural realm in the future. What the Lord has shown me here is showing pictures of gifts and blessings coming over me.

### A DREAM ABOUT FLAMES ON A STOVE TOP THAT I COULDN'T PUT OUT

In this dream I was in a room (perhaps a bedroom) where there was a stove with four burners. The burners had flames coming from them (like a gas stove) and I kept trying to get the flames turned out—and couldn't. I went into the kitchen to tell the lady whose house it was. She showed me that the kitchen stove was also burning, but she could adjust that stove and turn the flames out. She tried to explain about the level of gas (oil in the dream) and how that affected the other stove where I had been so it wouldn't go out.

This dream is about me. It involves what is going on in my life regarding the oil of the Spirit and the flames burning high and brightly in my room (Secret Place) of intimacy with the Lord. I cannot put those flames out because they are being affected and determined by a different stove and the oil level in it—the stove in the kitchen in me representing my heart and intent.

I am informed about this level of oil and how it affects the flames by a messenger from God. She lets me know my heart is determining the level of oil in my place of rest and intimacy with God. This seems to be a dream revealing my heart condition.

That is right. This dream tells you that your heart flame is burning brightly and you can't put it out because it is regulated by your heart's desire and intent. You and I are burning brightly together - as the oil represents Me. This is a self-revealing dream—showing what is happening inside you and in your life right now. It is good.

### A DREAM ABOUT STRETCHING OUT A WORD TO EXPAND ITS MEANING

In this dream I could look at some word which I saw in front of me. The word was about us. We could cause the word to activate something that would show

how far we were to the right and left of that word. It was like stretching that word showed how far that word could extend, and what that extension would be like. It was like the word would stretch out and reveal information about the possibilities in us. We did this over and over, fascinated by being able to do this.

As I copy this dream, I get the revelation that it refers to the Lord giving deeper understanding of His Word to me, and of that understanding "expanding".

□□□□□□□□

### A DREAM ABOUT A DISH THING IN FRONT OF ME

I awoke about 3:00 a.m. with these words in my mind that I felt I needed to write down: "And a dish thing in front of me." In the dream I was observing myself walking or standing. It seemed like there were words traveling in front of me. I noticed that some of the words formed in a special way that set them apart, almost like they were surrounded by a parenthesis and perhaps in a different font. They were separate from the other words in this way and caught my attention. It seemed that if I "saw" this "something" group, I could do it. It seemed almost like it was a vision or dream set before me but it was made up of words, not pictures. No one else was in this dream but me. It seemed to be showing me something about myself.

"Dish thing" could represent a satellite dish symbolizing broadcasting what I "see" (in words) to many others. This may be a vision or dream the Lord wants me to hold in front of my eyes during my spiritual walk/journey. This could refer to where my books (made up of words) are "going out" to many others—perhaps a dream I am to pray for and declare for. Being in front of me may refer to now and the future.

It's like Dr. Cho holding a picture of a bicycle (that he had asked the Lord for) in front of his eyes and praying for it and envisioning it (in the 4th dimension). Or it's like Todd Bentley "seeing" in his divine imagination himself speaking to 5,000 people with healings, etc. This was the way he "pulled it down" from Heaven (where it already was) to earth.

When I finished writing this much the clock said 3:33 and it drew my attention like it was meaningful. This could confirm to me the dream was from the Trinity and was set, established, and going to take place. It also could refer to coming into conformity to Him and being obedient to Him.

It's like I am to envision my writing/books "out there" on a satellite ready to be "tuned in to" by all whom the Lord gives a "dish" to tune in to them and their message. It's like I am to see the words ahead of me in my pathway and see them as special words going out to others through my books, and I am to envision that, and declare that, and pray for that.

This is co-operating with the Lord in bringing this dream into being "on earth as it is in Heaven." He gives the dream. I work with Him to bring it to earth.

It's like in Bruce Wilkinson's book *The Dream Giver*. God has shown this idea to these 3 men who explained the same or a similar idea in their own ways. (Dr. Cho, Todd Bentley, Bruce Wilkinson)

Seeing the dream before me (in my imagination) is my way of contending rather than striving.

What the Lord has shown me here is that I am traveling a pathway in life and words are in front of me along that way. Some are extra special words like a vision, and I am to see them as being sent out and received by others almost like by satellite dish. I believe this refers to the books still in front of me to be written, published, and distributed to others.

They are to be free, and they WILL go forth to others around the world, wherever I take them. They will broadcast to others the message I want to take to them. I will publish these books at the proper time, maybe even after you leave in the Rapture, and I will see to the distribution, and I will tune people in to them so they can receive My words through them. I will do it all. You just pray it down to earth, one word at a time, and write those words down in books for Me to use – "In His Time" as you heard in that song this morning. Every word that I have you write I will use.

### A DREAM ABOUT SINGING MY LAST SOLO

I was doing my last solo before a jury who would be judging it. I was third in line. I could see the printed schedule. The two who sang before me sat as they sang. I was wondering whether I should sit or stand. I was hoping to see the words as I sang.

This dream seems to be referring to my being in the final stage of singing my solo. Singing refers to worship proceeding from the heart. This is being observed by those who evaluate/judge all that I do and keep records in heaven. Being third may refer to being obedient and conforming to Jesus' image. Sitting may represent resting and it seems I was not sure whether I was to be resting during this "last solo" or standing which might be the opposite of resting. I was hoping to see the words to sing - that may refer to looking day by day for the words/instructions the Lord gives me for that day and for writing.

What the Lord has shown me here represents this time now being the time I am singing my last song on this earth, my last time to be evaluated for my performance of what I do with the time given me. I am looking for instruction as to whether this time is to be spent resting in the Lord or standing "having done all, stand" and for the words to use in my last song.

#### A DREAM ABOUT SEEING THE SKY AND EARTH BOTH BLUE AND WHITE

I was standing outside and looked at the sky. It was speckled blue and white all over with small white clouds mixed in with parts of blue sky. Then I saw that the ground and everything looked just like the sky - speckled blue and white, even though I was still standing on some firmament. I was exclaiming how it all looked like sky!

What could the dream mean?

Do you want Me to tell you what it means?

Yes, Lord!

It means that you are up in the sky but still standing on something firm. It means that you are no longer on the earth as you know it now. It shows a revelation of what's coming very soon. Where do you see yourself up in the sky?

It is at the Rapture, Lord, when we who belong to You are caught away to be with You up in the air.

Yes, and that is what this dream is a picture of, a symbol of, as you suspected. You will see it soon - very soon - so soon that it is imminent. It could happen any moment.

□□□□□□□□□□

### A DREAM ABOUT DIFFERENT TYPES OF STUDENTS

The setting of the dream is a classroom. I am the teacher and there are students in the room with me. In the dream I get ideas about different types of students and their needs. For example: some are unconscious, some are unaware, some are proud, some have intellectual pride, and some have royal covering.

There seemed to be a regular time of partaking of food together - the Word of God. The book used had wisdom and redemption and was marked in a special way. I was to give an accounting about my work there.

My thoughts about this dream scene are that it relates to the books I am writing, the different types of people it might influence and contact, and the account of this given in heaven. In the dream my clothes symbolize passion and zeal along with truth covering me. What the Lord has shown me here is a picture of my “teachings” through writing books and how these teachings will impact the “students” who will get the possibility of learning from them at some future time.

Yes, what you have written as the interpretation is a skeleton of what is in the dream. I will keep adding to the picture I am giving you of those people your books will contact and influence (teach) and some of their reactions to them.

Your record is continually being kept in heaven of what you are doing with Me and for Me. You are covered with passion, zeal, and purity and truth as you do this book writing project with Me.

I am come that they might have life and have it abundantly. I will transmit life through your writings to those who will receive it - especially those with a purple/royal covering over them.

Be at peace that you are doing all you can to reach and help others through your books. I will do all else that is necessary to speak to them. Thank you for your help.

### A DREAM ABOUT THREE PROPHETIC CARRIERS

In this dream I saw two people and myself as prophetic carriers. We could tell which of us had the answer to a question because of a picture of a vegetable that showed up on the person who had the answer.

Prophetic carriers: those who have been gifted with prophecy and are carrying that inside them. The vegetable picture refers to the fruit of one's labor seen outwardly on these people. Three refers to - conform, obey, copy, imitate, likeness.

This dream seems to indicate there are various kinds of prophetic carriers of the gift of prophecy. Some carry one kind of fruit of his/her labor, another carries another kind of fruit of his/her labor. But all three here carry some kind of fruit that is visible, even though different from others. Three prophetic carriers may not refer to an exact number but the nature of those carriers: conformed to the image of Christ, in obedience to Him, and in His likeness.

This dream seems to be assuring me that there are various kinds of prophetic carriers and each kind can be used to help people with needs that match that gifting. To me this is an affirmation that I am one of the "prophetic carriers" and, therefore, what I carry can be an answer to someone's need.

### A DREAM ABOUT A MULTIPLYING BIRD

In this dream I was inside a house looking out a large window. First I saw a bird outside which looked like a hummingbird but was larger. Its coloring was in greens like a hummingbird. It was about 6-7 ft up above the ground suspended in the air. Then it became much larger and I saw this huge bird there. Its front

looked similar to a stork with a long bill and neck, then it became a huge oval-shaped body, maybe 6 ft long and 2-3 ft wide with a large fluffy multi-feathered plumed tail. Along the top of the body there were many nests, maybe 8-10 nests, and on each nest sat a mature bird. In the tail there were many smaller birds mixed in with the plummy feathers. I kept exclaiming about this unusual bird and trying to name what kind of bird it was, but I could not think what to call it. I knew it was not an eagle. Later, as I looked at the names of some birds in the dream symbol book, the closest I could come to what its head and beak looked like might be a stork. I don't remember any colors associated with the huge bird.

(A stork symbolizes - expectant, new birth, new baby, new experience, that which is forthcoming. They carry out God's purposes.)

**Even the stork in the sky knows her appointed seasons. (Jeremiah 8:7 NIV)**

(A bird symbolizes - Spirit, Holy Spirit, message. It can also refer to leaders or messengers.)

**A bird of the air may carry your words; and a bird on the wing may report what you say. (Ecclesiastes 10:20 NIV)**

To me this big bird refers to lots of things being birthed from it, lots of mature birds, nests with eggs to be hatched, and growing birds too. This can refer to my books, which are being used by the Lord to hatch and grow what He wants in the lives of many. This also could refer to my church where He is doing that also. It also could refer to the church universal doing the same thing. This bird will be beautiful like a hummingbird and will be suspended in the air for all to see.

What the Lord has shown me here is a picture of that which is coming to carry out God's purposes. It will birth God's message and carry it to others.

A DREAM ABOUT THE DAY AFTER BILLY GRAHAM'S DEATH  
(Received by Beth)

It was the very next day after Billy Graham died. Something very unusual happened. She thought - "Wow! This is the very next day!" The prophecy said

things would happen after Billy Graham died, but she didn't expect it to be the very next day.

It had something to do with people not being allowed to drive anymore in downtown Kansas City. They all had to walk. There were no cars on the streets at all. It was somebody's decision that they would have to walk instead of drive. She experienced the moment in time when that decision was announced. She didn't know if that was limited to downtown Kansas City or if it was widespread. But she was in downtown Kansas City when it happened.

She remembered was looking across some water, like maybe she was on a bridge, looking toward some rock cliffs, and pieces of rock were falling from the edges of the cliff, not the top. Someone near her said, "That was called the Kansas City shaking." The thought she had at the time was that the shaking was caused by localized mini-earthquakes. That was a natural phenomenon that was well known by others but not by her. She could see the effect of those quakes on the cliffs, but she didn't feel any shaking where she was standing.

She remembered standing on a street in downtown Kansas City. Everyone was walking in the streets. They heard the sound of a large emergency vehicle coming. They were all standing in the street lanes just like they would if they had been driving cars. It was organized, not chaos. When she heard the sound of the vehicle she wondered which way to move to get out of the way because she couldn't see it yet. She was in the middle of the street.

A DAY means - light, knowledge; a time for the prophetic; the return of the Lord; understanding, being illuminated

THE DAY AFTER - It means after the understanding and light comes.

DRIVING A CAR means - life, person, ministry. Church or personal ministry

WALKING means - progress: living in (being led by) the Spirit; or living in sin

CLIFFS - Places where mountains and high places suddenly stop and drop off

ROCKS (stones) falling off cliffs - witness: Word; testimony; person; precept; accusations; persecution (as in false witness) believer; witness of the Holy Spirit; the Word of God; good works; a believer; unruliness; strength; allegation; a strong sense of rightness; persecution; disinterest; defiance; a reprobate mind; foundation laid in Christ

MINI-EARTHQUAKES - Judgment; shaking of God; to undergo a great shaking; a huge sweep causing change; change by crisis; repentance; trial; disaster; something that jars the

mind or emotions; shock; God showing forth His power, anger, presence and pulling down Kingdoms, could be from God or from the enemy, upheaval, trauma

KANSAS CITY SHAKING - whatever shaking the Lord has planned for Kansas City.

MIDDLE OF STREET - means she was in the middle of the way: the Christian faith; truth, way of life Christ; Holy way; the path of salvation and life; the Gospel's call

SHE DIDN'T FEEL SHAKING - she was not affected by the things that were shaking others

ON A BRIDGE - Bridge: The cross; strong belief or faith; to bear with someone or something as to hold them up; to be connected, support or way, trial (of faith), joined, transition

What do You say, Lord? What is Your interpretation of this dream?

You're going to have to listen and get this interpretation directly from Me. I will give it - in due time. Just be ready to write it down when I give you the revelation. Don't speculate on your own what it means. I want to show you directly.

It was about spiritual awakening and the changes and shaking that will bring it about. People often have to be shaken out of their everyday way of doing things before they will seek understanding as to what is really going on in the world. She is seeing all of this from a bridge of transition and from the middle of the street - the way of Life. It will come in small stones - a little at a time. And from small shaking/trials/earthquakes - a little at a time - it starts today - the day after Billy Graham's death.

#### A VISION OF SPEAKING TO PEOPLE ABOUT RECONCILIATION

I saw myself in the sanctuary speaking to the congregation at church. I was speaking to them about repenting, getting reconciled, etc. As I spoke, people came forward to talk with counselors who were down in front.

I want you to look at this and see it. It shows you sharing with people and encouraging them to come to Me with all their different needs: salvation, prayer, counseling, encouraging. This is a picture of that being part of My plan for your life. So a future thing for you is to share with and encourage people to come to Me with their needs, and help them find the way to do that.

□□□□□□□□□□

### A VISION OF SMILEY FACES

I saw myself standing up front in the church sanctuary and looking out over the congregation. I saw faces, and some of the faces were replaced with a circle smiley face. These were the ones that drew my attention.

Those you are supposed to contact respond to you. This is represented by smiles. You are to look out over My kingdom people and connect with them. You are to look for those who are seeking Me, and put your attention on them. Then you can help lead them to what will fill/answer their needs. So a future thing for you is to look for My kingdom people and connect with them.

The smiling faces represent people in the congregation/multitude who receive you and the message I, the Lord, have given you to share.

The smiling faces in the multitude represent those who are open to Me, to My message, and the ministry of My evangelists and disciples. They can be seen among the multitudes by their smiling acceptance and desire to know Me.

□□□□□□□□□□

### A VISION OF JESUS WAITING TO BE INVITED IN

I saw a man standing on the platform in the front of the church sanctuary with Jesus standing beside him. Jesus was waiting to be invited in.

This means you see this man has to make his choice about whether he wants to follow Me or not - and he is to tell this to Me. Remember this if something should come up with that man in the future. You were My messenger to him to speak of his need for a commitment to Me. You shared that with him. His choice is his own. Your future includes telling others something I show you for them.

For the body of Christ this means I, Jesus, am waiting beside you during your worship times wanting to come into you, worship through you, and to empower you to greater praise and worship.

#### A VISION OF A WORSHIP LEADER NEEDING SUPPORT

I saw a worship leader standing on the platform in the front of the sanctuary. He looked over at the choir where I was sitting. He motioned to me and another person to come up front with him. We did that. That other man stood on his right hand and I stood on his left hand. We took his two hands and held them up so the three of us were standing there with our hands linked, holding them up as high as we could.

This means you two linked with him in ministering for Me, and in praising Me. You are still linked to Me and praising Me. This means for you that you are an integral part of My praise ministry, and that praise and worship have a major roll to play in your life - both now and in heaven. This ministry to Me in praise and worship will continue and increase in your life.

Worship, witnessing and discipling (which these three people represent) are drawing together, supporting each other, and ministering together.

