

JOURNAL OF A LISTENER TO GOD

Part 4

**He wakens me morning by morning, wakens my ear to listen like one being taught.
(Isaiah 50:4)**

INTRODUCTION

Let Your praises pour forth in this book, Lord, as you and I write it together. Let it be Your love letter to those who read the book. And let them encounter You as a Person as they read this book...a Person who loves them and wants to meet with *them* also, as You do with me. Let this book give them a spiritual pathway to follow on their own personal journey to know You, Jesus, to hear from You, and to encounter You in a close, living, and loving relationship.

I offer this book in humility, knowing that our relationship with God is a deeply personal thing. Each one of us is unique and special, and so is our relationship with God. I offer only what I have experienced or heard, praying it will be a blessing and encouragement to each person who reads this book. (*Words in italics are words spoken to me by the Holy Spirit as I listened to Him.*)

1. A DREAM ABOUT HEARING 100 MUSICAL SOUNDS TO COUNT

I had a dream in which it seemed there were 100 musical sounds being made and counted. I heard several of them by various instruments. Then I saw a circle of about 6-8 people who were stepping to the sounds and counting along with them. I heard them say 40 and count up from there. They weren't stepping to the beats in the way that I felt were correct with musical rhythm, but they just stepped and counted without being rhythmically accurate. I thought I would have trouble being part of that group because I didn't count

rhythm the way they were stepping and counting. They stepped in and sideways from where they stood in the circle, but still kept the circle shape.

This was a dream that I saw but didn't participate in myself. I heard the musical sounds and wondered what the count was, but only saw and watched the people stepping and counting. Therefore I think this is a prophetic picture being shown me in this dream. It is a picture indicating the counting toward full measure (100) of the worship and prophesy (music) going on now in God's covenant (circle) people. It seemed I could watch this process and become aware of how far along the count was toward completion (100). To me this means I see God's timetable quickly coming to a close for His covenant people.

I see a group of people that I have difficulty "counting along with" because they don't move to music and rhythm the way I have been taught in my life. Perhaps that is one way I "see" people in the church who have had a different past experience than I have had in relating to the rhythm of the Holy Spirit. I can watch them, but I might have difficulty responding the same way they do.

What the Lord has shown me here is a prophetic picture showing his people listening to His music and counting along to the full measure of His prophetic plan for His covenant people. I can "see" this happening even though I don't necessarily respond to His prophetic music in the same way they do.

2. In a second dream I was seeing "things." There were no people in the dream - therefore I think it is a prophetic dream for me. I could see a gray shape (like a ruler shape) in a white area. I could use that gray stick somehow. It was like it represented the Holy Spirit and I could reach out and engage it. I would see it and somehow use it or incorporate it in what I did.

Gray can mean maturity and honor. It can also mean not defined, vague, not specific, or hazy. A ruler is used to measure with. With the ruler of the Holy Spirit, the old has gone, the new has come. With the Holy Spirit you see yourself, others, and life differently. It's like "engaging the Spirit" and His wisdom, understanding and perspective on all you do and think. He's the great Counselor, Guide, Teacher, and Comforter throughout life.

Take hold of My ruler, My measuring stick, and I will enable you to measure all that comes your way. You may look weak in your body, but you are strong in your spirit - in My Spirit. I have been growing your spirit with Mine so you could write. Rest in Me.

3. As I looked outside I noticed how lush and green and long the grass is now that we have had many days of rain. The Holy Spirit reminded me that it was the rain that made the difference between this and the dried, parched grass we had a couple of weeks ago. He reminded me also that His rain coming down on people will make the same thing happen - people will become fresh-looking and green and renewed. Send Your Holy Spirit rain, Lord!

4. A DREAM ABOUT SEEING A GARDEN WITH VEGETABLES AND WEEDS TOGETHER

I was at Dad and Mom's house looking at their garden with rows of vegetables starting to come up, but with lots of weeds too. I saw their German shepherd dog that they kept in their basement and I petted its head. Their garden had a sidewalk across the end and across the middle parallel to the end sidewalk. They were planning to build a shed area in the garden area to keep a wheelchair for someone coming to visit or stay.

The person who plants selfishness, ignoring the needs of others--ignoring God!--harvests a crop of weeds. All he'll have to show for his life is weeds! But the one who plants in response to God, letting God's Spirit do the growth work in him, harvests a crop of real life, eternal life. (Galatians 6:8 TMB)

I was the sole human participant seeing and being in this scene. It may be a prophetic picture that I am seeing. I looked at the field of labor, the church, and at the vegetables (fruit of the labor of the church). I saw weeds there (works of the flesh) along with the good fruit. Is this me, Lord?

This is you and all My people in the world. There are still weeds to pull and get rid of. I am still working on making My people spotless and without wrinkle. I have My watchdog around keeping watch over what is Mine. You are friendly toward Him. He is hidden, unseen, but still there. He is the Holy Spirit. There are sidewalks or special walkways in My garden area. I am building a place in the field (the church) for those who have difficulty walking, are facing trials and opposition. This will be a place of shelter from the storm for them. I want all My people to be able to "walk in the Spirit."