A VISION OF A PULPIT PULLED UP

I saw the pulpit on the platform in the front of the sanctuary at church. It was pulled up and over to one side by something unseen. I saw under the pulpit long white/gray roots with much dirt around them. We were standing beside the pulpit that was torn up. As this happened we were tossed up and down in great upheaval. There was nothing for us to stand on - the floor wasn't there, just air. We moved up and down for quite awhile, but the turbulence grew less and less, and we were tossed less and less, until the turbulence stopped and we could again stand.

This represented your pastor who was torn away from your church through much exposure of what he was like down deep inside. He left the pastorate to take another job. It greatly affected the worship and discipleship ministries as well as the whole church. You went through great turbulence for months and years. Many were hurt through this process. Many left that church through this process and tried to start another congregation which eventually dissolved.

This referred to the time of upheaval with your church pastor and your turbulence with that. However it also has meaning extended beyond that situation. Your life has been intertwined with pastors (the pulpit) a lot and there was upheaval and turbulence from those situations/relationships. This was, and will continue to be, a part of your life and future. When the turbulence comes, there is nothing to stand on in the world - only your faith and trust in Me. Eventually each situation will stop the turbulence and you can stand again awhile in peace.

This also refers to the hidden motives among the leadership (especially pastors) of churches will be revealed and torn up for all to see. It will not be a pretty sight. Some will look ugly, dirty, and have long roots into their very inner beings, their motives, their intentions.

This greatly affects the whole church body and the ministries of that body. Their impact on the world is reduced through this, and they come out frustrated and with reduced effectiveness. This will gradually decrease and the church will eventually stand on firm ground.

□□□□□□□□□□

A VISION OF TEAM MINISTRY

I saw myself positioned up in the air over the congregation at church. A man came up from the platform and was positioned across from me in the air. Then another man came up to join us to my left, and another man came up in the air to my right. The four of us were suspended there together in the air.

This had a literal fulfillment when the four of you prayed together. But it has a more extended meaning too. You will work in “team ministry” together with others. This will come together one person at a time. In the air means it is based on faith and not on the world. The future for you is being involved in faith based team ministry.

One person represented the pastoral ministry. One person represented the worship/praise ministry. You represented discipleship, and the other person represented witnessing.

This represents the ministries of preaching/teaching, worship, witnessing, and discipleship all being bound together and working together in prayer to do the kingdom work, share the gospel, and bring glory to Me.

A VISION OF PRAYING PEOPLE AND A BALL OF FIRE

I saw the silhouettes of praying people kneeling at the front of the sanctuary. Their silhouettes were aqua blue. They were surrounded by a rose colored light.

As they prayed, the four who met in the air (in the previous vision) came together into a ball of fire. This ball moved around inside the sanctuary in an arc and then came down and touched someone. Then it went up in another arc to some other part of the sanctuary and came down and touched someone else. It kept doing this over and over, faster and faster, touching more and more people. Each time it went in the arc through the air it left a trail of silver dust, like a jet trail in the sky.

These trails increased and increased on the inside of the sanctuary. The ball of fire kept going faster and faster until it exploded so that the light and silver dust filled everywhere.

This scene represents revival of people by the touch of the Holy Spirit. This touching by the Spirit starts, then increases in number and speed. It involves “the Church” anywhere. It comes through prayer which turns into fire as the Spirit takes those prayers and increases and answers them. The fire is the judgment and cleansing of God.

The silver dust is the beauty that is seen in the atmosphere around these Spirit touchings. The explosion of light and silver dust everywhere is a visual picture of the rapture of God’s saints - in the twinkling of an eye like an explosion, and greatly beautiful like light and silver dust.

This vision shows that the future includes revival, the Holy Spirit being poured out upon the whole world, and the rapture experience.

The places this Holy Spirit Ball of Fire touched down represent places in the world where I am touching mightily and have been for many years. It represents ‘people groups’ I am visiting with revival around the world. This is being fulfilled world-wide. The silvery dust left wherever the Holy Spirit goes represents the ‘glory’ that shows as I work in you and upon My church.

The ‘explosion’ represents the rapture when the church is translated in the air to meet with Me. As the work of the Holy Spirit in revival goes faster and faster touching more and more people, it will climax with a giant ‘explosion’ of great power, might, and glory as I take My bride to be with Myself.

### FOLLOW ME

I saw a picture of an opened fan looking like a turkey tail. At the top of each fan section an instruction was written. The understanding came to me that different people in the Body of Christ were to respond to these different instructions according to their giftedness and God’s leading. As they did this all

the instructions could be completed - as each one did his part. The piece of fan given to me had this instruction on it: Follow Me.

**They follow the Lamb wherever his goes. (Revelation 14:4)**

Your main instruction for life is to "follow Me!" Others have their instructions too, and together these make up all that I am doing. Your piece is what I have given you to do - follow Me. Your future includes following Me wherever I lead you.

THE MAZE

I saw the picture of a real maze made out of bushes, as if I was looking down on it from above. I saw myself in this maze, letting the Lord lead me each way it went. The thought came to me: How could He really teach me and test me on following Him if He did not lead me in some ways that were different than I expected or were not logical to me. If He only led me in ways I expected, ways He had led me before, that would not really test and grow my ability to follow Him. I was impressed that even if He said: "Do nothing", I was to follow that. That just might be the best for me at that time.

I am leading you, like in a maze. You do not see each turn or see to the side. Just keep following Me moment by moment. It is a lonely path, but I am always with you. I will always show you the way to go.

Your future includes following Me even though you don't see where this is taking you or what is coming next. Some of this "following" may be a test. I will always be with you.

ONE SEED AT A TIME

One day my attention was drawn to some birds eating in the grass outside my kitchen window. I noticed the birds picked up one seed at a time to eat. The

Lord gave me a mental picture of a whole pile of seeds. Then He revealed He did not provide a pile of seeds for them, but just one seed at a time - and He would provide for me the same way!

Your future includes being provided for as you need it, a bit at a time, but enough.

### WHEN THE POWER COMES

I had a dream. In the dream I saw a house sitting in the dark. On the outside of this house there was an elaborate design formed with lights, like Christmas tree lights. I was hardly able to distinguish their presence, but I gradually became aware of them formed into this design. The lights were not only on the side and front of the house, but even in the yard on the grass. I knew the design was beautiful, but I could not see it.

I began to see faint flickering occasionally from the lights...a tiny flicker here and a tiny flicker there. There was one bulb which seemed to stay on and not flicker. It was shaped differently than the others. This light shone, but I did not see any light coming from it to illuminate the surrounding area. It seemed like it was frosted which kept it from coming forth brightly.

When I awoke the dream was so vivid I remembered it clearly. I asked the Lord what it represented.

It was revealed that this house represents the church, the body of Christ. The light bulbs represent the people. The lights are on the house and they are formed into a beautiful pattern which would look glorious if it could be seen. However, the electricity, the power, is at such low voltage the lights do not shine out.

They need more electricity, more power, through the Holy Spirit, to empower those light bulbs. I knew I was to pray for the power to come so they can be seen for what they really are: a beautiful design by the Lord to glorify Him.

Then the Lord revealed that, as He lights up those bulbs, I will find some that are not light-able. They are dark, black. They either have no ability to shine (not having the Holy Spirit in them) or they are darkened, dead, refusing to let the Holy Spirit empower them and shine through them. The design is by the Lord, but it will be sad to see some of the black places in the design when the rest of the lights are lit.

When the power comes and causes the bulbs to shine that will shine, we will see those bulbs have many shapes, sizes, and colors. Each one will be different.

The one bulb that already shines steadily has light in it, but it is clouded, is self-contained, and does not illuminate others around it.

The reason the lights are on the outside of the house (not on the inside) is because this represents what the outside world sees of the church - a little flicker of light occasionally, not a strong, clear, steady light. But, the Lord says that will change as the power is introduced - soon!

**You will receive power when the Holy Spirit comes on you; and you will be my witnesses in Jerusalem, and in all Judea and Samaria, and to the ends of the earth. (Acts 1:8)**

Your future includes seeing and experiencing My electrical power come upon the earth showing the world My power and glory.

### THE WELL OF SALVATION

As this vision picture began I saw myself standing in front of an old fashioned well - the kind where you had to dip a bucket down into it to get water. Beyond the well was the ocean, yet I drew water from this well.

In my hand was a small dipper. With this dipper I would reach into the well, get a small dipper of water, then reach up and pour that water into the top of my head. It would run down inside me to my feet and begin to fill me.

Slowly I dipped, on and on, filling myself with this water. I sensed the water level rising within me. The task seemed tedious and tiring as it went on for a long, long time.

Then, when the water level inside me reached about two-thirds full, I suddenly found in my hand a much bigger dipper. As I dipped with it I filled up much faster! I could sense the water level coming up higher and higher within my body until I was full.

As I meditate on this vision picture and ask the Lord to give me revelation about it, I see that it has two perspectives. One refers to my own spiritual growth which paralleled the picture. It came slowly over many years, and then the growth increased and speeded up at a particular point in my adult life.

The second perspective on the vision picture pertains to the church in the world. It, too, has followed the pattern of slow tedious growth, but it also will come to a time (and perhaps has already come) of the 'big dipper' when the water of the Spirit fills the church quickly.

Instead of being filled with the salt water of the world, (the ocean in back of the well) we are to be filled with the fresh clear clean water from the well of salvation, Jesus.

**With joy you will draw water from the wells of salvation. (Isaiah 12:3)**

In your future you will be filled more and more with Me, Jesus, the Living Water.

#### DREAM ABOUT REVIVAL FIRE AT MY HOUSE

I dreamed I was in my childhood home. As I looked out the west window of the dining room I saw smoke in the field area behind our property. I went into the back yard to look. From the back yard I looked back at the house and saw my sister in an upper story window. I saw a slender stream of fire coming towards me on the lawn. I tried to stop the fire, maybe with a bucket of water and/or by stamping on it. While in the back yard the slender stream of fire came right up to me where I was standing but I didn't see it go to others.

As I walked away, other people then seemed to be there. I wanted them to help me put out the fire. Somehow we had 2 buckets for water. I tried to tell them about the fire danger, but I saw no one concerned enough or moved to help.

I walked around the house to the sidewalk area on the south side of the house, and sensed I was told to look up at the house. When I did I could see the inside of the house, and saw the main beam of the roof area with a flame on it. The beam and house wasn't seen as burned or charred.

This wasn't a fearful dream, just concern about fire burning my house and thinking I should stop it, but not getting it stopped.

There are two streams going side by side. One is the church where you have been. The other is the stream of revival. You are now to step into the revival stream, and maybe help join the two together. Your future holds the fire of the Holy Spirit. He comes to you and your "house." Your house represents your family, your relations, and your church family.

□□□□□□□□□□

### DREAM ABOUT A FLYING LOG

In this dream I saw a large flying/floating log suspended in air. First I saw it in one part of town. Then I was inside a house and watched it coming nearer to the upper windows of the house. The upper windows were like skylights on the side of the house just beneath the roof.

The log came close, touched the house, then moved back and came forward again. This time it lodged against the house. It just missed the window (which I thought it might break) by about an inch. I wondered how to get it off.

It wasn't fearful; I was just concerned the window not be broken. I was standing on the floor inside the house watching this up above me.

After I woke up this song kept coming:

With healing in His wings  
With healing in His wings  
The Sun of Righteousness shall come  
With healing in His wings.  
(Malachi 4:2)

Your future includes healing. Also the window of your heart, through which you see Me, will not be broken. This large log may represent a leader you know who has been cut down. This leader came near you, near your window for seeing Me, but did not break it.

□□□□□□□□□□

A REVELATION OF HIS CHOICE FOR ME

The Lord gave me a revelation of His choice for me. It is to live the rest of my days in peace, not in spiritual battle and struggle. He says that I should accept that in faith from Him, and be thankful for it. It does not mean I am wasting my time here on earth. He is still using me in the ways He chooses, and I am to be content with that. And that IS what He is saying to me right now. Right now what He wants for me is to develop greater intimacy with Him and that comes through prayer/talking/communing with Him - and that is happening in my life now. This is what I really will want to have developed when I get to heaven.

I say "Yes" to you, Lord! I choose Your revealed choice that I live the rest of my days on this earth in obedience to You - and that means quietly and peacefully. I thank You for this revelation and accept it in Jesus' Name.

Your future includes living the rest of your days in peace and happiness with Me, Jesus, and developing greater intimacy with Me.

DREAM ON NIGHT OF JUNE 19

I was in a house that belonged to me as I had just purchased it or gotten it somehow. The person who had had it before left it with some furniture and things still in it. I was looking over the rooms, and kept finding more and more rooms - with surprise. I didn't realize it had so many rooms and so much furniture. I remember seeing a knick knack corner shelf even which didn't fit into the shape of the corner very well. I remember seeing the backs of bookcases in one room. I remember thinking that I could pick one of those rooms just for me to use for my stuff. I noticed there was a ramp way leading upward and I thought I wanted to go up and explore what might be up there also.

~~~~~

DREAM ON NIGHT OF JUNE 20

Almost the same dream as last night. I again was in my house and looking around at the many, many rooms in it and the furniture in it already. This time I came upon a room with beautiful aqua blue furniture. Then I saw a stairway curving up. From the upper part of that stairway I saw a fan flying down toward

me, and I was hit by it, like in the center of my body. I think I exclaimed, “A flying fan!”

INTERPRETATION: The thoughts which come as possible interpretations of these two dreams:

- The house is me and the rooms are various parts of me I am discovering/viewing.
- The person who had the house previously and left furniture was myself previous to now. My “now” person is looking to see what is already there from before and looking to see how to rearrange it to fit my needs/desires currently.
- The many rooms and much furniture delight me now since I can enjoy them now.
- The ramp up and the stairway up represent wanting to explore the spiritual aspect of my life more now. These scenes were each at the end of a dream series, I think representing toward the end of my life when I am enticed by the Lord to seek Him more and more. And that is exactly what is happening right now in my life - I am spending more and more of my time, energy, and thoughts in communing with the Lord.
- The flying fan: the fan represents wind, air, blowing wind, which makes me think it represents the Holy Spirit...and it is coming to hit me, touch me, in a major way. It also reminds me of the fan vision given me before with my instruction to “follow Me.”
- Seeing the backs of bookcases may mean I am turning away from or not looking at, books as I used to.
- I have a choice of picking what part of me I will “live” in - spend time in.
- John Paul Jackson says blue represents revelation. So that room with aqua furniture may represent revelation which I receive.
- I have the stairway up to spiritual life within me.
- Knick knock not fitting in corner - that means I’m getting past having to “fit in” with what’s around me (or fit in with the other part of me that’s square.) It’s ok.

Your future includes living in a “new house”, which is a new you, and you can look forward to being touched by the Spirit in a major way!

#### SEEING PICTURE OF ANTS ON FLOOR OF KITCHEN

I was standing in the kitchen and may have seen an ant on the floor. God spoke into my mind that Satan was like that ant in size, in comparison to His power over Satan. I could just step on Satan the way I would step on an ant.

You hold the power to win battles over Satan due to the great power of God in you in comparison to Satan's power.

□□□□□□□□□□

### TREASURE GIVEN TO ME

I saw myself along a shore of a lake, and Jesus was standing on the shore. As I came up to Him He gave me a treasure.

You will receive treasure from Me - and I am that treasure! That treasure is kept in your earthen vessel.

□□□□□□□□□□

### VISION THAT CAME DURING REVIVAL MEETING

I was attending a revival meeting at church. While we were singing, praising, and worshiping I was being deeply touched by the Spirit. Then I saw a picture in my spirit of the Pastor standing on the platform in the front. I saw myself kneeling down before him and saw him putting his hands on my head in blessing.

You will be receiving blessings from pastors and you will be a blessing to them. This is a prophetic picture telling of a promise I am giving you: that you will be kept under the blessing of the authority of your pastors. You have surely been under that blessing in the churches you've attended ever since the vision.

□□□□□□□□□□

### VISION OF BEING ON A PATH WITH JESUS

I had the vision picture of my being on a path and Jesus was in front of me walking backwards so we could keep holding hands. He was leading me so I would not get off the path and fall over the edge of it.

I, Jesus, will lead you on the path of your life and keep you from getting off that path.

### DREAM ABOUT A GRAY SQUARE-SHAPED CLOUD

In this dream I looked to my right out a window from inside a room and saw a strange looking dark, dark gray cloud hanging down from the sky. The sky was mostly clear except for this cloud. This cloud hung down almost to the ground, about six feet above the ground. The bottom of the cloud was shaped like small square blocks grouped together. The cloud was hanging in front of a tree. I looked at it awhile because it was so strangely shaped and so dark gray. I don't remember feeling any emotions.

|                                                                            |
|----------------------------------------------------------------------------|
| Cloud--Change, covering, trouble; distress; threatening; confusion; hidden |
| Gray--Not Defined, unclear, vague, not specific, hazy, hidden              |
| Window--Revealed, truth, prophecy; revelation, understanding; exposed      |
| Tree--Person or covering, leader; shelter                                  |
| Square (Shape)--Legalistic, no mercy; hard or harsh, of the world          |
| Right--Natural                                                             |

|                            |
|----------------------------|
| What does this mean, Lord? |
|----------------------------|

There is trouble that has come upon you. It is threatening to you. It troubles your thoughts. It leaves you confused as to what to do. Your direction is hidden, covered, and not clear. Its color indicates it is unclear, vague, not specific, hazy and hidden. The window indicates that I am giving you a glimpse or revelation into that situation you are now in. I am showing you the truth and understanding by this dream. The tree refers to you. The cloud refers to your covering. Your covering seems square, harsh, or hard right now and of the world's ways of thinking. You feel pressure to follow the square way of thinking-of the world. But look at what the next scene shows you. . .

### A YELLOW-GREEN PILLOW SHAPED CLOUD

In this dream I saw another “cloud” sort of thing up in the air outside the window to my left. A person stood outside too, a tall person. I looked up at them both. The pillow-like cloud was maybe 8-10 ft up in the air, and the person was maybe 7-8 ft tall and standing between me and the cloud. This cloud was yellowish green in the center and shaped like a round pillow which has been stitched so the middle is pushed in. The face area of the person looked the same as the cloud - the same color, even a similar shape.

|                                                                                                                                                                                                                         |
|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Man (stranger)--Angel, God’s messenger<br>Green--Life, mortal, flesh, renewal<br>Yellow--A gift with feeling, gift from or of God<br>Round (Shape)--Spiritual, grace; mercy; compassion; forgiveness<br>Left--Spiritual |
|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|

|                            |
|----------------------------|
| What does this mean, Lord? |
|----------------------------|

The tall man is My angel standing near you. You look UP to see him. He is not someone known to you, a stranger. His face area is yellow and green and just like the cloud. This cloud is shaped like a pillow representing rest, comfort, rest for your head (thoughts, mind). The green and yellow represent life and gift of God. These are both gifts from God. The angel is bringing them to you and this will be your new “covering” as the cloud represents. The round shape indicates this is grace, mercy, and compassion from the Lord, via His angel, to you.

### WEARING A YELLOW SHIRT AND BROWN CARDIGAN

In this dream I looked down at my body and saw I had on a yellow shirt and a brown cardigan sweater over it.

Yellow--A gift with feeling; gift from or of God  
Brown--Dead (as dead grass is brown), repented, born again  
Clothing--Covering, righteousness, anointing; authority; protection, covering as pertaining to the heart

What does all this mean, Lord?

This represents your covering as pertaining to your heart. The covering over your heart is God, a gift of Him, His righteousness. This covering shows that you are repented, born again, and not mortal - in that you are dead to self. So your covering, your anointing, your protection, is all Me, all God, righteous, not of self - and this is good.

#### A DREAM ABOUT SEEING THE RIGHT HAND OF GOD

In this dream I saw a yellow hand coming slowly through something (like a veil, paper, or box) and coming toward me as I watched it. It was a right hand.

Yellow--A gift from or of God  
Hands--Works, deeds, labor, service  
Right hand--God's strength, power, might, His righteous right hand  
Veil--Hidden, concealed

This means you had a vision of My righteous right hand of power, strength, and might coming out through the veil of being hidden. It extended toward you with a gift from Me in regard to your deeds, labor or service.

**If the Lord delights in a man's way, he makes his steps firm; though he stumble, he will not fall, for the Lord upholds him with his hand. (Psalm 37:24)**

#### A DREAM ABOUT BEING IN A GLASS ROOM AND A BLUE GEMSTONE NECKLACE

In this dream I seemed to be in my home in the living room. There were windows in front. I looked out the front window and saw a small glass room attached in front of me. I had not yet ever seen that room or entered it, but I desired to do that - to see what it was like to be in it.

I saw two necklace-like items, which were like chains with something hanging on them. I didn't name what was hanging on them in the dream, as it was not clear to me. As I awoke, the word "endive" came into my mind - as if that which was hanging on the chain was endive, a green leafy vegetable.

In the dream, these two necklaces changed to one. This one necklace was also a chain necklace but it had a huge blue gemstone on it. The gemstone was multi-spiked, rather star-like, but three dimensional, not flat. It was about 3 inches in diameter. It reminded me of the beautiful crystal I have hanging on the lamp in my bedroom...only this one was 3-dimensional. I thought it was beautiful.

I could see myself with it hanging around my neck and my looking down at it (as if I were standing in front of myself, seeing me).

I want to interpret this for you. Yes, I gave you this dream. It represents how I am seeing you just now. You are in the living room of your house, your self. That means this is a dream about now and/or what is about to take place soon. The glass room represents a soon-to-be-entered phase of your life. This phase is more open and visible to others, but still enclosed by your self. It is showing your life with Me - enclosed within yourself, but visible to others. It is a small area, but big enough for you to move around in, stand in, sit in, pray in, and talk to Me in. And it is a picture of great revelation all around you.

The two necklaces you previously had represent two parts of your life, in which both belonged to you, but were separate. The vegetable on the chain represents life and growth and health. But in the dream those two necklaces (two separate parts of yourself) changed and became one whole. And that one whole necklace was blue (spiritual) and multi-spiked (many variances in it), large (quite visible to others and you), and round (spiritual, well-rounded). It is a visible picture of how I see you now - absolutely beautiful to behold and look at.

Yes, this is from Me. Yes, this is how I see you. Yes, this is how others will see you now also - a treasure containing Me. I am the beautiful gemstone and you are now like Me. This is something you wear around your neck revealing it to others. It is your gemstone, it is you, but it

represents Me and shows Me to others. Remember that. You are in the changeover now, today, tomorrow, and each day for the rest of your life here on earth.

As I pondered this dream and prayed and declared what it showed me, the Lord showed me that this changeover has been taking place for 7 years (mid-2003 to mid-2010) and I am entering the 8th year, which is the year of new beginnings. This is true for my daughter too. Together we are both now being changed into new beginnings, new things, new vision, new perspective, new lives as new creations. This pleased the Lord to work this in us and we are both grateful to Him for this. With this new beginning comes His Presence in greater measure and a greater filling of His Holy Spirit.

Yes, this is all from Me. I want you to know that. I did it, not you. You were just responsive to My working in you. And I am pleased with both of you.

#### DREAM OF BEING IN A SYMPHONY ORCHESTRA

I was sitting in a single file row of people who were practicing to play the accompaniment to some performance (probably singing). We weren't given time to warm up our instruments but just began rehearsing. I was in front of the row and couldn't see those behind me as in this picture:

me      facing front  
---  
---  
---  
conductor ---  
---

I also couldn't see the conductor except when I turned my head to the left and back for a quick glimpse. I had a French horn but I wasn't playing it...afraid I'd hit wrong notes, didn't remember the fingering, and didn't have music script. What I did have, instead of music, was a paper with nine numbers of the pieces we were to play.

Out in front of me, in a large open space, a singer started singing with us - a female voice. The performance was to happen sometime and I didn't want to sit there not playing.

- *Horn* - prophecy, last trumpet i.e. rapture
- *Performance* - His kingdom coming, His will being done, on earth as it is in heaven. It's the harvest of Jesus' kingdom work in His people
- *The page with numbers* - This is a picture to tell me "what time it is" prophetically (i.e. #'s of events)
- *My sitting position* - I am "out in front" - i.e. living now. Not knowing my role - uncertainty of times
- *Others behind me* - i.e. people who lived previously and are watching from heaven
- *Singer we are to accompany* - is the Holy Spirit and He has begun His song
- *His song* represents the "final days" before the rapture
- *Open field ahead* means I see nothing and know nothing about what's next - only to accompany the singer; the fields are white unto harvest. Pray to the Lord to send workers into those fields.
- *Holy Spirit's song* - He sings; all of us in orchestra go with Him, accompany Him. He leads! He has begun His "final" song for the Church - the last days Church
- *Conductor* - is Jesus who goes through the whole song with orchestra and leads them to the very end. I only get quick glimpses of Jesus, but He is still conducting it all

This is My orchestra, and I am the Conductor. You are one of My many players/members. You are sitting in front because you are living now, in this current age. The rest of the players are seated behind you. They represent many players in My orchestra from ages past. I have conducted them all during all the ages past, and now also. The nine sections refer to the harvest time in which you are to play. The Singer in the open space in front of the orchestra is My Holy Spirit. Your desire is to participate in the music performance.

#### A DREAM OF BEING IN A CAR WITH MEN WHO GIVE ME MONEY FOR FOOD

I was sitting inside a car with three men in it also. We four were sitting around a table facing each other in the back of the limousine car. I didn't recognize anyone. Two of the men (one on left and one on right) seemed like they had money. I thought they might be angels. The man across from me seemed like Jesus. The man on my left took out a big roll of money and looked at the man on my right to see if they agreed on what they were going to do. They each seemed to agree by their looking at each other that they were going to give me a roll of money. As I realized they might give me money, I thought that now I could use it to buy food.

You are right in identifying these three men. I am there across from you, and My angels are with Me to bring you money/provision. The roll of money is what you will use to buy food, and the food you buy will be used to feed others - through your writings. You have now bought that food and given it out to those who need it - through your books.

### A DREAM ABOUT WORDS WRITTEN IN PINK AND BLACK

In this dream I saw words written on paper (which I thought of as reports). There was a boxed section written in pink in the upper left corner of the page. The rest of the page was written in black ink. I didn't read any of the words, just knew they were there. It looked like this:

```
_____ words words words
|       | words words words
|_____| words words words
words words words words words
words words words words words
words words words words words
```

~~~~~

In another dream shortly after the first one I saw reports or pages written in black ink. There was a part written in pink in each report and that was specific to a particular person. The black section seemed to be general directions for everyone. These reports seemed to be directions to be followed by people.

I did not see myself or any specific person in these dreams. However, I was observing these reports.

I didn't realize I had dreamed the same basic dream until after writing out the second dream and noticing how similar it was to the first dream.

<p>Pink—Flesh: moral (as in a heart of flesh) Black—in this case black is the usual color for printing words</p>
--

Repeated activities—God will establish it. It is set.  
Upper left refers to the spiritual part of us

As I meditate on these dreams and ask for revelation from the Holy Spirit, I believe these two dreams show me a picture of THE WORD, the Bible, and the pink sections refer to the Rhema Word brought to specific individuals particular to them. The pink refers to the heart of flesh as opposed to the heart of stone. The heart of flesh receives God's Word and takes it into itself. This dream seems to be a prophetic picture of the Word coming to people now and the Rhema Word coming to individuals. Since this dream came twice it speaks of this prophecy being set/determined.

**I will give them an undivided heart and put a new spirit in them; I will remove from them their heart of stone and give them a heart of flesh. Then they will follow my decrees and be careful to keep my laws. They will be my people, and I will be their God. (Ezekiel 11:19-20)**

**I will give you a new heart and put a new spirit in you; I will remove from you your heart of stone and give you a heart of flesh. And I will put my Spirit in you and move you to follow my decrees and be careful to keep my laws. (Ezekiel 36:26-27)**

This is also a prophetic picture of your books which will be black printing on white paper, but there will be certain places or pages which will touch the heart of flesh in the people who read them, and those sections will minister to specific needs for those people.

This is a prophetic picture of My Word giving directions to people. Within that Word there are specific directions/Rhema words for individuals. This will be true about the books I am having you write—that certain pages or places in those books will touch the heart of flesh of people who read them and meet specific needs and give direction to them.

This dream picture shows the place where healers get instructions about the healing I will be doing in their healing sessions. This is the place where preachers get ideas and revelations for their sermons. This is the place of mystery in Me...the place of revelations...the deeper place. Some call it the Secret Place. It is talked about in Psalm 91:1 where it talks about "He that dwells in the secret place of the Most High shall abide under the shadow of the Almighty."

What does it mean to abide under the shadow of the Almighty? It means coming so close to Me that "Who I am" covers you, and protects you, and overshadows you, and passes on to you My mind, My thoughts, and My revelations. This is a mystery, but it is real and it is true. Coming to

the Secret Place of the Most High is the key to finding the “pink writing” that is made specific for each person who belongs to Me, the Lord. It is the place of silence before Me.

### A PICTURE OF A BLUE BOWL AND BOTTLE OF WATER

In this picture I saw a bottle of water on the right side tipped up like it was pouring water into a deep blue bowl or wide mouthed cup. The blue color was about the same as my daughter's blue dishes.

Bottle--Container for water  
Water--Spirit: Word, Holy Spirit  
Bowl--Vessel, a person  
Blue--Spiritual, spiritual gift, divine revelation, God's Spirit or Word, blessing

If I am the bottle and my daughter is the blue bowl, then this is referring to the Spirit being poured from me to her. Perhaps this refers to the Spirit being poured from me into those who receive and read my books. The blue bowl shows a spiritual container or vessel or person.

This is true. My Spirit (the water) is being poured from you (the bottle that contains Me) into others who are spiritual containers (people who hear you and see you and read your books). This is a revelation of that situation as I see it right now. Possess this. Know this. It is true. It is happening every day as you write and speak for Me.

### DREAM ABOUT SEEING JESUS MARKED WITH A RAINBOW SILVERY X

In this dream I saw a man and knew that this man was chosen for something special. I could see a large shimmery X in front of him. The large X shone with the colors of the rainbow and like it was silvery metallic. The X was so thin I could barely see it. We didn't know what he was chosen for. He and I seemed

to be discussing this together. I saw him almost like a white polystyrene box with rounded corners like carry out/take out food boxes from restaurants.

The song in my mind as I wrote out the dream: “Oh, praise Him, Oh, praise Him, He is holy, He is holy.”

I think this man represents Jesus. Being able to see His X marking seems to be significant. This may refer to recognizing Him for who He is. He has been chosen and marked for something very special. He is the “Chosen One.”

The silvery rainbow colored X reminds me of light shining so the colors are seen. Yet it is so thin it may be missed. Somehow I can “see” it and can communicate with Him. I was so awed by seeing the silvery X and what it might mean.

The white container refers to purity and something to carry food—the Word of God. It is significant that this shows the food is “take out” or “carry out” which means we can take Him and His food with us when we leave the place of being fed—our Secret Place during our Quiet Times.

What I have shown you here is a picture of seeing Me and taking My food. I have come so that they might have life and have it abundantly. This dream shows people having the abundant life...but it starts with “seeing” Me for who I am and “taking” Me as their Lord and Savior.

AN IMPRESSION ABOUT SEEING UP AND DOWN MARKS ON A SCREEN

I saw up and down marks moving across like words on a computer screen. Sometimes they pushed other marks ahead of them. It was like the up and down lines of a heart monitor but closer together. ( i.e. IV[[I]INI[[]]]IIVV[[]] )

This is My writing through you. You don't see what the words are yet, but these marks represent words that will be coming which you don't yet know.

I am teaching you to listen and write more than ever before. I am teaching you to wait in My presence more than ever before. I am taking you to a new level of communing with Me. We will keep going up, learning more and more, doing more and more together in your life, in your days. This is My plan for you.

### REVELATION ABOUT PREVIOUS VISION OF JESUS AND ANGELS

The Holy Spirit was reminding me of this previous vision of Jesus and angels:

The worship leader was leading us in praise and worship songs and we were singing before God. As I shut my eyes while singing one song, suddenly I “saw” this picture. In the picture Jesus was standing before the congregation holding out His hands in blessing over them. They were all bowing their heads like in prayer before Him. It didn’t seem as if anyone was aware of His presence but me.

I was standing in the upper left-hand corner of the back part of the room (where I actually was at the time). The meeting area was shaped with the stage down at the front of the room and the seats sloping upward from there, with the highest seats toward the back. I looked at Jesus and He looked at me.

Then I looked up to my right and saw high up on the right wall of the room three angels holding long trumpets to their mouths. The trumpets were pointed downward toward the people. That was the end of the scene, and I was again aware of the congregation singing the worship song. I was amazed at what had just happened!

Then I opened my eyes and the worship leader lead us in another song. Again, I closed my eyes, and again I suddenly saw the same scene. Jesus was standing in front of the group with His hands out in blessing over them as their heads were bowed. I was standing up in the same spot as before and looking at Jesus. Then I saw the three angels again; but this time they were holding their trumpets in a straight out position. When I opened my eyes again we began singing another song.

This third time I closed my eyes while worshipping and saw the same picture. The only change in the picture was in the position the angels were holding their

trumpets. This third time they held the trumpets in an upward position pointed toward the sky. When this happened for the third time I was just stunned by what had happened. I was touched by the vision and was never the same after that. It kept coming into my memory and I pondered what it meant and whether I was to do something about it.

He reminded me that Jesus was in front looking at me and I at Him, and the angels were on my right. He showed me that I was seeing in the spiritual realm as Jesus and I looked at each other, and that I was a “seer.” I was standing up and so was Jesus, but not other people. This was showing the communication between Jesus and me visually. I was to take what I “saw” into the natural world.