5. A DREAM ABOUT PACKING CLOTHES TO FLY SOMEWHERE

In this dream I was preparing clothes to pack for flying somewhere. I gathered all articles (blouse, skirt, slacks, undergarments, etc) for a whole outfit in pink for dress-up occasions, and articles for another whole outfit in aqua for dress-up occasions. I thought I should also choose some casual items for regular wear.

I was the only participant, so this dream is about me. I was preparing my clothes (my covering, attitude, anointing, what I was going to be doing) and packing them for flying somewhere. This refers to operating in a prophetic or revelatory realm, a spiritual activity God's taking me to. The colors refer to my being passionate (pink) and in communion with Him, having divine revelation from Him (blue). This is preparation for very special occasions coming. This sure seems to refer to the new book He is leading me to write now showing His special time and what He is doing in this special time. What the Lord has shown me here is my preparing for flying with Him into revelatory realms for very special occasions.

6. This morning I have been watching the TV news regarding the aftermath of Hurricane Katrina, watching the thousands left homeless, some sleeping out on a highway overpass to get above the flood waters, some in the Superdome where the conditions are horrendous, some being evacuated from hospitals which are closing down due to the floods, some being rescued from rooftops by helicopter, etc. One woman was due to deliver a baby anytime and she didn't have a home, food, or water for much longer, and didn't know how her baby would be delivered or where.

Many times people have been saying to the TV news reporters to pray for them. God uses these disaster times to show Himself and show people their need for Him in their lives - perhaps to people who didn't consider Him very seriously before the disaster.

This is what it's going to be like from now on out - from now on until the renewal of the earth and heavens for My 1000-year reign. Disasters will change and devastate different parts of the world - as they have done in the tsunami in SE Asia, and as the winds and waters have done in Louisiana, Mississippi and Alabama this week.

There will be more, and people will be caught in desperate situations that will try them and test them to see who they really are down deep inside, and to bring many into a saving relationship with Me as they look death in the face.

You are praying for people to come to Me during this tragedy, and that is right. Pray for My Kingdom to come and My will to be done in the midst of the troubles.

There are many places in the world where devastation is rampant (like in Africa) and disease is rampant too. These ARE the end times, and you are living in the midst of them. It won't be long until My Bride will be raptured out and things will get MUCH worse almost instantly. But these current events are forerunners leading up to the Rapture and the time it gets MUCH worse. Keep praying for many, thousands, to come to Me for salvation during these trying times.

No, New Orleans will never be rebuilt like it was. There will not be enough time and interest and money to do that. Lots of people will never want to live in that sinkhole again,

below sea level and dependent on pumping the water out daily. Many will relocate elsewhere and start new lives elsewhere.

And, like in Iraq, there will be many homeless refugees from these disasters. There will be quarrels over the resources still available in other areas. There will be limits on the ability of helping organizations that try to meet all the needs. There will be a pulling back into using your country's resources for your own people and therefore less sent to other areas of the World where there are needs too. It will get worse.

Pray for thousands and millions to come to Me during the times of distress like now.

7. AN IMPRESSION OF SEEING AN EYE

I saw an eye, the left eye, looking forward at me. Then it turned to the left and then turned back again and was covered up so I couldn't see it anymore.

It means I am seeing you and I am seeing what you are doing. You are a Seer and see into My world. Turning to the left refers to turning toward the spiritual. The eye is covered when it is My time to do that. It is all up to Me and what I choose to do with you and in you and through you.

8. A SUCCESSFUL CHRISTIAN LIFE

Who then is the faithful and wise servant, whom the master has put in charge of the servants in his household to give them their food at the proper time? It will be good for that servant whose master finds him doing so when he returns. (Matthew 24:45-46)

Rick Joyner says in his book *The Torch and The Sword*: "A successful Christian life will not be based so much on how much work we have done, but rather on how close to the Lord we have become, and how obedient we have been. It is not possible to walk as we are called without a personal encounter with the Lord every day." (p. 19-20)

The part that is difficult to sustain is keeping yourself held apart from all that looks good to man and setting yourself apart for precisely, exactly what I have for you to do and at the time I want you to do it. You can get distracted and lose time by that. That is one very important reason you must set yourself apart to "encounter" Me and connect with Me each morning and be willing to follow whatever it is I call you and show you to do for that day. For you right now that is writing. You are not one to whom I've given a lot of power (like

for healing and miracles and preaching and evangelism) but you ARE one I have called to "see" and "hear" and report it in writing.

9. A DREAM ABOUT A BLACK GRAPE TIGER IN THE HOUSE

In this dream I was inside a house (which I did not recognize) and there seemed to be at least 2-3 children (whom I didn't recognize) there with me. Somehow there was a tiger in the house that I thought was wandering around there. This tiger was black. It was about the size of a large German shepherd dog and maybe had tight curly black hair. In the dream I called it a grape tiger. I didn't know if it was dangerous or not, but I was being very cautious and trying to think how I could get it out of there. I thought about trying to get a collar and put on it. I hoped it was out in the garage and we could shut it in there, but I was not sure where it had wandered.