What the Lord has shown me here is that I am a “seer” seeing Jesus in the spiritual realm. I am to take what I “see” from Him in the spiritual realm into the natural realm through writing it in my books.

REVELATION ABOUT A SHAFT OF LIGHT BETWEEN HEAVEN AND ME

The Holy Spirit gave me the revelation of a shaft of light between myself on earth and Jesus in heaven. I was praying up to Jesus in heaven, and He was receiving my prayer and sending down to me through that shaft of light. It was like a portal of light open between the two of us.

+ Me praying

What I have shown you here is this: when you pray there is a shaft of light transporting that to heaven where it is received by Me, and My messages come down to you on it too.

A DREAM ABOUT SEEING SOMEONE IN A MIRROR AS I LAY ON MY SIDE

In this dream I was seeing and talking to some man (a person I didn't identify in the dream) as I lay on my right side propped up on one arm while looking in a mirror to see him. I turned over so I could see him face to face. We were talking about spiritual things. He said the first line of a Scripture verse, and I finished saying the whole verse in KJV. I tried later but didn't remember what Scripture verse it was.

First you saw Me (Holy Spirit) in a mirror and we communicated. Turning over and facing Me indicates your desire to see Me better - to come closer to Me. Then I could start a Scripture and you would remember the whole Scripture and quote it. We'll be doing that more and more.

The dream depicts your desire to actually coming closer to Me...and our communicating easily. It's not remembering the exact Scripture that's important. It's the whole idea of My bringing Scripture to your remembrance and your thinking of the whole thing - a pattern we now do and will do more and more. It depicts our current relationship.

It's like how John Bevere preaches - following My prompting. You won't be preaching, but having conversations, and I will be prompting you as you go/as you do. It's important for our interacting from now on. The whole dream was about having a closer relationship with Me. "Now we see as in a glass (mirror) darkly, but then face to face."

It's all going to be around the Word of God - our new level of relationship. As you draw closer to Me, you draw closer to My Word. I'm going to open up to you now a world of communication you have not experienced before. You are ready for it. Previously I've kept you hidden but now I'm opening up you to the world and the world to you for communicating.

I want you to write out the prayer of Jabez (It's My Word and that's why it's powerful - I've set things up that way) and Paul's prayer in Ephesians 1, and pray both of those. Pray My Word, pray My promises, and pray what I impart to you as a Rhema Word.

**Prayer of Jabez:**

**Oh that You would bless me indeed, and enlarge my territory, that Your hand would be upon me, and that You would keep me from evil, that I may not cause pain. (1 Chronicles 4:9-10 NKJV)**

**Paul's prayer:**

**I keep asking that the God of our Lord Jesus Christ, the glorious Father, may give you the Spirit of wisdom and revelation, so that you may know him better. I pray also that the eyes of your heart may be enlightened in order that you may know the hope to which he has called you, the riches of his glorious inheritance in the saints, and his incomparably great power for us who believe. (Ephesians 1:17-19 NIV)**

REVELATION ABOUT A SHIRT AND BOLTS OF LIGHTNING

I was shown a picture of a shirt on the left side of the scene and bolts of lightning flashing down from above on the right side of the scene.

Shirt--Covering as pertaining to the heart: i.e. righteousness or sin	
Lightning--Power, judgment, destruction, knowledge	
Electricity--Power, Holy Spirit	
This seems to indicate that man's heart (as to whether it's righteous or in sin) is going to be revealed by God's lightning (His power, judgment, and knowledge)	
	

What I have shown you here is that I am bringing My power to bear upon people's hearts to reveal whether they are in righteousness or sin.

A TINY BOX TO CLICK ON TO OPEN REVELATORY THINGS

I had a dream in which I saw a tiny box on a computer monitor screen which I was to click on. The box was about 3/8" square, was very tiny.

Clicking on this tiny box represents opening up revelatory things. This represents only the beginning of the revelatory things to be opened up to you. This beginning includes all the visions and dreams you have had so far. Compare the size of the box to the size of the full monitor screen and see how much is yet to come! And it will include your own healing!

A DREAM OF WATER MULTIPLYING AS IT WAS GIVEN OUT  
(Beth's dream)

There was a storm that destroyed homes, broke palm trees, like a hurricane. For some reason there was a shortage of water. I had a bucket, half-full of water, and a cup. People came walking from all around to find water because their containers were almost empty. As I started to share my water with some children (in rationed portions), I noticed that I, too, was running out of water. I prayed a short prayer asking God to multiply the water so that there would be enough for all. As I shared water with two or three more people, I noticed that the cup that I used to dip water from my bucket stayed full, even after I poured water out of it. So I kept sharing water with people, the same amount for each, until all of them had water.

A VISION OF A CHILD DANCING WITH JESUS

As an adult I have often been guided by the Lord to look back into my past and remember an event which needs to be worked through. Sometimes I need to forgive someone, sometimes I need to ask the Lord to forgive me, sometimes I need to be freed from a wrong attitude, and sometimes I need healing. This story involves both forgiveness and healing for something which happened to me as a young child.....

I do not remember why, but my father was angry with me. In the process of dealing with me in his anger, he sent me outside our home to stand by myself in the dark on our front porch. I was very afraid of the dark, so that was a dreadful

punishment for me. But there was also a feeling of rejection and fear during that event...enough that it continued as a very painful memory for many years, even into my adulthood.

As an adult I brought that memory to the surface under the Lord's guidance one day. I had to forgive my father for treating me that way. It was easy enough to say "I forgive him" to the Lord because I now had children of my own, and I could understand how irritating they can be at times. Perhaps I had been that way.

But somehow the Lord was not finished with that memory. I did not have a sense of peace about it and it kept returning into my mind. So I asked Him how to be free from the pain of that memory. I began to see that the feelings of being unwanted and rejected were still there and needed to be healed. How could I be healed I asked Him. Then He performed one of His marvelous deeds in my life to bring healing to me.

He had me bring back into my mind the picture of myself standing on that porch as a little child. Then He reminded me that He was always with me, and that I could imagine Him there on that porch with me because He really was. So, in my imagination, I pictured Him standing there with me. At this point a vision began, and somehow, it was not dark anymore when He was there, and I was not afraid. He took my hand and we walked together down the steps off the porch and into a grassy area beside the house. His presence blessed me and freed me to be the child I was. We took hands and danced around in circles as children do. Then He stooped down and waited and watched as I danced and ran around in the grass full of joy and delight being with Him.

This was so healing to me that now it is a pleasure to go back to that memory, because when I do, I remember, not pain, but Jesus being with me and accepting me for being a child and acting like a child...and just loving me as a child. My earthly father could not accept me acting like a child, but my heavenly Father loved me that way!

**He said to them, 'Let the little children come to me, and do not hinder them, for the kingdom of God belongs to such as these. I tell you the truth, anyone who will not receive the kingdom of God like a little child will never enter it.' And he took the children in his arms, put his hands on them and blessed them. (Mark 10:14-16)**

A BLUEBIRD CARRYING A SEED

The Lord had me go to the upper room and unplug the phone and shut the door for a "deeper" quiet time this morning. In a vision I saw a bluebird fly over my head from left to right. It was carrying something, I guess a seed, in its mouth. Bird represents the Holy Spirit; blue represents Spiritual: Spiritual gift, divine revelation, heavenly visitation. The seed represents the Word of God.

So the bluebird represents that I am sending My Holy Spirit to fly over your head with a gift, a revelation and/or a visitation that will implant My Word into you better for it to grow. After it is implanted and full grown, I will tell you when to give it out to others.

#### A DESK DRAWER WITH MANY NOTEBOOKS INSIDE

I saw a white desk that I was standing in front of. There were three drawers on the right side. The middle of three drawers was open and showed many spiral notebooks (like my journal notebooks) in it.

Desk-- place to work on writing  
White--pure  
Drawer: place where contents are stored  
Spiral notebooks: may refer to my old journals, or may refer to new books  
Book-- Record: Word of God, heart of man, witness, remembrance, education, knowledge  
Right side--Natural: the power of God revealed through flesh (i.e. Christ or the Church)  
Three--Conform: Obey, copy, imitate, likeness

Perhaps this represents me as the desk. If so, it seems to refer to my being pure and containing books within the center of me that are now open and able to be seen...old books and new books possibly...revealing a record of the Word of God, my heart, my witness and remembrance, education, and knowledge. It is revealed by God through me and is accepted. That's why it is seen in a white (pure) desk or container or storage place. Middle drawer may represent those books come from a middle level of revelation (not lowest and not the highest). In this impression, I am in a position to make use of this desk and drawer of books because they are "in front of" me - perhaps in front of me in time, meaning things to come.

### A PROPHETIC DREAM ABOUT THE END TIMES

In this dream a bull was expected to come soon and people were preparing to get out of its way when it arrived. I was seeking a place to be when it arrived so it couldn't get to me.

**Bull—Persecution: Spiritual warfare, opposition, accusation, slander, threat**

In the dream the setting shows people expecting persecution and spiritual warfare to come. We were seeking protection for ourselves by looking for a place to be so the persecution wouldn't hit us. I was trying to find where it was best to be when that happened.

This talks about the end times and things that can be expected to happen then. There will be difficulties, but also worship and operation of the gifts of the Spirit, all at the same time. This will be generally a melancholy time. It will not be fun. It will be a time to keep strong through it and stand ("having done all, stand"). It will be a time to avoid as much of the persecution as possible. I will help people do that at that time, as they seek Me. This is a prophetic warning dream of things to come. You are sounding the warning in this writing. You are the prophet declaring what I've shown you.

### PICTURE OF WOMAN HOLDING BABY

I saw a woman holding a baby in her right arm and trying to open a door with her left hand. The baby squirmed and twisted awhile, then quieted and quit twisting.

You are the woman, and you have something with you that you are carrying. It is squirming like it wants to get down and walk or move itself. You are holding it until it is quiet and willing to be carried through the door that you are opening. That door is your writing in a book what you are carrying. That door is ready for you to open and go through now.

All up to now has been preparation for now. This is the culmination book of all the writing you have done so far. It will be used to minister to others too, even more than the previous books will be. They will all be important and will all be recorded in heaven in your written account of your life and work for Me. You have given up all to write for Me, so it has eternal value for you and for others too. All to My glory, because My glory is in you and I am leading you and writing through you. Know this each day.

### AN IMPRESSION OF A NOSE AND MOUTH

I saw the impression of a nose first and then a mouth. The mouth seemed to be a man's mouth since it had some beard on the chin area.

Seeing the nose means that you will be smelling wonderful heavenly fragrances, The bearded chin represents Christ, so this means you will be speaking His words and speaking for Him.

### AN IMPRESSION OF A MAN WITH A CELL PHONE WANTING MY TELEPHONE NUMBER

I looked out a window from inside a house and saw a man outside the window. He was holding up a cell phone in one hand and pointing to it with his other hand indicating he wanted me to signal my phone number (by holding up my fingers the right number of times) so he could call me.

This seems to mean the Holy Spirit is trying to get my attention so He and I can get connected and communicate. Is my prayer being hindered, Lord?

Yes, to some extent. It can and will get better, less hindered, as we get closer.

Am I not communicating with You, Lord?

You are, but I want more! And closer! Do you want this too?

Yes. How do I give you my telephone number?

You do it by giving Me what it takes to get connected with you.

What does it take to get connected with me, Lord?

It takes time and focus. This is what I want you to give Me more of now. You have finished the major portion of the books I have led you to write. For the rest of your days I need your time and your focus in order to finish the writing yet to be done. That's what yesterday's dream was about—getting the right mix or ingredients, untangling the right precious things, so you and I can finish the task of writing more of “things the Lord has shown me.” This is what you are now pregnant with—the writing yet to come in your old age, your last days on earth.

#### A REVELATION ABOUT HOW OUR SPIRITUAL LIVES ARE LIKE EATING FOOD

As I got breakfast this morning the Holy Spirit taught me about how our Spiritual lives are similar to the preparation of food and eating it. The idea came to write down the steps it takes to eat a meal. I wrote these steps:

Plan menu/meals  
Make a grocery list with food needed  
Buy the food  
Store the food  
Prepare the food for a specific meal  
Cook the food  
Eat that food  
Then harvest the fruit of that food in the body as the body uses it for its purposes  
Eliminate what is not needed, what is left over

Look at all the preparation and planning and work it takes before you actually eat the meal. Your books are like that—eating a meal.

You are doing lots of planning, making lists, buying food, storing food, preparing food, cooking food, and then giving it to others to eat (reading your books). You can't even make them eat it after you have done all that work ahead.

So I want you to know that I appreciate all that work you are doing so others may "eat" the food you have put in your books for them.

However I must be the One who gets them to eat that food and see that it serves the purpose for which they are to eat it. And I am the one to help others eliminate what they don't need and keep what they do need.

Your part of this endeavor is to do everything ahead of the actual eating, and I must do the rest. Your books will be like eating good food to other people when they read them and are open to My revealing things to them as they do. Pray for that.

What I have shown you is that your part of our endeavor together is to plan, prepare and write the books I want to use to feed others. My part will be to get the books printed, distributed, and read by those whom I want to read them, and to reveal things to them as they read.

#### A REVELATION THROUGH A SONG IN MY MIND - BILLY BOY

After I awoke the song "Billy Boy" kept coming into my mind starting with the last line: "She's a young thing and cannot leave her mother." That seemed like it had some message for me, so I asked Holy Spirit what. He said:

You are a young thing and cannot leave your mother. I am the mother referred to, and you are a young thing, like a baby or child spiritually, and you cannot leave Me. I don't want you to ever leave Me. You are to remain as a young child in relation to Me and your spiritual life/journey. It's a good thing, not a bad thing. I just wanted to remind you of this. You are growing, but you will always be "a young thing that cannot leave her mother." That's your message here.

What I have shown you is you will always be a “young thing” in relationship with Me, and you won’t ever leave Me nor will I leave you.

### A DREAM ABOUT BLOCKING ENEMY ACCESS THROUGH THE BLOOD OF JESUS

In this dream I was with White Dove ministry people. They had a way to block bad things from getting to them and allowing good things to come in. I was trying to learn how, so I could do it too. They used a computer and words in the process. I saw the words “Block Name” come on a computer screen in a box.

Since I was with White Dove ministry people during the evening before this dream, that might be one reason they were in my dream. To me this dream seems to give me a clue about how to keep bad things from getting to me. That clue is like the Block Name box one might find on a computer if you weren’t allowed access to a person’s site. I feel this clue is saying that I can “block my name” and access code so the enemy can’t get through to my site (my soul, spirit, and body).

Lord, I want to follow that clue and block my name and access code from the enemy, from bad things. Tell me how I do that please, Lord?

I have wanted to teach you this for a long time! You can block your name and access to the enemy by placing My blood over you each and every day, first thing each morning. You may also do that for your loved ones you pray for.

Does that include protection from sickness too?

Look at Psalm 91 and list here the protection that is included for those who: “dwell in the shelter of the Most High who will rest in the shadow of the Almighty.”

- God will be our refuge and fortress.
- God will save us from the fowler’s snare and deadly pestilence.
- God will be our shield and rampart.
- We will not fear terror of night nor arrow by day, nor pestilence that stalks in darkness, nor plague that destroys at midday.
- Thousands may fall at our sides, but it will not come near us.
- No harm will befall us; no disaster will come near our tents.

- God will command his angels concerning us to guard us in all our ways.
- We will tread upon the lion and cobra, the great lion and serpent.
- God will protect us.
- God will answer us when we call upon Him.
- God will be with us in trouble and He will deliver us and honor us.
- God will give us long life and show us His salvation.

These kinds of protection are for those who dwell in the shelter of the Most High. Place the blood of Jesus over your loved ones each morning and I will help them “dwell” there.

#### A DREAM OF SPIRITUAL CHILDREN I WANT TO HELP FIND JESUS

I took my brother, a small child, outside the house to run and play while I went inside to get dressed. I showed him a door he could knock on if he wanted to come in before I returned.

This can represent those Spiritual children you want to help find Me. You feel as close to them as you do to your natural brother, however these children are young in the faith or don't even yet belong to Me. These children are “outside the house” or outside the church or dwelling place of My people.

These could be children during the tribulation when there may not be churches allowed to meet as yours does now. They are outside the Church and they “run and play” which represents worshiping Me. This is while you are inside getting dressed which means you are inside heaven getting dressed in your robes of heaven - your covering in heaven.

While you are in heaven and he is on earth worshiping, you have given him instruction about a door (I am the Door) he can knock on (get the attention of someone inside) if he wants to come in with Me. This refers to your writings which will act as a “door” to those who are seeking Me.