I wondered if it was hungry, and if it would eat cat food if I put it out. We seemed to have 2-3 cats in the house and I thought they might be hiding in small places where the tiger couldn't get at them. As I was talking with one child, a boy, about the tiger, he called it Ben.

In this dream I was inside a house (which I did not recognize). This house represents me, a part of me I did not recognize. It was not familiar territory. It was not a place I remember seeing before, so it represents some new area or unknown area within me.

There seemed to be 2-3 children there. These children represent a gift from God and something new birthing. They could represent new parts of me that are developing in the new territory/new area within me.

In this house (me), in the unfamiliar part of me, there was something powerful and therefore seemingly dangerous, perhaps due to a lack of something (black) or perhaps due to ignorance. It might be a covering, covenant, wisdom and anointing (hair). It represents a fruit (grape), a fruit of the Spirit, but it is powerful like a tiger, and I am ignorant of it (like being black with no color), due to my lack of knowledge.

I was thinking about how to get rid of this dangerous something, or how to control it, or a way to shut it out from inside me. This shows my fear of this powerful unknown element inside of me, and my desire to avoid confronting it.

Wanting to give this powerful 'something' cat food represents giving it the food of independent thinking and self-will. The 2-3 cats in the house (me) represent some independent thinking and self-will still inside me, hiding in small places from this powerful 'something' that seemed potentially dangerous to me. A child (*This boy represents an angel, My child.*) representing a gift from God to

me told me the name of this powerful 'something' was Ben (mighty). I wondered about giving it food: the work of God, Word of God, foundational truth, teaching.

Now listen to Me and let Me tell you about this dream. This tiger never threatened you, did it? (No) The threat was in your mind, in your independent thinking, in your old self or natural self which thinks of a tiger as dangerous and to be avoided. Being black means it's hard to see, not bright with color, difficult to distinguish, lacking color or visibility or brightness.

This tiger is somewhere inside you, you think, but you don't know where, so you don't know how to avoid being confronted by it. This tiger is potentially powerful and therefore produces fear in you. You are not sure whether to try to feed it, or shut it off from you, or control it with a collar, partly because you don't know quite where it is.

I gave you an angel child to tell you the tiger's name was Ben to show you it was "mighty" and "son of my right hand." My right hand represents My strength, power, and working in your life. Remember the picture of My right hand coming toward you? This tiger is also My strength, My power, and represents My working in your life - to protect you, to provide for you, and to inspire you, all the days of your life. It resides within you. It is the power of My Holy Spirit inside you. Yes, give it food: the work of God and the Word of God. My Spirit thrives on that. The Spirit and the Word go together, work together.

There, now you have it. That is the interpretation of this dream I gave you. Know that there is something powerful inside you and its power is not very visible to you yet. Keep looking for that tiger power to make itself visible to you, and don't be afraid of it. It is My "mighty" working within you.

10. In church this morning Pastor Alan preached on intercession and then called for prayer for intercessors to have the flame of intercession within them to be rekindled. Many went forward for such prayer. Judith prayed for my daughter and then for me.

When she came to me she said such things as: "Now here is a prayer warrior. Don't worry that what you pray doesn't have any effect because it does. You won't know that effect until you go up to heaven. There is a great reward for you, a great reward. Don't give up or grow weary."

I was very encouraged by her words that my intercessory prayers were actually being heard and had some helpful effect on what I prayed for! Thank You, Lord for those encouraging words!

11. *I want to tell you about what's coming and how you are to pray and how you are to prepare for it. This is what I say: I AM bringing judgment on America for her sins and wickedness. The place where I bring judgment will be the place that has tolerated much much wickedness and has not repented. My people have prayed and repented for those sins and for that wickedness, and that is good. But the wicked have not changed; only gotten worse. Wickedness has grown and grown to the extent that it must be judged. It is time to do that.*

I know you want Me to protect America and spare her, but she must be judged. I can't and won't let the wickedness grow any farther without doing something about it. It is time to show My might and power and let people choose Me or wickedness. There is now no middle ground. People will have this one more chance to make their choice, and then those who have chosen Me will be taken out, and the rest left.

But the choice must be clear and plain for all those many people who are now still straddling the fence, who are refusing to make a deliberate choice, who don't want to make a clear stand. They will now be called to choose, and those who don't choose Me will, by neglecting to do so, choose the way of evil. Many would not want to do that, but won't choose good either. But they WILL be given one more chance- each one in some way or other through the next few months of judgments and events shaking them. They MUST be shaken in order to get them to choose Me or not choose Me. And they will. But there will still be some who are "left behind" who think they belong to Me when they really don't.

Remember those in the Bible who said they had done many things for Me and yet I didn't know them. The key is I didn't KNOW them, and they didn't KNOW Me. The key to being taken out of the world before the wrath is "knowing" Me, and living in that "knowing" relationship every single day. That's what your books are demonstrating - a "knowing" relationship with Me. I want to use those books to give to others, who think they belong to Me, to see what it's like to "know" Me like you do.

Lord, I pray for all those who haven't yet come to You, who need to before You rapture us out. I pray for Your shaking judgments to bring them to committing themselves to You completely and to living for You daily. I pray for Your kingdom to come and Your will to be done on earth as it is in heaven.

And I WILL do that, My child. I will. My kingdom is on its way and has been for 2000 years or so. It is very close to being here with My ruling and reigning along with My church. The final decisions are being made right now for people on earth. According to their decisions they will get to be part of My kingdom on earth during the Millenium or get sent to destruction. All will be purified in order to start My kingdom - including people and the earth.

12. A DREAM ABOUT THE BANK OF AMERICA

This dream was about people and the Bank of America. I saw a whole group of kernels (like popcorn kernels) that were not pop-able. They were useless and stuck together in a clump. These were the poor. They seemed to represent people without an identity there anymore.

So what does the Bank of America stand for? A place for storing deposits, a secure, dependable, safe, certain place - and can mean a reward reserved in heaven, a heavenly account, or the Church. These useless kernels were not able to pop. They clump together or gather together into bundles. They were poor because they didn't have heavenly riches stored in the bank. This was shown by not having an identity there - that could represent not having their names written in the Book of Life in heaven.

It seems this dream was about those people mentioned in the Holy Spirit words given me above - the people who haven't yet chosen Christ and therefore don't have their names written in the Lamb's Book of Life. And the Lord wants to give them one more chance. That chance seems like it will come in the judgments coming to shake our country. This was a prophetic dream or a vision about what is coming. What the Lord has shown me here is a prophetic dream about people in America who don't have a deposit in the heavenly bank.

13. There is a time coming, and very soon, when you will be celebrating the birth of something new in your heart and through the Spirit. Keep yourself free of self-controls, (that which might stop what I want to do) and open to Me, and I will get you there. We will celebrate together. It truly will be a day separated out and a day of grace through Me!

14. PROPHECY CLASS with Bill Weinkauff

When I first walked in the room, Bill said, "You're an intercessor." He later said he could tell because there was light around me. He also said he saw prophecy on me - he saw a clear window and blue. Later he asked if I saw angels because he saw angels going up and down over me, like at Bethel. He prayed for me that I would see them. And he said he saw wisdom in me too.

15. *What is discipling but helping people grow in the Lord. Perhaps you will eventually use prophecy to do that.*

16. I saw an impression of a path straight ahead of me. This pathway may have gone down slightly and up slightly toward the end. It went between two groups of trees on either side of the path.

As I sought the Lord about what this meant, He guided me to see that the path pictured my spiritual journey. The trees on either side represented leaders who helped me along the pathway. Their influence and teaching will always be with me for the rest of my spiritual journey. I felt led to list in my journal the leaders that have helped me on my pathway recently.

17. A DREAM ABOUT A MAN WHO TRIED TO DECEIVE PEOPLE INTO GIVING HIM THEIR MONEY

In this dream I realized a man was trying to steal money from a woman by befriending her and talking her into using her money in such a way that he could then steal it from her. I overheard them talking about transferring their money to some cause. I wanted to warn her about his intentions to take her money and was trying to figure out how to tell her by herself and so she would take me seriously.

Then the dream seemed to continue with the same theme only this time it was a young man who was in danger of being deceived into giving his money to the man. I was talking to the young man, or rather listening to him talk to me, and trying to figure out how to bring up the subject. Then a woman came over to us who had overheard us talking about the money and she told us about that same man bilking a doctor out of \$50,000 and how he's really smooth in doing that. I smiled as I saw the Lord opening a way, through her sharing, for me to affirm that to this young man and alert him to the situation.

Lord, did You give me this dream?

Yes

What does it mean?

You see some people trying to "use" young, immature people and deceive them into doing things that will benefit the wrong purposes of those people. You want to warn them about this so they won't be deceived. You look for opportunities to do this. Then I send My

messenger to prepare the way for you to do this. Stealing the wealth of the young people means keeping them from favor, power and provision for their God-given work/destiny.

Why did You give me this dream? What do you want me to learn from this?

I want you to learn to watch for this among leaders and people who have influence and power to sway others. I want you to look for and ask Me for their motives and for prophetic understanding of what is going on. Then I want to use you to help inform those who might be deceived. You can do some of this in your books, and some will be verbally done to specific people who might be harmed otherwise.

18. The Lord taught me this morning about how He deposits seed in us, how He does planting in us:

1. Through the spoken Word which is alive and active and sharper than any two edged sword
2. Through prophetic words spoken/prayed over us
3. Through a dream depositing the word/idea in us

Once these seeds are planted in us, then they grow and eventually produce fruit for harvest. That's one reason it is important to **"Train a child in the way he should go, and when he is old he will not turn from it." (Proverbs 22:6)** That child will have seed deposited in him that grows and produces right fruit eventually.