A DREAM ABOUT FOLLOWING JESUS' PATHWAY

In this dream there was a pathway being dug, what I am calling the “original” one. Then there was a woman’s pathway being dug right along side it. She was doing this each place he dug—like copying his pathways. Almost all the copying of pathways was finished. They could be seen on maps.

First thought: Jesus is digging the first pathway and I am following Him digging right along side Him, doing what He is doing, going where He is going. This is almost finished. My pathways are visible like on a map for others to see where I’ve been. This is a prophetic dream saying the walk through this earth life is almost finished for me and/or for the “woman” who may represent the Bride of Christ.

When I was done writing, the clock said 1:11 and the Holy Spirit spoke to me:

You are a prophet, you know. (#11 can refer to prophet)

There is a reason I haven’t shown you any plan for the time when you finish this book. You have been wondering since you think you are nearing the end of this current book. You will know the reason in due time. I DO have plans for you but I just haven’t revealed them to you yet. Keep listening; I will tell you soon. These dreams recently (the last couple of weeks) are part of those plans coming up. Keep walking forward doing every day what I show you to do (as in copying My pathway).

A DREAM ABOUT BEING IN A KING’S COURT AND EXPLAINING HIDDEN MEANINGS TO OTHERS

I was in a king's court. There was a message transcribed. I could explain the code or hidden meanings to others.

The King is Jesus and His court is the place where He sits in authority and dispenses judgment and justice. A message is given out and somehow I could explain the meaning of it to others. This fits with the book of Revelation (a message transcribed) I have been studying lately which shows justice being poured out on the wicked during the tribulation.

This dream seems to be confirming to me that I do understand (know the code) and can explain this (hidden meaning) to others.

What I have shown you in this dream is that I have given you the ability to understand the hidden meaning in a message I give, and the ability to tell it to others.

#### A DREAM ABOUT BEING IN A SWIMMING POOL

In this dream I was in a swimming pool and so was a man whom I didn't know. We were both swimming in the deep, deep part of the pool and it was wonderful and pleasant. I was sometimes under the water, and sometimes with my head above water, but it was ok. There was no fear (as I might have in the natural) but just enjoying it.

Swimming--spiritual acts or activity, serving God; worshipping; operating in the gifts of the Spirit; prophesying  
Swimming pool--Spiritual place or condition: Church; home; family; God's blessings  
Water--Spirit: Word, and therefore the Spirit of God  
Unknown man--an angel, God's messenger, or Jesus

What I have shown you in this dream is an encouraging picture of you being with Me in the spiritual realm, doing spiritual activities, serving Me, worshipping, prophesying, and operating in the gifts of the Spirit.

A DREAM ABOUT GIVING JESUS FIRST PLACE IN MY LIFE

In this dream I am in a building and meet with some man to see about a place for him to stay. We look at a first place possibility, and then we look at a second place possibility.

I am the building and I meet with Jesus to see about what place inside me He will get to stay in: first place or second place.

I want You to be first, Jesus, in my life.

You saw a good example of that last night as you watched the DVD on the life of Francis of Assisi. He made Me first in his life and with that came obedience to whatever I told him to do. That is what you are saying, right?

Yes, Lord, that is what I want and that is what I am saying to You today.

□□□□□□□□□□

A DREAM ABOUT BEING CALLED A "PAVER"

In this dream I could see some box or triangular shape that was something compacted or concentrated with different gifts/roles in it. I could click on this box to open up details on it. I was told it was the role/gift of a "paver."

When I asked what that meant, I was told a "paver" was one who "paves" the way for others to follow. The Spirit said I was a "paver" and that I should look up the Scripture about preparing a highway. He said that when He names me "paver" then that is what I am and what I become, what I manifest.

**Isaiah 35:8**

**And a highway will be there; it will be called the Way of Holiness. The unclean will not journey on it; it will be for those who walk in that Way...but only the redeemed will walk there and the ransomed of the Lord will return.**

**Isaiah 40:3**

**A voice of one calling: "In the desert prepare the way for the LORD; make straight in the wilderness a highway for our God.**

**Isaiah 62:10**

**Pass through, pass through the gates! Prepare the way for the people. Build up, build up the highway! Remove the stones. Raise a banner for the nations.**

These are Scriptures which the Lord has given me many times in the past. I felt He applied them to me at those times too...that I am to be one who prepares a highway for people to travel on. Now I had it coming in a dream. What does this mean, Lord? What are You telling me in this dream and through these Scriptures?

I am telling you that you are one who paves the way for others. You go first and make the way straight and removed the stones and build up the roadway, create the roadway, and then others can walk on it also. Your books are paving the way for people to read them and see the way to walk to get close to Me, and then they can do what you did, and come close to Me.

I want them to come close to Me. I want many to come close to Me, and I want to use your books to pave the way for them to come to Me. I will use your books for that in ways you will not know until later - in Heaven. I know how you admire other people's books (like Jim Goll and Randy Alcorn) and others will admire your books too for the help they give them.

A DREAM ABOUT LONG AND SHORT COUCHES INSIDE AN AIRPLANE

At least two other people and I were on an airplane. I saw long and short couches for people to rest in. Some couches were long like 8-9 ft, and some were short like love seat size for two people to sit in. I watched as one man placed his things out on the long couch at the front (left on picture) and prepared to lie down and rest. I looked over all the seats and began to count the long couches and the short ones. Another person was doing this too. I went around the plane and touched the long couches and counted them to see how many there were. I think I counted up to 7 long couches. These seating areas faced different directions so that they all faced a central area like forming a box around that central area. As I picture this it reminds me of the places where people are placed at church at times with the central area being where the speakers stand.

The large passenger plane probably refers to a church. If it is flying that can refer to being moved by the Spirit and ministering in the gifts of the Spirit. If it is on the ground that can refer to the ministry not ready to take off yet or grounded by something. There was nothing in this dream to indicate whether the airplane was on the ground or in the air.

The couches may refer to places to rest. The longer couches can be a place to rest better and longer (like a bed) and the short couches can be a place for shorter rest times, sitting up times, or partially lying down times. The arrangement of the seats is a reminder of the seating at church at times around a central spot where the speaker stands. This dream seems to refer to that church.

Some people come to church and spend a longer time resting and being revived and renewed, and some people spend a shorter time there partially resting and being renewed.

Counting means a need to take stock of something. Counting to 7 may indicate counting to the completion of God's timing or something He wants to complete. It can refer to something being complete, finished, perfected, a time of resting in that--as God rested on the 7th day after creating the world.

The long couches represent those who get clean before Me, and can therefore rest in My presence. The short couches refer to those who cannot fully rest due to not being fully right with Me. Counting to 7 of the long couches refers to being aware of this until all are brought to rest and clean and completed/finished/perfected.

### A DREAM ABOUT PUTTING ON A BLUE SPARKLY COSTUME

In this dream I was in a room where a group of us were getting ready to put on some kind of performance or do something together that was special/unique. I was getting dressed in my costume. I went into the long coat closet to try to dress in private. I tried to turn off the lights so no one would see me dress, but I couldn't get them all turned off. I dressed in a top and pants that were bright medium blue with an over-top that was white underneath and light blue on top

of that. The light blue layer was fringed at the bottom. Then I was going to put on over that some necklace-like article with lots of sparkles. I really thought my outfit was pretty.

Other people were getting dressed too for the performance. I looked at sparkly buttons lying on a table that were going to be glued on somewhere to a surface or costume. The buttons were blues, greens, and clear crystal-like sparkles. I saw one of those I wanted to put on a chain and wear. It was outlined in gold.

My plans were to go out after the performance and eat with the group. I had plans to ride to the eating place with another person, a man, in his car.

Someone came into the dressing room area and asked me lots of questions about whether this or that was ready, and I said I didn't know the answer to those things. They weren't things I took care of.

This dream, I think, deals with what is happening in the church right now. We are preparing, putting on the garments, for revealing the Lord's glory through us. That is the performance that we are preparing for.

My garment indicates it is spiritual and pure and beautiful to look at. I try in the dream to put on my garment in the dark, without light, so others won't see me getting dressed. I think this refers to doing this in private, not in public. It can still be seen since I couldn't get the lights completely off in my dressing area. This means people can still see what is being prepared for to some extent. Being in a closet may also refer to my time in the secret place with the Lord. That is the time my garments are put on. The sparkly buttons and costumes refer to showing the glory of God.

After the performance my plans are to go to a place to eat along with the group. I think this refers to the Christians going to eat at the wedding supper of the Lamb after this "performance" time coming up. I plan to get there with "a man," whom I think is Jesus, in His car, His mode of transportation. I couldn't answer questions about what and how and timing because I didn't know those answers.

In this dream I show you a picture of preparation for the spiritual event coming - with Christians showing My glory in their coverings and mantles, and with them then leaving to go to the wedding supper of the Lamb.

A DREAM ABOUT TEACHING A PIANO STUDENT

In this dream I was the teacher of a girl piano student. She was soon to play a solo at a recital which I think was at a church. I was wearing a beautiful lacy long cream colored dress. She told me she was planning to wear a gown like it.

A teacher is one who has something to teach to others. In this dream I was that teacher and the knowledge which I was imparting was about playing the piano. Playing the piano can refer to worship, prophesying, and/or ministering in the gifts of the Spirit. I was teaching this to a girl. She could represent me, or perhaps someone else who is younger than me (in the natural or spiritual). The beautiful cream colored dress represents my mantle, covering, or anointing. Cream colored could represent gentle joy, an inner peacefulness, and acceptance of life. The person I taught planned to wear this same dress, so she took on the same mantle, covering, or anointing.

You see, I did not make you like Paul Cox, or your pastor, or others who have public visible ministries. I made you to take the Kingdom of Heaven to the place where I have put you on earth, and to the people I have surrounded you with...the people I bring into your sphere of influence.

You get to take to them the mantle, covering, and anointing I have given you...gentle joy, inner peacefulness and acceptance of life. That is good. My plan is always good...good for you and good for Me. Accept that and relax in it. Don't think you are missing My plan for you. This is My plan for you.

#### A DREAM ABOUT A HOUSE WITH SWIMMING POOLS INSIDE

In this dream I was in a house with my brothers and sisters. I walked around and looked at different rooms. The house was huge and the rooms were huge. As I was sweeping a floor which had dirt on it, I realized that water (like a stream) came out from under the floor in one area that seemed raised up. I could sweep the water out onto the kitchen floor. I saw it run down a descending area. I looked down through the opening where that water came out and saw, about 2 stories below, two swimming pools, side by side...one deeper (on the right) and one shallower (on the left). I was amazed that we had swimming pools inside our house. I realized they were beside a gym area. The area was all lighted and I could see the pools clearly.

Then I saw a picture of a place where the floor moved, like a walking escalator, from an upper area on the left gradually down to a place on the right where I couldn't see the end. I didn't know where one would end up if you got on that moving floor. It was gray in color and looked rather like it was composed of square tiles that moved.

A house can refer to your church or your life/heart. This house had my brothers and sister in it, so that could refer to my Christian brothers and sisters who are inside the church and inside my life/heart. John Paul Jackson says 90% of house dreams are about the dreamer, so I will assume this dream was about me. I was going through the process of cleaning an area of my life/heart. Then I discovered a stream of water that I could sweep into the area. The stream may represent the Holy Spirit (a river of living water) or the Word (which cleanses us). This came into the area of the house I was cleaning and I swept it in more.

Then I looked at the place where this water was coming from, the spiritual area. There I saw 2 swimming pools, one shallow and one deep, so this may refer to both options being available in my life/heart. These swimming pools refer to a spiritual place or condition that one can get immersed in. This may refer to the 2 options or possibilities in my life/heart of having a shallow experience or a deep experience in the Spirit. Perhaps it signifies that I am sometimes in one and sometimes in the other - they both are inside me.

I knew that there was a gym beside the two pools. The gym refers to a place of great discipline, doing something over and over, a place of training or exercise. This could refer to the opportunity to be in spiritual discipline and training inside my life/heart. The scene showed these 2 pools, and the gym, as being at least 2 stories down from the room where I was sweeping. This seems to refer to this area being "deep inside" my life/heart. I would need to go deep within to get there. But it was definitely inside of me and was well lighted and easy to see clearly. I was looking down on them from the top, almost like a perspective from heaven's view. This may be a prophetic picture of how God sees inside me.

Regarding the place where the floor was moving: I just stood and observed this place. It moved from the left (spiritual) toward the right (natural). So it could refer to coming from the spiritual and going to the natural. The squares could refer to some traditional churches as rigid boxes, legalism, hard or harsh, or of the world. The gray color of the squares can symbolize (if negative meaning) weakness, not defined, unclear, vague, not specific, hazy, even deceived, hidden, and false doctrine. This could be a picture from heaven's perspective and giving me a glimpse of it. The floor moving could refer to an unstable place, not solid and sure footing.

→ (unable to see the end)

This dream shows a picture from heaven's perspective of your heart being cleansed through the Spirit and the Word and shows the deep places inside you where you are immersed in the Spirit and involved with great discipline. It also gives a picture from heaven's perspective for you to look at showing the unknown end of those on unstable ground following wherever it takes them.

#### A DREAM ABOUT A CHURCH WITH WATERMELON AND LOAVES OF BREAD

In this dream I walked on a sidewalk around a round shaped street area to the opposite side of the circle. I watched carefully so I would recognize where I was going and know my way back to the place where I started.

I entered a building that was a church. In the entranceway I saw many tables there with nothing on them. I walked among the tables to another room and saw a table with huge wedges of watermelon sitting on them. These wedges were about 18" high and 24" wide - huge! I also saw in another place that some melon was being taken out by a spoon and there were some black seeds in the spoon with the melon. In another place there was a table piled high with wrapped loaves of bread. The stack was higher than my head.

This building seems to represent the church - the true church of Jesus Christ. To get there I walked on a spiritual pathway through Christian faith. The walk was on a round-shaped street and this shows it as a spiritual path with grace, mercy, compassion and forgiveness involved.

Inside I saw tables representing communion, agreement, and covenant together. I saw huge wedges of watermelon symbolizing fruit of the Spirit and fruit in ministry. This fruit included water (Spirit), seeds (Word), sweet (strength), green (life) and red (passion). It was accessed with a spoon which was used to scoop out the fruit. That typifies that which one spoons out to others and/or that which one takes in. It included seeds of the Word of God. The many loaves of bread symbolize life, the Word of God, covenant, or provision. Again, as with the watermelon, there was a huge supply available.

Since I was the only participant and only observed things in this church, I believe it is a prophetic picture of what is in my life ahead of me. It assures me that the provision inside

Christ's church is huge in size and amount. It shows that my pathway to this church came by a carefully followed spiritual pathway.

### A DREAM ABOUT BEING IN A HOUSE ON FIRE

I was in a house that was on fire. I saw someone in it and told them to stand still until I could get to them~like I was a fireman.

In an earlier dream, I was at a church. I was to sign the records of attendance that were kept to show who was there. I looked at the attendance sheets and tried to decide where to sign them.

That's the way I see you now - as one on fire for Me. Your house is you, and you are on fire for Me, and watching to see who else is in this "house of fire" with you. The "house of fire" refers to revival and being wholly sold out to My Spirit moving in them. The attendance record shows who is attending this revival at church (the Body of Christ). You verify their participation with your signature, your recognition.

### A DREAM ABOUT ACTIVATING FIELDS OF GRAIN IN THE MORNING

In this dream in the morning we could turn on our fields of grain (inside us) which had stood dormant all night, and they would come to life. Then we could worship the Lord.

This dream gives the message that each day we have the opportunity for a new beginning or fresh start to activate within ourselves what is needed to work in the harvest, in God's work, to bring spiritual nourishment to the world. This is a way we worship God.

A DREAM ABOUT LEARNING TO SLEEP BY WORSHIPING

In this dream I was trying to help some girls to learn to go to sleep using music. I showed them records Beth used to use. One girl was going to try to buy a record player and I said she probably couldn't buy one anymore and that she should get CD's and a small CD player.

This dream seems to be a message about me working with others to help them learn to rest. I taught them to rest by listening to music like my daughter did as a child. That's where the rest would come from. I'd seen rest coming from the worship of God proceeding from one's heart.

That is the truth, and that is the message you are and will be giving to others...that rest comes from worshipping Me with all your heart. As you worship Me, I give you rest and sleep. You want to know how to sleep better? Worship Me from your heart. That is the song that will enable you to sleep because it involves focusing on Me, talking to Me, praising Me, and eventually trusting in Me. It brings forth My favor to the one praising. And My favor can be sleep when that is what's needed. That is the message of this dream...to you, and for you to share with others.

A DREAM ABOUT A BEECH TREE WITH TWO PINE TREES  
GROWING FROM ITS ROOTS

In this dream I saw a beech tree growing in the garden at my childhood home. It was a large tree and had roots. On the roots grew two smaller pine trees. It seemed we were discussing cutting one of the three trees down to use for a Christmas tree. We were trying to speculate which tree would fit the size needed in the living room. Although I discussed this with someone else I don't remember any specific person in the dream. It was mostly just what I saw, without actions.