That's why it is important to speak and pray out loud the Word over us and others--it deposits a seed of that Word in us so it can grow and produce fruit eventually. This reminds me of the parable Jesus told about the wheat and the weeds where good and bad seed were sown:

Jesus told them another parable: "The kingdom of heaven is like a man who sowed good seed in his field. But while everyone was sleeping, his enemy came and sowed weeds among the wheat, and went away. When the wheat sprouted and formed heads, then the weeds also appeared.

The owner's servants came to him and said, "Sir, didn't you sow good seed in your field? Where then did the weeds come from?"

"An enemy did this," he replied.

The servants asked him, "Do you want us to go and pull them up?"

"No," he answered, "because while you are pulling the weeds, you may root up the wheat with them. Let both grow together until the harvest. At that time I will tell the harvesters: First collect the weeds and tie them in bundles to be burned; then gather the wheat and bring it into my barn."

We must continually be careful what seed we sow into our own lives and into the lives of others through the words we speak, because they produce an effect. That's one reason gossip is cautioned against in the Bible.

19. You will NOT be raptured on October 3rd or 4th as you thought might be a possibility since it is Rosh Hashanah. It is not quite yet time. It won't be long though. You'll see. You will not die before then as you are wondering. I will keep you in My care until the Rapture.

You have learned to be a servant AND a friend to Me. A servant listens to his master's voice and willingly does what his master asks, obediently and quickly. A friend listens to his friend's heart and seeks what his friend wants and needs. You have done both.

You may come up here (upper room) for your Quiet Times from now on as I have things to tell you and have you write. Plan on it. This is a good time for us to meet. It is quiet and you are alert and rested at this hour.

Remember when you used to sit before your computer in Columbia and listen to Me and write? That was good too. You are an attentive listener. When you come into Heaven, you will continue to develop the listening ear and heart that you have begun to develop on earth - only it will be much easier up here. There won't be the flack to block your hearing. It will be clear air.

Is there anything special I want you to pray for now, today? Yes. Pray for those involved in the great wildfire in CA. And I want you to pray for S and M and their court case today. J and E - pray that I will be with them and protect them while they are on this trip, and that I protect their property while they are gone. Now pray that you get the next book ready today and tomorrow to go on the web.

20. Today at sundown Rosh Hashanah begins, and it continues until sundown on Tuesday. It is a day of "the blowing of the trumpets" before the Lord. Since Paul tells about the Rapture of the Church coming with the trumpet call of God, I've often wondered if the Rapture will come on Rosh Hashanah. I actually don't expect it to happen today because it seems like there are still things the Lord wants to do to bring many more people to Him. Maybe next year. We'll wait and see, but we'll keep looking for His return to take away His Bride. I'm greatly looking forward to it.

"For the Lord himself will come down from heaven, with a loud command, with the voice of the archangel and with the trumpet call of God, and the dead in Christ will rise first. After that, we who are still alive and are left will be caught up together with them in the clouds to meet the Lord in the air." (1 Thessalonians 4:16-17)

Today I am rejoicing in the Lord that all eight of my books have now been prepared and placed on the world wide web. Beth finished putting the 8th one on the web yesterday. The Lord had told me to have my part (preparation of the documents) ready by October 1st, and they were ready by then. I am so pleased that this milestone is accomplished and now I am going on to what is next for me.

21. After Quiet Time and soaking in the presence of the Lord for awhile:

I am here, My child. I am here. I see you, and I am with you. I love you with an everlasting love. That means it will never stop and never end. It is forever. Yes, I know that is pretty mind boggling to you right now, but it is true.

And I want to speak to you now and have you write for Me. Will you be My writer? Then write what I speak to you now.

I am with you forever and ever. That means I see you, I watch over you, I protect you, I carefully consider what I will allow to come into your life and choose what is best for you as you follow Me daily. I want what is best for you. You are Mine and I am shaping and forming you to be like Me. I want you to be like Me. I want you to join with all the others who belong to Me and have come to be like Me up here in Heaven. You will come here someday and meet all of them.

If you feel more at home now in the Prophecy Class, think how very much more you will feel at home when you come up here and be with those here who are like Me. It will be beautiful, wonderful, marvelous, and all those words that express great and glorious things to you on earth.

Someday you will be up here. Someday you will REALLY see Me as I am, and you will know Me and you will love Me even more then.

I have plans for your future and those plans include more books to write. You heard My word to you last night from Bill that he saw books behind you and Beth, at least 12 books. That was to show you that I want you to continue writing books for Me. What you have already done is wonderful preparation for you (and for Beth) for doing the books that are yet to come. You need her and she needs you. This is a joint project of both of you.