Beech tree: smooth silvery gray bark, golden fall foliage, beechnuts, large branches, much shade from leaves, roots near top or on top of ground, need to be planted in a large space due to size, slow growing but can live hundreds of years, edible food for animals and people, the word Beech can refer to a book or a tree as the ancient writings were on Beechen boards

-----

From Beech Tree search at Google:

The name Beech is in early English *boc, bece, or beoce*; in German *Buche*, and in Swedish *bok*, and signifies either a book or the tree, the two senses being supposed to be connected by the fact that the ancient Runic writings were engraved upon beechen boards. "The origin of the word," says Dr. Prior in his "*Popular Names of British Plants*," "is identical with that of the Sanskrit *boko*, letter, *bokos*, writings;

The Beech requires a thoroughly drained soil, and accordingly flourishes on high ground, whether calcareous or sandy. Its gray stems may thus be seen--often of great girth--throwing out their spreading roots.

Its roots spread far and close together to gain a firm footing that the gale can seldom overcome.

...the glossy surfaces of the leaves, reflecting every glint of sunshine,

Hollies and other evergreens, bracken and brambles will grow beneath its shade, and it must not be forgotten that it is a tree which, for the development of its highest beauty, should occupy an isolated position.

"The autumnal splendor of every other tree fades before that of the Beech, which continues the longest of all, and under particular circumstances is of the most brilliant description. This arises from its lucid leaves, which vary in hue from auburn to gold color and umber, reflecting back the level rays of the descending sun, and thus burning with pre-eminent luster, like a sudden illumination.

Does this beech tree refer to me, Lord?
---

Yes. It can refer to your books and to you. You flourish on high ground. You throw out spreading roots that gain a firm footing that the gale can seldom overcome. You reflect the Son's shine. You occupy an isolated position. Hollies and other evergreens can grow beneath you. You give off fruit that is edible. You have been slow growing but can live a long time. Your books have been slow growing but will live a long time and give off a reflection of My shine/glory. Now, what grew from the roots of the beech tree in your dream? Evergreen trees represent eternal life/immortal. From you, especially through your books, will come words that bring eternal life to others. In this case two represents multiplication (of eternal life coming from the beech tree). This is a prophetic picture of you and your writing ministry for Me. The Christmas tree part of the dream refers to the giving of gifts to others through the beech tree - you.

### A VISION OF SEEING LINES OF WORDS SCROLL UP ON A MESSAGE

I saw in front of my eyes a picture of lines of words scrolling up which is the way it looks as I scroll down lines of words in an Elijah List prophetic reading. There were bars of information on each side of the lines of words that were scrolling up. This was seen with light and color, not against a black area as impressions sometimes come when my eyes are shut. Therefore I believe it was an awake vision. I sat and enjoyed watching these lines of words scroll up. It seemed so real. It was almost a surprise when I opened my eyes and realized the picture wasn't still there.

### A VISION OF WHITE HORSES COMING TOWARD ME ON A HIGHWAY

During my quiet time I saw an impression of myself driving a car on the right side of a 2-way highway. In front of me I saw a group of white horses running toward me on the same side of the highway I was driving on. I thought they might pass on either side of my car if I drove slowly through them.

<p>The white horses may indicate a movement of God along the way of life of Christ and His Bride. This movement of God is coming toward me and my personal ministry in such a way it will impact me head on. I am thinking of what preparation I must take to deal with it.</p>

### A DREAM ABOUT TURNING ON LIGHTS ON DIFFERENT PLUGS

In this dream I was in a large double room area like a large living room or reception area. This double room area was huge. I was going around the room

pushing on the sections of plugs that seemed to have a button part. When I did, it would light up something - a picture, a sparkly greeting card with a picture of a lovely landscape covered with glitter, a light fixture somewhere, etc.

I didn't know what was going to light up when I pushed the plug-like button, so it was a surprise each time to see what would light up. These plugs-like buttons were positioned on the walls at about the height of my head. I thought someone was really smart to position them there rather than down near the floor so it was easy to find them and push them without leaning down to do it.

As I was doing this, people started arriving. I seemed to know they were supposed to come, so I wasn't surprised. They came in and met in small groups around the sides of this large room area. I thought I might go and get some drinks for them and put them on a card table or something so they could help themselves as they wanted.

I gave this to you. It is a God dream. It pictures something I want you to meditate on. Turning on lights in places is what I have you doing right now. Lights represent Me shining My light on a person (picture) or place (landscape sparkly) or thing (light fixture). I make the switches at eye level so you can look for them with your eyes - your spiritual eyes as well as your physical eyes. You have to hunt for the switches along the wall of the house.

The house refers to you and the wall is in the living room. This refers to a place of revealing things in a place of fellowship - a place like of a church or family or friends. This can refer to your church, conferences, small group gatherings, or one-on-one meetings. The people coming there are the people who attend these places where you are.

It could even refer to the people who come to your fellowship place on the web and read your books. You not only give them a place of fellowship, which you are preparing, but you make plans to offer drinks to them. These refer to things that are refreshing - like My words, My thoughts, encouragement from Me.

It is what you did with Jean yesterday and today as you shared how I provided for you and guided you through selling your home and moving. She now has some idea how I might work in her since she heard how I worked in you. This is what you did for the woman named Jo who came up to you and your daughter this morning spontaneously and talked to you. She didn't seem to know why she chose you to talk to, and you didn't really know her, but I brought her to you both so she could find some "light" in her own spiritual journey through the two of you.

A DREAM ABOUT PEOPLE ARRIVING FOR CHURCH  
BEFORE THE FIRST SERVICE WAS FINISHED

I was among a large group of people who were at a church service. We may have been taking communion. I was trying to find and fit lids back on to small buckets that may have held communion stuff. I saw many people standing in the doorway of the sanctuary who were there waiting for the next service to start. It seems we prayed for an increase while touching two marked places on some page. There was an increase and it was immense to our surprise.

After I wrote out this dream sequence the title of the song that came into my head was the German word au-vie-der-sein (farewell, goodbye).

The people in the church sanctuary represent Christians who have the common covenant with Jesus represented by the communion. So many people were coming into this covenant that they were waiting in the doorway before the first service was even finished. This indicates an increase or acceleration of people coming into covenant with Jesus and His believers. This increase came as a result of, or in conjunction with, prayer.

The number two represents a dividing or separation taking place. It shows many people being separated out unto Jesus. The song that came into my mind may refer to the leaving of the Christians after the great increase happens.

A DREAM ABOUT PREPARING BOOKS OF CHRISTMAS CAROLS

In this dream I was preparing pages printed with Christmas carols and sorting them into books which I then fastened together. The pages were large, about 18" high by about 14" wide and they were different colors. A few might have had pictures on them also besides the words to the carols. I was working to try to finish them quickly because a group of us were going to sing carols at a display area out in the hallway at the entrance to an auditorium. Various people came into the room where I was working and I talked to them while I worked.

I was putting together large books with songs of rejoicing about the birth of Jesus. These were on pages of various colors. The colors represent the many aspects of what Jesus (Light) is like and who He is. Therefore, these songs were about the many aspects of what Jesus is like and about His birth into the world.

I was assembling them to give to other people to use when we sing together at some display. I talk to various people as I assemble these books. These are people who might be singing with the group at the display. This seems to symbolize my putting together books that express joy in Jesus and His birth into our lives...and planning to give these books to people who will come together to praise and worship Him and be a "display" for others to see, so others may come to hear of Jesus also and what He is like.

This may refer to the books I have already written or something yet to come in the future. As I assembled these books I also talked to others about their participation in the singing time later. So what does this dream mean, Lord?

It means you are coming soon to a great time of rejoicing along with many other Christians, a time of singing and praise and worship for Me and My birth into each of your lives, and all the aspects of who I am. This is a prophetic dream to give you hope and a picture of what is soon coming. It is to encourage you and give you joy in Me.

### A DREAM ABOUT IT RAINING CROSSES

The setting was a family gathering. We were outside a house in the yard. My sister seemed to be looking for some pink tennis shoes she thought her daughter left before, and they were the same kind that my daughter had - only my daughter's were white, not pink. I sat a book on a brown table and my niece came over and indicated the paint might not be dry on that table yet.

Just then it started to "rain" shiny little white +'s about an inch high. I looked and saw many of them, almost suspended in the air, and we began to exclaim about this phenomenon. I said it was like it was sleet, but this was different than any sleet I had ever seen and this was warm weather when it didn't sleet.

The setting is outside a house in the yard. The family could refer to me, my church, my heart/life, or my actual family.

The table represents a place of communion/agreement. The repainting of the table refers to this place being regenerated or a place of love. The color of the table shows compassion, humility, repented, born again.

One person had lost her tennis shoes representing being alert or prepared to share the gospel of peace. She couldn't run the race or stay fit without them.

We saw rain coming down looking like white shiny +'s. This represents an outpouring of God's blessings through the cross of Christ...pure, grace, through the Word, refreshing, with good or favor coming, covered with forgiveness and the purity of the Word.

I will assume this was a front yard and this shows a picture of something yet to come upon my family members. What does it mean, Lord?

It means there is great favor coming upon your biological family and those close to you in that family. You will "see" this phenomenon in your lives. This is something outside your own personal heart (house). It will be seen as regenerated and born again communion together. There will be giving up of the "old shoes" for the new that is to come.

The feature of this time will come from the sky, from above, be totally unexpected, and a surprise seeming out of season. It will be pure and shining and dazzling to see. It will be of Me and of My doing alone - nothing to do with what you will do - a shower of blessing.

#### A DREAM ABOUT PEOPLE CHANGING AND A DREAM ABOUT PEOPLE READY TO GRADUATE

In the first dream I saw myself at a place where I could see other people. As I spoke about them they seemed to change...some to military, especially to sailors.

In the second dream I saw many graduates lined up getting ready to go into the graduation ceremony. I helped the rows of people line up and we waited in line to graduate.

The first dream is a prophetic picture showing that the words I speak bring about change in other people's lives and prepare them for the battles in their lives. Sailors are those trained to function militarily on the sea and the sea symbolizes humanity, people, and

nations. So the words I speak in this dream change people so they are able to function in the world of humanity. This dream is primarily about the power of words to help others.

The second dream is also a prophetic picture that shows me that we Christians are about to graduate from this earth into heaven (at the Rapture).. We are getting "lined up" and are waiting.

You can take hope in these two dreams: that your words to others are significant, and that your time left on earth is short. I know you want to make the most of both.

#### A DREAM ABOUT A GROUP OF MUSICIANS WALKING DOWN A HALLWAY

In this dream a group (of us musicians) was walking in a hallway. We would meet others as we walked and discuss where we all were from. One guy looked familiar and I mentioned it saying we had probably been to many band/musical events at the same time over the years. After awhile we expected it to be our time to play our instruments. We recognized a familiar pattern of time slots from previous experiences and anticipated it would be our turn to play any minute. One particular time slot (or passageway) was pale blue-looking.

The group of musicians represents worshipers of the Lord. There were many of us, and many in different groups. We were all going through a transition and going in the same direction. We each seemed to be looking and waiting for the special time we were to prophesy or minister in the gifts of the Spirit. This particular time was colored blue referring to its being a spiritual time. We came from many different places, but we had camaraderie with each other.

#### A DREAM ABOUT VISITING A CHURCH WITH ACTIVITIES IN VARIOUS ROOMS FOR DIFFERENT AGES

In the first part of this dream I drove to a church in a town I wasn't familiar with. Later I wasn't sure I could find my way back from it to familiar territory. I seemed to be the guest speaker at a meeting and was taken to a room with lots

of adult people sitting there waiting for the meeting to begin. They were sitting just as close together as they could possibly get on the pew seats. I exclaimed over and over how many people were there and how close together they were sitting. There was not one single seat available. I was up front looking over the group while we were waiting for something to start that was to begin the meeting. They all seemed to be smiling and happy. Eventually two people stood up and started talking to each other like they were acting out something planned. This seemed to be the beginning of the program.

Next, I watched young/little children who were stepping carefully on small circle-like decals that were stuck on the floor. A man (the pastor?) and I watched them and he mentioned they had bought those decals, that the decals probably wouldn't last more than 3 times being used, and perhaps that wasn't such a good idea to have to keep buying them again.

I walked around the church hallway and came to another room where slightly older children were using some type of gym equipment and exercising/playing in that room. The round-looking equipment looked like jumper/walker things used by children to help them stand and walk. It was colorful and fun looking. I thought that was such a good idea to have this available for them to use.

In another room there seemed to be posters/pictures there. I saw some on the floor and proceeded to tack one up on a bulletin board.

I kept wondering how I was going to find my way back home from this place, especially since it was nighttime and dark outside. I wondered where I could get directions.

The setting for the dream was inside a church building which probably refers to the Church universal at large. In this church the adults were assembled into a room where they were sitting tightly fit together with no seat available for any more people. I exclaimed over and over, as I looked at them, that there were so many people and so tightly fitting into those pews. Pews may symbolize a place where worship is held, or a place where many sit and listen to some concept. These were all adults which could symbolize these being mature in their faith. Their smiling faces indicated friendliness, kindness, benevolence, and good will. It could also represent the joy of the Lord in them. The fact that their seating was packed full may represent all of the Bride of Christ is now, or soon will be, brought out of the world and is ready for what's next to happen.

The next scene shows very young children stepping on circle decals on the floor. These may symbolize those young/new Christians who are beginning their steps in their Christian journey. These steps on circles represent immortality, perfection, never ending, favor with God, and love and mercy. It could also refer to following the Spirit. The Pastor said the decals could be used three times, so the three symbolizes the Trinity, the

Godhead, conforming, obeying, imitating and copying it...to be conformed into the likeness of God.

The next group of children was just a little older in the Faith journey. They were in a gymnasium-like area which refers to doing something over and over, a place of training/exercise, a place of great discipline. They were doing this training with children's walkers - equipment that helped them stand up and walk in their Christian journey. It was colorful and fun and they enjoyed this process. They were playing, so this could symbolize worshiping and/or spiritual warfare.

Then there was a room with posters on the floor and I put one on the bulletin board. The posters or large pictures could symbolize memories, conscience, past experiences, circumstances, imagination or a message within itself (as a picture is worth a thousand words). They could refer to bringing something to mind, a former time of undergoing something in particular, a significant occurrence, or something hidden brought to light. This was put on a bulletin board to draw people's attention to it, so it would be noticed/seen. It seems like this room was the place where people looked at themselves and their past experiences/memories to draw attention to that which needed to be noticed and perhaps dealt with. This might refer to generational issues and issues of one's past.

The last scene showed me wondering how I could find my way "home" from this place, especially since it was dark outside. This is a good descriptive picture of our living right now in a time of "darkness" on the earth and wondering how we are going to get home to heaven during the darkness...an ongoing thought of mine showing up often in my dreams.

Lord, am I supposed to learn something from this dream?

You're supposed to learn to see what's happening in the Church all over the world and that there are many and various rooms of learning people are going through. All the various rooms are important and are going on at the same time. You are the observer in this dream, seeing as a prophet sees, a wide scope of activities in the Kingdom living of My people.

You wonder at the end of the dream how you are going to find your way home. I want you to know that I will take care of that and you do not have to "find" it. I will take all of you home to be with Me. And you are right to notice that all the seats were packed full in the first scene - and that means all My people are now chosen and waiting for something to begin - the Rapture to take them out of earth to heaven. And notice they are smiling and happy and packed into the room. The time is near for the Rapture. All different stages of Christians are represented and will all come to Me at the same time - and it is certainly dark outside.

This is a prophetic picture dream to encourage you to keep on working in the Kingdom for Me and with Me to help people along in whatever stage of their faith journey they are in. Some are still in the pre-Christian stage, but they are already chosen by My Father just the same. They will yet come to believing faith in Me - and soon.

This is to encourage you,. The Rapture is soon, the choosing is complete, and soon the last pre-Christians will give themselves to Me. It is happening fast now. Know that it won't be long, and then the Rapture will take out My Bride, and the tribulation will begin. You will not be here much longer. Use your time to draw closer to Me every day, and I will show you how to walk during these days.

#### A DREAM ABOUT ENLARGING A REARVIEW MIRROR

I was in the driver's seat of a car. I could put my right hand up to the rearview mirror and pull it in various directions to enlarge it, and it would stay enlarged for awhile. It was yellow in color like see-through yellow glass, and it had pictures of things on it like letters or flowers. When I enlarged it then I turned the car to the right and drove down a street to find a place to turn around and go back the other direction. I didn't use the enlarged mirror to see behind me, but it seemed like it was to act as a magnifying glass to enable me to see things larger than before. I don't remember actually seeing things larger through the mirror, but I just knew that is what it did. I enlarged it several times in the dream. I liked how pretty it was and enjoyed seeing it larger.