I will take these books to people around the world as you were imagining this morning in Quiet Time...perhaps to a missionary in Africa who needs encouraging...perhaps to someone in China in the underground church who needs to hear words from Me, and will hear them from Me through you --just as you heard words from Me through Bill last night.

He speaks of 'motor mouth' when I start giving him words to speak forth to others. You have anointed 'motor fingers' and thoughts to type what I give you for you and for others--

in the same way. It comes from being in My presence and letting the wind or river of My presence flow through you.

I have great plans for these books, and they will be carried out. They are not dependent on you once the books are on the web. They are dependent on Me. And I am dependable.

22. My heart is overflowing with the feeling of the love of the Lord this morning, especially in regard to the prophecy class and the teacher, Bill. I thank You, Lord, for Bill and how he reflects Your glory and nature in his life as he leads us. Thank You, Lord, for leading him and giving him all the marvelous experiences of Your Presence. Thank you for the way he faithfully shares that with us. Thank You that You have taught him to feel the "wind" of Your work and that you have taught him to "see" prophetic pictures for those of us in the class--and that he shares those with us to encourage us. Thank You that he is teaching us to be more sensitive to You and what You are like as you manifest Yourself to us personally.

Thank You, Lord, for the intense sense of Your Presence with me and in me this morning, for giving me a good night's rest, and for keeping us with peace and quiet and protection throughout the night. I feel a sense of Your love upon me today and I am so grateful for that, Lord. I love you, and want to tell You that today.

23. I want to talk with you today about Beth's two dreams about devastation: previously about devastation in Iowa and in CA, this time about devastation at the Hollywood airport. The devastation refers to something being torn down or torn apart or destroyed. Those who are "being made ready, are being prepared, are waiting," are being stripped of the "superficiality" in their lives - that which is not important anymore. Beth is being stripped of the unimportant in her life in order that she may be made ready for the "important" - that which I have for her to do. Sometimes being stripped of something in your life seems like devastation, but it makes way for the new (whether in body, soul, or spirit). In both areas there came what she called devastation - things torn apart that had previously been constructed - as if a tornado had hit it. A tornado is a powerful storm and that is what is coming through her dreams.

24. You have already spiritually eaten from the Tree of Life (I am that tree) and already have eternal life. That does not mean eternal life in your present body because it is of this present earth which is under the Curse and it is dying/decaying. This present body cannot

eat from the tree of life as I don't want you to remain in it. I want you to have a new resurrected/transformed body. And you will have it. It won't be long until I come and change you to be like Me. Then you will have a body that can eat from the tree of Life. Until then, keep seeking Me to heal your current body and keep it functioning well. You just keep going, and keep trusting, and keep asking. I will keep healing you bit by bit and keep you functioning ok until the Rapture.

25. When you come to Heaven what you have learned on earth that's good will be kept in you. What you learned on earth that's wrong thinking, will be cleansed from you. Then you will know only the truth and the truth will set you free. You will keep learning from Me and from others. There will even be books (like yours!) in heaven that you can read and study and find out what other people's experiences were like compared to yours. There will be many places to see and discover and explore - places you couldn't while in this earth life now. You will like it! You already love to read and learn and explore (when you feel safe) and you will get to do that to your heart's content in Heaven. And yes, I have prepared a place for you like I said...a place you will love and will suit you just right. Place is very important to people, and I know that. I made you that way. Place and people and what you do with your time... they are all very important to you now, and they will be important to you then too. Relationships--these will be ultra important, and you will keep increasing and improving your relationships with others. That will be another part of your delight in Heaven...relationships with others and relationship with Me.

26. I just finished reading the book *The Last Jihad* by Joel Rosenberg. In it Iraq tried to send a nuclear device to either Israel or the U. S.

As I sat down for a nap the Holy Spirit said:

There will be nuclear attacks, but you will not be here to see them. Pray for My people who will be here.

With my eyes shut I saw a dark wire or line with about 1" of white on the tip. I asked: "What is it, Lord?" He indicated it pictured a fuse that was lit.

The fuse is lit to begin the tribulation. It will not stop now. I'll not say how long until it explodes on the world scene--but it won't be long now.

27. *Don't be afraid of being embarrassed or humiliated. Go in expectation and joy. Go in My peace. Anytime you are afraid, close your eyes, focus on Me, and remember My great love for you. Let My great love overshadow you, and sink into you, and fill you, and cast out all fear.*

This is what I want you to do: pray and intercede - and write it all down to share with others. I will come--in power, in provision, in filling need--as you see My presence. I am pouring things into you.

28. A DREAM ABOUT BEING CALLED A "PAVER"

In this dream I could see some box or triangular shape that was something compacted or concentrated with different gifts/roles in it. I could click on this box to open up details on it. I was told it was the role/gift of a "paver."

When I asked what that meant, I was told a "paver" was one who "paves" the way for others to follow. The Spirit said I was a paver and that I should look up the Scripture about preparing a highway. He said that when He names me "paver" then that is what I am, and what I become, what I manifest.