This rear-view mirror which acted as a magnifying glass may symbolize my seeing things becoming better and larger than I have been able to without it. Through its help I make a right turn (natural turn) and a turn-around (go the other way). This tells me this mirror showed me what to do in the natural. The mirror was yellow which represents its being a gift from God, and had pretty pictures on it - which represents things pleasant for me being seen on it. I could somehow enlarge that mirror. When it got smaller, I could then make it larger again. I think this represents how God will keep enlarging my ability to know what is coming ahead of me so I can understand and see where to go according to His guidance. But I must use that mirror, and keep making it larger, and not go by my natural understanding. The car represents my own life and ministry. I was the driver, but the Lord helped me by having me look through the gift He put in the car for me to use for better vision. God's Word in my heart is that mirror.

A DREAM ABOUT A RAMP IN A ROOM WITH AN OPEN DOOR

I have a piece of a dream from one of the last few nights that has stayed in my remembrance. In it I am in my daughter's room and see a long ramp-like area which reaches clear to the ground. About half-way down the ramp there is a wall with a small opening in it which has been left open. I am concerned that someone could come into the house through that opening and that it needs to be closed for safety reasons.

What does it mean, Lord?

The house you are in refers to you. Your daughter also refers to you. Through her room you see a large opening that looks like a ramp with a door in it. This can be used as an easy and fast way to enter and/or leave. There is a door in the ramp area and I am that door.

You don't need to be afraid of that door (as the world might think) but welcome it as a symbol that shows you I am opening a quick, swift way for you to "go out" to others through Me, and then return into your own house.

It is a wonderful picture, one to be rejoiced in. This is a prophetic picture of what we (you and I co-laboring together) will be doing - ministering one-on-one to people as I have told you. Remember this picture and know it is from Me...a promise picture...a Rhema word.

A DREAM ABOUT LIVING IN AN APARTMENT  
WHEN THE CLOCK STOPPED WORKING

The setting at the beginning of the dream was in my apartment within an apartment building. I was in the last apartment at the end of a row of them. I

could look up through a window and see people walking outside so it was like my apartment was partially underground. I saw a couple of girls out the window and waved to them.

The owner of the apartment building came to my apartment and brought a whole bunch of students with him. They set up chairs in my apartment and started to have a meeting. It was around 4:00-4:30 a.m., so I told him I wanted to go back to sleep and get some more sleep, so his group left. I wanted to know what time it was and found that the clock in the room had stopped and that my watch hands had come loose, so I didn't know what time it was.

He took the students across a hallway to a library and had them fill out their new schedules for studies there. While they were moving, someone came into my apartment, someone I knew, and was curious as to what was happening.

Then I was trying to get some juice to drink. I realized that I also needed to read about the new class schedule possibility and fill out my own class schedule. I was then trying to get juice to drink while trying to do my own class schedule, but I don't think I even had a list of the class possibilities to start with. I just knew it was time to start the first class and I wasn't ready or didn't know where to go.

The apartment within an apartment building sounds like senior apartments which I have been looking at recently and thinking about. Being able to look up through a window and see people could refer to having revelation about people and seeing them spiritually - then relating to them (by waving at them).

The "owner" of the building could refer to God who will own wherever I will be living since He will provide it for me. He was the person in charge of this situation. His "students" likely represent Christians who are learning from Him and planning their schedules around what He offers in courses to teach them. It shows He wants to educate others within my home/apartment. The library can also refer to a place of learning.

This took place early in the morning in my apartment at first. I wanted more time to sleep since it was very early in the morning, so I told him that. He took his group and found another place to meet. Perhaps this symbolizes my desire to go back to sleep and not be aware of what is going on in the world. This could symbolize my not wanting to deal/cope with what is happening in my life right now. Or it could also symbolize my wanting rest and peace and quiet.

My clock hands not working and my watch hands falling off symbolize time. A clock could refer to time to make a change, time running out, not on time for something, an obstacle that causes one to not be on time. It could refer to the last days, the coming of the Lord, the day of salvation, being late, early, or delayed. A watch could symbolize being vigilant, a Prophet, being alert, or on guard. Therefore, since both the clock and watch

were broken/stopped this shows a double measure of this. Happening twice could mean this event/circumstance is set and will happen. It draws my attention to this more than if it only happened in one place.

4:00 symbolizes reigning, ruling (over the world), kingdom, creation, or world. This may symbolize my wanting to "sleep" during this specific time of ruling/reigning in the world, instead of being awake and alert to it. The four could also refer to the world, the earth, creation, creative work, the four winds, the four seasons, the four corners of the earth, ruling and reigning over the earth, or global implications such as east, west, north, south. Perhaps these broken time pieces symbolize that time has run out for the event coming and it is already here. This may refer to these last days where evil and good are both harvesting their crop. It could be warning me to wake up and be alert to what time it is.

The last part of the dream shows me not ready for the learning situations soon coming. Wanting fruit juice represents wanting fruit of the Spirit for myself and for the students. Also I was trying to figure out which class I was to go to, but didn't have a class schedule. This could represent that I knew I was to learn something, but I didn't know what or where that learning was to take place. This could symbolize how much this timed event is hazy, unknown, and difficult to see where to go and what to do.

The most significant part of the dream seems to be the double reference to time being stopped.

So I take this dream to refer to a warning that:

- The time is here for global events
- It is not a time to sleep
- It is a time to cultivate the fruit of the Spirit
- It is a time learn under the Lord's instructions
- I will be relating to others during this time
- The time is set and will happen

Now, Lord, do You have anything to tell me about this dream?

Yes, My child, I want to talk to you about this dream. You are right to recognize that it is an important dream and that you should pay attention to the details in it. The time is here. The time is at hand for global events to happen and for you to be awake, alert, and listening to instructions and learning from Me...every day, every hour.

You will be in your own place of living, wherever that is, and you will be relating to and getting spiritual revelation about those people near you. You will see many global events happening and will need the fruit of the Spirit to fill you and help you during this time.

What I REALLY want you to know is that I am with you and with My people (in the same building) during this time and will help you learn/know what to do, where to go, what to say even while you drink and give out the fruit of My Spirit: love, joy, peace, patience, kindness, goodness, faithfulness, gentleness, and self-control. It is very important to have those fruit during this "time."

This is a warning dream and an alerting dream to what time it is now. Trust Me. Trust Me to take care of your housing needs and your financial needs and your medical needs. I am the "landlord" - the person in charge of it all. I have it all under My control and I know exactly what is happening and when. I am taking My students to the library to keep them educated and learning from Me.

You are one of My students, too, along with many others. I will never leave you or forsake you - no matter how bad the world around you looks and what time it is for the world.

Keep praying, keep seeking Me, keep trusting that I can handle whatever comes into your life. I am here for you, My child, and I will always help you cope.

#### A DREAM ABOUT PICKING THE LAST STRAWBERRIES IN A GARDEN, AND THEN THE GARDEN BEING PLOWED UP

My Mom, my sister, and I were in the garden at our childhood home. We were picking the last of the strawberries in the garden. I saw the strawberry leaves and recognized them. As I pulled up the plant I saw many little green berries and only 1-2 or so red ones. My sister called these last berries "freeze dried" and indicated these were really good, maybe even the best. The next morning I looked out the window from the upstairs part of the house and saw that the whole garden had been plowed under by my father. Just before I awoke I saw the words printed: "One woman's calling them."

It's just about time to plow this world under and start over. The last of the fruit is being picked now. This is the fruit that has been "freeze dried" or preserved for the very last days (end)

before I return to set up My new Kingdom on earth. The plowing will be done while you are asleep (unaware) safely home with Me. By revelation you will see the new earth ready to be newly planted. Your revelation will come while you are "upstairs" in heaven (in the only true home you remember as that).

"One woman's calling them" refers to the Holy Spirit calling them for Me. The last of the fruit of the harvest are being called out now. This "now" will last several years, but not many more.

You are one I've chosen to help with the final harvest. That's why I've had you write for them. I will send your words out into all the world to help harvest the last of My fruit. I chose to picture them as strawberries as that is one of your favorite fruits. You saw many green ones on the vines, but only a few were ripe. That shows there are many people in the world, but only a few more who are ripe and ready to harvest. The leaves refer to words or life, and that is what you take to others to share from Me. The leaves identify the type of fruit.

You are "one woman" aligned with My "Holy Spirit one woman." Together you will call them - My final harvest. You will do the tiny part I have for you. Your writing that you and your daughter spent years on will go forth into all the world to call many. She is "one woman" also. Without her this (writing) wouldn't go forth.

I gave you the picture of the harvest as the "ball of fire" vision so you would see everything after that as part of the final harvest. It's been 33 years - a very short time in the whole time of the world.

#### A DREAM TELLING PEOPLE TO READ ABOUT THE QUALITY OF CLOTHING THEY CHOOSE TO WEAR

In this dream I was encouraging people to read about the possibilities of the quality of clothing (type of cloth it was made of) they could choose to wear while they were young adults because it would make such a difference in their whole adult lives.

I am the only person doing something in this dream. I seemed to be talking to people about the clothing they wore. Clothing refers to your covering, anointing, mantle, what you are going to be doing, righteousness, or spirit (attitude). So I am talking to people about carefully choosing what anointing/covering they want to wear because it would make a difference in the rest of their lives. Perhaps this dream is to alert myself to that admonition. Clothing/covering can be righteous or unrighteous, clean or dirty. Our choices determine what our lives are like.

Lord, I choose to live under the covering of Your righteousness, Your anointing, Your mantle. Please cover me each moment of each day with Your clean and precious mantle. I plead Your blood over me, Jesus, as my covering. I am the righteousness of God in Christ Jesus. Thank You for reminding me in this dream how important this is. I think I am to go forth and share that message with others as I seemed to be doing in this dream.

#### A DREAM ABOUT GETTING READY TO PLAY IN AN ORCHESTRA WITH MUSIC IN TWO PARTS (LARGE AND SMALL)

The dream starts with my sitting in a bleacher area watching a performance at church of the children doing some kind of a progressive dance/gymnastics across the stage area down below. There seemed to be a children's orchestra behind the scene. After the performance some of us from the audience, who could play instruments, went back stage and saw that we were needed in the orchestra, but we had to find and bring our own chairs. I went back to where the audience sat and got my stuff, including my French horn, and came back stage to join with the orchestra. Several others did that also. We found chairs and added our own to the small children's orchestra area.

The music seemed to be in two different sections...a larger beginning section, and a smaller section after that. I looked to see what note I was to start with since that is very difficult to find correctly on the French Horn. It was a D below the treble clef. I realized the conductor was ready for it but I didn't play the note because I hadn't even warmed up my horn or played any notes yet. Then I looked over and saw him along with others standing in the corner of the room in back of me where I hadn't seen them before. He hadn't intended for me to play the note yet but was just practicing conducting. No one else was yet playing either - just standing along with him.

Just before I awoke someone referred to the second part of the orchestra music, the smaller part, as "secola and following." (see-co'-lah)

These children (doing dancing and a performance at church while I watched) may represent my seeing church people being affected by the Spirit in various ways while I watch. I could tell there was an orchestra playing somewhere behind the performance area. This playing of instruments (orchestra) represents worship, prophesying, ministering in the gifts of the Spirit. Several of us went backstage to see the orchestra. This represents some who came and watched who were needed in this ministering group. We could join it but we needed to find our own chair and bring it. That refers to our being at rest or quiet and having authority. We had to find for ourselves that place of rest/quiet and our place of authority in order to worship and minister with this orchestra.

The two different sections of the music represent:

1. A larger section, which comes first, represents the larger group at church doing the music and
2. A smaller section, which comes second, represents my smaller individual ministry

I prepared for my smaller section by getting my chair (rest or position), getting my things and moving them to the place where the orchestra would play, getting my horn (learning my authority and power), getting ready to play, and watching the conductor (Jesus) who was behind me along with others (perhaps the cloud of witnesses or others who were also going to play their instruments). Since they were out of my visual range and in back of me, this may mean I will see them later or this will take place later.

I wasn't warmed up yet and hadn't found my first note so I would know how to start correctly. This could refer to not quite being ready to begin ministry, but in the process of getting ready. It might refer to a new ministry which I am being prepared to do soon. It wasn't yet time to play together in the orchestra, but we were all getting ready. Jesus was showing how He would conduct the music. There were people getting ready to minister and Jesus was the conductor of the timing and music we would do.

The smaller (individual) ministry part had the name "secola" which is an alien word which I do not know. This may refer to that ministry part being unknown by me yet. But it is not foreign or alien to Jesus; it has a name.

You're right in what you discerned about this dream. It is a picture to encourage you about watching the current ministry in your church and the world, and preparation to join that ministry along with Me conducting. Conducting means timing, but more than that. It also refers to orchestrating all the parts of the music and all the members of the orchestra so it all comes together in something beautiful and great-sounding. It also refers to starting and ending it at the same time.

The start of this "smaller" individual ministry section/time is to begin soon. You are taking up your horn (authority) and will soon be ready to play along with Me and all the others in My orchestra. You don't know what the name of that section means (it is foreign to you) but you are getting ready to do it. It will be soon...and you WILL be ready in time. D stands for discover. You will discover what you are to do...one person at a time.

### A DREAM ABOUT PEOPLE SPEAKING GOD'S WORD THAT WAS FORMING INTO BALLOONS AND EXPLODING

People were making small round things which were held close to their bodies. These would explode/blow up. They were round like small balloons, only flatter, rather oval shaped. These seemed to be made with words they spoke - maybe even Scripture they spoke. The people weren't in control of which words blew up. It was like it was an unknown - a surprise.

Perhaps this symbolizes people speaking the Word and this Word having power to explode and produce this powerful effect - but they didn't control the effect their words (the Word) produced. They just saw/felt the power/explosion, like small balloons exploding. This took place in front of their bodies as the Word balloons dropped from their mouths in front of them to near the abdominal area. This only happened with some people, not all = those anointed for this, chosen for this ability.

And you are one chosen for this Word power. When I show you which Scriptures to speak (out loud) for which situation, do this for Me, as a service for Me, in My name, and I will explode those words and give them power for My purpose. This is your spiritual worship.

Keep using My Word to pray the prayers I lead you to pray and I will make them powerful (alive and active) to execute My purposes, My Kingdom purposes, "on earth as it is in heaven."

**For the word of God is living and active. Sharper than any double-edged sword, it penetrates even to dividing soul and spirit, joints and marrow. It judges the thoughts and attitudes of the heart. (Hebrews 4:12)**

### A DREAM ABOUT TIME

I was lying in a bed at my home. I checked the time on my watch and realized I'd missed the time to get up, and I was too late to teach my morning class.

Next I was at school sitting at a table at lunch and talking. I looked at the 3 large school clocks in the room and saw that all 3 had a little different time, but two of them showed it was close to 1:00 which was time to begin my afternoon class. I tried to find the time on my wrist watch but it was missing. My wrist had a deep indentation where it had been.

The main theme that seems to come through this whole dream is time.

- First I was late for teaching because I wasn't awakened soon enough. I had realized that when looking at my watch.
- Then I saw 3 clocks, large ones like on walls at schools. Each clock had a slightly different time, but two of them were close to 1:00.
- The next reference to time involved my wrist watch which was missing from my arm, but a very deep indentation of the watch was there.

This dream is all about time - time to be alert, time to teach others, time to be somewhere, time to get up, time to start teaching a group, time to meet with someone, and time making a deep impression on you visibly. This is what it means. Time is short. Time is precious. Use your time wisely. Wake up and get ready to teach others. The time is focused around God (1:00) and the Godhead (3:00). Even without a watch to know what time it is, time is deeply impressed into you and is visible on you. You were not alerted to the importance of time by your parents or your sisters in Christ, or your church, but now you are very aware of it.

### A DREAM ABOUT A GAUZE-WRAPPED HAND LIKE A BOXING GLOVE

In this dream I had a picture before my eyes of a white-haired woman wearing a blue dress and holding a long strip of white gauze wrapped around her right

hand. This hand then looked like a boxing glove with this big ball of gauze on it. She held her arm and hand in front of her as if in a boxing stance.

In a dream scene just before this, I felt a surge of power like I had just won something. I saw an old fashioned train on tracks.

This woman represents you. Her white hair means she is older, she has wisdom, and she is pure. Her right hand is her hand of strength - that which she uses to fight with. You will be "fighting the good fight". Your hand of strength will be protected by My healing gauze, pure and clean and never ending. Your hand is raised and ready to begin My work with your words and deeds and work. Her blue dress shows she is spiritual. This is a picture of you as spiritual and ready to fight the fight I give you. Go in My Name, My child, and I will be with you wherever you go, anytime, any day, anywhere. You are ready.

You are the train, an older train, doing a large work among the older people. Older people refers to the mature ones. It will be continuous and unceasing and a move of God - work done by Me through you. The tracks shows there is a pre-planned, set path you are to follow. It is already set. Just listen to Me and be obedient to Me, and we will go together.

#### A DREAM ABOUT SWIMMING AND BEING TOLD TO WRITE

In my dream I was in a swimming pool where I swam laps back and forth across from one side to the other. As I swam I could turn my head and breathe ok. This seemed to be happening during the winter time. It seemed to be a great luxury and cost lots of money to be in this place where I could swim at that time.

Then I was inside a building and saw a man who looked vaguely familiar and I said hello to him. He wanted to know if I ever typed things, and he suggested it would be good if I typed what was happening inside me.

When I woke up I thought this was a message telling me to write about the swimming - as it had some significance.

What does the dream mean? Swimming refers to being "in the Spirit." I felt the man who looked vaguely familiar represented the Holy Spirit who was telling me to write the dream. Since the swimming took place in the winter, that may represent a time of great coldness in the earth, not warmth. And it was a great luxury (and cost a lot) to be living/walking in the Spirit during that time.

### A DREAM ABOUT SHEETS OF STICKERS OVER MY SHOES

In my dream I had sheets of stickers which I had over my pairs of shoes...a sheet for each pair. These sheets were about 8 1/2 x 11 or about 6 x 11. The sheets were each different bright metallic colors. I would grasp each sheet with tongs when I picked them up. I was in the process of picking up each sheet and putting them in a file folder to keep them protected and in good shape.

Shoes can mean words, Gospel, covenant, preparation, path traveled, and/or peace. This dream indicates I had many pairs of shoes, so that could mean I have traveled in many different ways in my lifetime. The sheets of stickers covering my shoes/words/path traveled may indicate there has been a covering over me during all that time, even though it varied in color and size. Metallic stickers mean something pretty and eye catching to me.

The dream shows me picking all these up very carefully and storing them in a file folder for protection and preservation. Perhaps that could refer to my writings (words) which I am carefully storing for others to use after I'm not here.

### A DREAM ABOUT STORMS UP AHEAD IN THE ROAD

In this dream I was riding in the front passenger seat of a car going down a road. Up ahead we could see clouds and places where the rain was coming down from the clouds to the road. It looked like dark funnels stretching down with spaces in between the funnels. The rain funnels were dark gray and looked almost like tornadoes except the rain was coming straight down and not turning. There were maybe 4-5 such funnels. We looked for a place to pull off the road to the right side and wait for the rain funnels to pass. Then they seemed to dissipate somewhat and get lighter in color.

Riding in a car represents my ministry. The Lord was driving the car. I was just "along for the ride" and watching where we were going. I saw us pull off to the side of the road to wait until the rain funnels passed. This indicates the Lord is guiding me in the ministry He has me doing and He will show me when to step away and let a storm pass or dissipate as needed.

### A DREAM ABOUT GETTING AN \$83,000 SALARY

(5:05 a.m.) \$83,000 - that was the yearly salary offered to me to work for this (unknown) person who handed me a slip of paper with that written on it. I didn't know yet what I was to do for that salary and was waiting to find out what I was to do.

The unknown person may represent the Holy Spirit. The work He has for me to do is yet to be revealed. The \$83,000 represents more money than I have ever made before - adequate, enough to meet all my needs. The time I awoke (5:05) represents double grace.

This is a promise dream to help sustain me as I wait for the place God provides for me - His best for me. It may even refer to the promise of heaven, which will come for me soon, where I will be completely provided for and have wonderful work to do - along with my best Friend, Jesus/Father/Holy Spirit.

### A DREAM ABOUT PEOPLE SELLING THINGS ON DISPLAY IN THE LOWER LEVEL OF A CHURCH

In this dream I was sitting in the sanctuary of a church. Not many people seemed to be there and it seems like I fell asleep. Then I got up prepared to leave by the exit I usually took, but somehow took a different exit, perhaps a back exit and followed it downstairs.

I found a huge network of rooms where there were many people. There were lots of display windows for beautiful products they were selling. Some of these products were fresh foods like just came from their gardens or farms (vegetables

and meats), and some were creations (like flower arrangements, umbrellas, dolls, etc). I looked around with the idea of buying Christmas gifts for my family members there.

I came to a room that was rather dark which had a few shelves of items, but was mostly empty. It seemed like some men were working there.

I wandered around into room after room. I met some women who seemed to know me from some previous church and they told me they were sad because a mutual friend "got married".

I also met 3 women who were there for the first time and I tried to befriend them to help them feel welcome.

Is this dream from You, Lord?

Yes, it is from Me.

The dream you had was a picture (in the form of one church) of the whole church as it is now. It is so busy doing things that it enjoys doing (buying and selling and talking and browsing around) that it doesn't spend time in the sanctuary with Me worshipping, and praying, and singing to Me, and learning from My Word. In fact, the sanctuary was where you fell asleep. Why? Because it didn't give you anything to keep you awake.

And when you found a different exit than you had ever taken before, you discovered what most of the church was doing - buying and selling and looking around and talking. And remember that some people were grieved because their friend "got married." Actually that refers to their friend "finding Jesus and marrying Him."

That is what your dream showed you. That is the condition of My church in most of the world today. Not all, but most. That's why it needs to be cleansed and shaken. And it will be!

A DREAM OF A CANOE IN A BLUE HOLDER

CONVERSATIONS WITH GOD THROUGH DREAMS AND VISIONS

In this dream I saw a series of 3 pictures. These came as a dream within a dream. In the dream I know I've seen the 3 pictures before and ponder them and wonder what they mean. One picture is a canoe sitting in a blue holder. I don't remember the other 2 pictures but they all 3 had blue in them, so I thought that was significant.

A canoe can symbolize a tranquil method of traveling. I see it as something able to drift with a stream of water, like a leaf. The holder represents being held spiritually by God.

In this dream I am like a canoe being held in the hands of the Lord. He will take me where He wants me to go. I allow Him to guide me on the spiritual pathway - down the stream of the water of life.

Since I saw it in three pictures, that means it is set. Since it was blue, that means coming from communion or revelation from God. It is a message to me, a vision from God for me.

John Paul Jackson says: You dream that you dream - very important, double dream, usually destiny, life call, things God doesn't want you to miss.

DREAM OF WATCHING A PLAY REHEARSAL

I was dreaming of watching a play rehearsal and waiting for my cue to go onstage.

These words came from the Holy Spirit in regard to the dream:

You have to dream it through. You have to imagine it through - just like a director of a play imagines through and tries out and practices the various scenes of a play on stage.

Is that a clue, Lord, of how to pray for something? To imagine it through until I can "see" it spiritually (like "seeing" a healing finished or "seeing" a person as a Christian)?

The answer is YES.

Is that the way You want me to pray?

Sometimes - when I remind you of this idea. Ask Me to help you envision what I want to happen - then pray for it and picture it in your mind as you pray. That's what I want you to do.

### A DREAM ABOUT A STAIRWAY BETWEEN THE UPPER AND LOWER PARTS OF CAMPUS

In this dream I found the stairway that led between two parts of the college campus. I walked up the stairway and saw the various campus buildings and knew I had been there before but hadn't known how to get around on that level of the campus and didn't know how to get back to the lower familiar part of it.

In this dream I actually took the stairway up, saw the buildings and landscape of the upper campus, then turned around and went back down the same stairs, knowing they led me to the lower, more familiar part of campus.

I was excited and leaping down the stairs, but not tripping or falling, sure of my feet and not fearing tripping.

The two parts of the campus were from many previous dreams when I was on the upper part of the campus (the unfamiliar part) but didn't know and couldn't find how to get back to the familiar part, the lower campus.

I don't remember these parts of the campus being designated by me as lower and upper in previous dreams, but at least familiar and unfamiliar, known and unknown. I noted the look and shape of the building where the stairs existed to go from one part to the other part. I saw that the stairs was built on the exterior of the building, but was covered. I was thinking about calling my Mom and telling her where and when to come and pick me up.

- Stairway: steps as in a process-sometimes including the concept of time, promotion, ambition, procedure, transition, higher levels/lower levels, ability to move to different spiritual levels, possibly a portal
- College campus: place of learning and testing and advancing in knowledge
- Lower level: possibly learning here on earth
- Upper level: possibly learning in spiritual/heavenly realm
- Mom: source, church, spiritual or natural mother

This dream was so exciting to review because it showed I had finally found the way to transition from one level (the earthly, familiar, lower level) to the other level (higher, spiritual, heavenly, not very familiar). I had been learning in previous dreams on the upper level of campus, but then couldn't find the way back to the lower, more familiar level of campus. This dream can refer to a portal for transition back and forth.

The part about calling Mom and having her come and pick me up may refer to having my Source, God, come and get me to bring me to heaven at some point in time and place.

### A DREAM ABOUT CONTINUING TO GO FORWARD

I had a dream in which I was to keep going only forward. I was not to go to either side or change what was before me, but just keep going forward. God would change what was in front of me if He chose to. It seems like He did change some things, but only just as I came to them, then He would change them as He wanted.

Is that dream a new revelation of You, Lord?

Yes. It is to encourage you to keep going forward and not try to change anything that you are going toward, but only trust Me to change what needs changing...because only I know what is right and best. You are not to make change decisions by yourself.

### A DREAM ABOUT BALLS OF FIRE OR LIGHT RAINING DOWN (Received by Beth)

In this dream it was evening and I was at the home of some friends for some type of college Sunday School gathering. Most of the kids were in the living room watching a ball game on TV. I was looking out the front door and thought I saw small hail coming down from the sky. The hail was marble-sized balls of fire or light. I stepped outside to make sure and looked up into the black sky and again saw small balls of light raining down, so I ran inside to tell

the others. They were still in the living room watching TV as if nothing unusual was happening.

I walked around the house, looking through all the windows to see if the hail was damaging the house. I looked into the study and noticed that the hail was raining in through the windows that were slightly open, so I ran to tell the homeowner. He and a couple of others went into the study and worked at shutting the windows. I went into the kitchen and saw the hail coming through the slanted ceiling that followed the roof down to the wall tops (a cathedral ceiling). It was like the ceiling was soaked with hail and it was dripping and raining into the room.

I went back to the living room, which was down a level, and saw the hail soaking through the ceiling there, too. By now the others knew something unusual was happening, so they all waited in line to use the phone, to call home, I guess. After I had waited in line awhile, I finally got to call home to my Mom. As we talked I discovered that Mom knew it was raining, but she didn't act as if it was unusual in any way. I remember saying these words, "Don't you know what is happening?"

At this point in the dream, I woke up, but my emotions remained vivid in my mind. I prayed that God would help me remember the details of the dream until I wrote it down, and He did. It has been over a week, now, and since then I realized that my Mom knew what was happening, but she didn't find it unusual.

### MISTY GLEN DREAM

*If you want to build yourself up, praise God.*

These are the words that came to me in a dream during the night. In this dream I was being driven in a car into this lovely woodland glen area. As soon as I entered it, I felt the wonderful presence of God. There were rays of mystical, almost foggy, light coming down from above, almost like fingers of cloudy shapes. I kept saying "Oh God, Oh, God!" I moved around in that area in the Presence until I heard these words ("If you want to build yourself up, praise God.") and knew they were a very important message for me.

After that I kept trying to find a piece of paper to write them on to put in my Bible so I could continually remind myself of it. Other things kept happening to

keep me from writing it down, but I kept saying it to myself over and over so I wouldn't forget. The idea was to turn my palms up toward God and praise Him. This was to be the antidote to my discouragement. This was the revelation from God I must remember.

You really are with me, aren't You, God? That You would give me this wonderful encouraging dream when I was so stressed and discouraged yesterday. That You would really be with me and know what I needed, and visit me in a dream like this. Thank You, God!

Interpretation:

The car represents my life. Since I wasn't driving, I think the Holy Spirit was taking me there. The beautiful woodland glen was a place of God, refreshing, rest, renewal in the midst of the woods, the unknown, the fearful, the dark place.. The white clouds with rays of light represent good change, glory, renewal, revival. It was the Presence of God for me to enter. In that lovely place He gave me a message - that if I want to build myself up, I need to praise God. That is what I should have been doing yesterday. He told me on Monday to do that each day. Praising Him in the midst of trouble makes me an overcomer. The Scripture on the calendar today is: "Him who overcomes I will make a pillar in the temple of my God." (Revelation 3:12)

### IS THERE A WAY TO BE SAVED?

Perhaps one of the most commonly referenced verses in the Bible is John 3:16, in which Jesus says, **"For God so love the world, that he gave his only Son, that whoever believes in him should not perish but have eternal life" (John 3:16).**

John's gospel is crucial to learning more about Jesus and discovering what it means to become a Christian. His purpose in writing this book of the Bible is to evidence that Jesus is the Son of God and our Savior. By believing in Jesus and trusting in the salvation from our sin that he offers, people can gain eternal life.

### WHY DO WE NEED TO BE SAVED?

Jesus said, **"Everyone who practices sin is a slave to sin" (John 8:34).** If we are honest with ourselves, we cannot deny that from the moment of our birth we have done wrong things - things that make us guilty before God and deserving of his judgment. The Bible calls these wrong things sin, and sin separates us from God. And because we are separated from God, we face the awful

prospect of his eternal wrath (John 3:36). **"Whoever believes in the Son has eternal life, but whoever rejects the Son will not see life, for God's wrath remains on him"** (John 3:36).

#### JESUS IS THE ONLY WAY

Can anyone save us from God's wrath and assure us of heaven? Some people believe that they can get into heaven by doing good works, or by following the teachings of a religion, or even by giving money to churches or charities. But Jesus clearly said that none of these things would save us: **"I am the way, and the truth, and the life. No one comes to the Father except through me"** (John 14:6). No human effort can give us eternal life.

In fact, the only "work" that can save us is the "work" of believing in what Jesus has done to accomplish our salvation: **"This is the work of God, that you believe in him whom he has sent"** (John 6:29). And to those who so believe, the promise of God stands firm: **"To all who did receive him, who believed in his name, he gave the right to become children of God"** (John 1:12).

#### HOW DOES JESUS SAVE US?

John the Baptist, a biblical prophet, calls Jesus the **"Lamb of God, who takes away the sin of the world"** (John 1:29). Jesus explains that our salvation comes through his death on the cross as the perfect and sufficient sacrifice for our sin. **"Just as Moses lifted up the snake in the desert, so the Son of Man must be lifted up, that everyone who believes in him, may have eternal life."** (John 3:14-15).

When reading the Gospel of John, for example, you'll notice that chapters 18-19 describe Jesus' death and then chapter 20 tells of his glorious triumph over death as he rose from the dead. Jesus' resurrection means that he can give eternal life to all who believe in him: **"I am the resurrection and the life. Whoever believes in me, though he die, yet shall he live, and everyone who lives and believes in me shall never die"** (John 11:25-26).

#### DO YOU BELIEVE?

John 11:26 ends with Jesus asking, **"Do you believe this?"** It is a question that every person must answer: Do you believe that Jesus Christ is the Son of God? Do you believe that he died on the cross to free you from guilt and judgment of sin? Do you believe that he rose from the grave, breaking the power of death and making a way for you to have eternal life in heaven?

If you believe that these things are true, then you may want to express your faith in him by praying the prayer:

*Heavenly Father, I believe that Jesus Christ is your Son, and that he died on the cross to save me from my sin. I believe that he rose again to life, and that he invites me to live forever with him in*

*heaven as part of your family. Because of what Jesus has done, I ask you to forgive me of my sin and give me eternal life. Help me to live in a way that pleases and honors you. Amen.*

### GROWING IN CHRIST

Once you have received the gift of eternal life, you will want to grow in your knowledge of Christ and your obedience to him. Jesus' teaching about how to live for God can be summed up in three simple instructions:

**Read the Bible.** Jesus said, "**Whoever has my commandments and keeps them, he it is who loves me**" (John 14:21). One way to show our love for God is to read and live out the commands set forth in the Bible, God's holy Word. Read the Bible daily to learn how to live a life that honors God and gives testimony to others that Jesus has made a difference in your life.

**Pray.** Communication with God through prayer keeps your focus on eternal things. If you are truly following Jesus, your desires will be for God's glory and for his kingdom, the church. Jesus promised, "**If you abide in me, and my words abide in you, ask whatever you wish, and it will be done for you**" (John 15:7).

**Seek Christian fellowship.** Meeting regularly with Christian brothers and sisters allows you to follow Jesus' example of love and to fulfill his command to "**Love one another...just as I have love you**" (John 13:34). Just as Jesus surrounded himself daily with his disciples and followers, find a Bible believing church where you can meet with other Christians. There you will find joy and encouragement in the fellowship of God's people.