And a highway will be there; it will be called the Way of Holiness. The unclean will not journey on it; it will be for those who walk in that Way...but only the redeemed will walk there and the ransomed of the Lord will return. (Isaiah 35:8)

A voice of one calling: "In the desert prepare the way for the LORD ; make straight in the wilderness a highway for our God. (Isaiah 40:3)

Pass through, pass through the gates! Prepare the way for the people. Build up, build up the highway! Remove the stones. Raise a banner for the nations. (Isaiah 62:10)

These are Scriptures which the Lord has given me many times in the past. I felt He applied them to me at those times too...that I am to be one who prepares a highway for people to travel on. Now I had it coming in a dream. What does this mean, Lord? What are You telling me in this dream and through these Scriptures?

I am telling you that you are one who paves the way for others. You go first and make the way straight and removed the stones and build up the roadway, create the roadway, and then others can walk on it also. Your books are paving the way for people to read them and see the way to walk to get close to Me, and then they can do what you did, and come close to Me. I WANT them to come close to Me. I want MANY to come close to Me, and I want to use your books to pave the way for them to come to Me. I will use your books for

that in ways you will not know until later - in Heaven. I know how you admire other people's books (like Jim Goll and Randy Alcorn) and others will admire your books, too, for the help they give them.

29. Now I want you to write from Me. I want you to know I am with you. I honored your wish last night to NOT give you a word of knowledge that you would then be obligated to go forward and tell others and pray for them. I know you are a very private person and don't want to do that. It's ok with Me that you weren't ready for that. But you DID receive the impartation and you WILL see it functioning in you from now on even more than before. You can use the gift privately and that is ok with Me. I know your heart wants to minister to others for Me, and you will. I honor your willingness to stick with the healing school all these long and tiring days so you can learn what I sent you there to learn...and have imparted to you what I wanted to impart to you. You and Beth have both had much imparted to you, and you will be using that from now on. You ARE a part of the revival that is coming and has already begun, it even now is happening. I know that is a dream I have put in your heart, and in Beth's heart, and you both are already part of it. I have connected you both into the very midst of it here at CTC. You will continue in this. Trust Me. I am pleased.

30 . I want to talk to you about the healing school you just finished attending. It was for you, for your healing (seeds planted and growing) and for your impartation of many good ministry gifts that I wanted you to go there. It was worth all the energy you expended to go, and worth doing without full meals, but had only snacks, many times. It was worth everything you put into it and even more. I gave you good gifts there. I taught you a lot, especially about the end times ministry growing and expanding in the world right now. You have envisioned it as you read Tommy Hicks' vision I gave him, and you have wanted to be part of that end time revival army. Well, you are now a part of it. You and Beth joined that army yesterday when you contended for the revival throughout the world.

You accept Beth and love her just like she is, and that is very important to Me because I do too. I love her with an everlasting love, and I am growing her in My grace more each day. She (and you) will break free of more and more shackles the enemy has had on you and over you. The freedom is coming; it is on its way. You asked Me for freedom from bondage, and I gave it to you - and I will keep growing that freedom in you. It's a process, an ongoing ministry I have to you and Beth. You have both been freed from MUCH, and will be freed more. Trust Me for this. It's coming.

You both were great encouragement to D and R. There are those who aren't ready for the great "electric" experiences that some other people have... and you can minister to them

by sharing that experience of not having some of the manifestations you see others having. I wanted them to be pleased and not left disappointed with the healing school, and you helped Me to say that to them... that it was ok to not have some of the experiences others seemed to be having, because I was working in them what I have gifted them in, and that I have increased their gifting through this school.

31. Regarding faith:

What's important is to use the measure of faith I give you. Whatever measure I give you, use it to do what I lead you to do. I'll give you enough for whatever I ask you to do. I've given you the faith for writing. You have to be faithful with the faith God's given you.

32. What do You want to tell me about this dream, Holy Spirit? Is it from You?

Yes, My child, it is from Me. I want you to know it is a good dream, a positive dream, showing you how you see yourself in relation to your church right now. You see yourself (this is a prophetic picture) as someone who worships a little differently, who came in late to what was already happening there, and looking for Me, the Holy Spirit, and how I fit with you in this church (or how to access Me there). Isn't that right? You feel somewhat out of place at CTC because you don't seem to respond to Me the same way many at CTC do. You feel a bit awkward about that. If they sing short notes, you sing long notes - different. You see places where water (My Spirit) is running through, but there is not a way for you to access that water (no faucet). Does this fit with how you feel?

This is a dream about you and your perspective towards CTC. I want you to know it is ok to see from a different perspective than some there do. I made you like you are, and I love you as you are. I want to keep you as you are, and still I want you to grow closer and closer to Me daily. You may not ever fit in to CTC as you see the people there, but it is still where I want you to be. I still have things to teach you there. Your ministry may never be inside that church, but there is a ministry for you from Me. Right now it is writing for Me and with Me. Later it may evolve into other things too, but perhaps not within the walls of CTC. It is ok that way. Do not expect that, ok?

33. *Things are coming to a head now where the bad is so bad it will overbalance the good if I don't release more good. So I am releasing more good, as of today. Good that will be*

so obvious it will be seen publicly and on the news media. I want you to write it all down in your journal book. Start in church this morning.

When Bill says he sees light upon you, that's not because you say lots of prayers. It's because you are in My Presence a lot. That's what an "intercessor" is - in My Presence as was Brother Lawrence. Write down what you hear from people today, especially testimonies.

34. WHOM WILL YOU SERVE?

Now it's November and the time you've been waiting for - and I've been waiting for. Now we've come to the highway, the highway of holiness that I've built for My people to walk on. You will walk on it, and others will follow you. Holiness unto the Lord. That is what this highway is about - setting apart on this highway those who are holy (set apart) unto Me.

The decision time is here. It is today. Today is the day to make your decision, people. Make your decision whether you belong to Me or to the evil one. That is the choice - as either he is your king and ruler or I am your King and Ruler. So decide, today, people. Whom will you serve? Decide today. If you choose Me, then you get to walk on this highway of holiness I have made/built for you.

And a highway will be there; it will be called the Way of Holiness. The unclean will not journey on it; it will be for those who walk in that Way; wicked fools will not go about on it ...but only the redeemed will walk there. (Isaiah 35:8 NIV)

35. As I read Scripture this morning I am again impressed with a Scripture in Isaiah 30:8 which says:

Go now, write it on a tablet for them, inscribe it on a scroll, that for the days to come it may be an everlasting witness.

I believe that is one reason I am spending my days writing books for and with the Lord. Because they are to be an everlasting witness to others in the days to come. I am writing these on a computer (rather than a tablet) and inscribing them on the internet web site (instead of on a scroll), but the goal and reasons are the same - to be an everlasting witness to what the Lord is telling me to write. That everlasting witness includes witnessing to the Highway of Holiness that we each choose to travel on, or not to travel on. It's a choice we make by choosing to believe in Jesus and choosing to commit our lives to Him, or choosing not to.

36. *Take the light where I am leading you and let it shine. Don't hold it back. Let it shine forth. Complete the task I'm giving you. Embrace this season of your life as I said through Kevin Basconi. Embrace the task/ministry I'm giving you to complete there. I'll keep teaching you AND guiding you. I'll constantly be with you and show you what to do - just as I showed Jesus. In that way you'll "see what I am doing and do it also" as Jesus did. The greater your obedience, the greater the faith I'll give you. I am in control of the amount of faith you have. It IS in accordance with your obedience. It is by faith things are accomplished in the kingdom - and I only give great faith to those who are humbly obedient to Me. Otherwise it might be used for the wrong things and do harm - to them and to others.*

37. As I awoke I remembered a piece of a dream where participants of a conference were standing up with white coverings over them--like a long coat which hung from on top of their heads (like a veil) down around them. It seemed things could be written about them on this covering. Each thing written was to begin with the letter C.

As I pondered this dream piece, the Holy Spirit began to speak thoughts to me with words or phrases starting with C for my covering:

Called as a witness to Me
Caring about eternal salvation of others
Constantly seeking Me
Casting all your cares on Me
Covenant relationship with Me
Christ-centered

You cast all your cares on Me - give them to Me - and I take them and give you back your inheritance you have in Me. Give Me your sickness and I'll give you health.

(I have been battling a cold for many days) How do I give You my sickness?

You listen to Me and follow My instructions. That's what I got you up for this morning was to listen. Today is the day for you to be healed.

This comes out of fasting and prayer. You may drink all the juices you want but eat no solid food. You may take any medicines you want...no solid food. Fast solid food today until I say stop. Fasting applies spiritual power you are unaware of. Trust Me on this.

You want me to be well, don't You?

*I want you to be well and I want to show you the way to wellness so you can stay there. **Wellness is a spiritual place in relationship with Me. I want you to learn how to live there.***

There's an upsetting of some necessary balances in your body that allows the cold disease to land there and take root and grow. These are what medical practitioners strive for with substances, but this "balance" can be found spiritually - that's what I want to teach today and have you put in your current book.

Will you come to My school of fasting and prayer today? (Yes, Lord.) Then you keep fasting and listening to Me all day - and I will show you the way. I AM the Way.

Remember what I told your Mom? There are little "healing agents" available in your body that can bring healing in the right atmosphere. They can function then. What is that right atmosphere? It's called (on earth) faith. Remember faith is a substance (Heb. 11:1)

I am the Source of all wisdom.

38. The right atmosphere within you for healing is created by faith. Faith is a substance that moves things around within you so that that atmosphere comes into existence. When that is there, then healing will take place using these little "healing agents" which are already a part of your body. I created your body with the ability to be well and to stay well, but your soul (mind, will and emotions) can throw your body "out of balance" so these healing agents can't function as they were created to. So your job is to use your soul (mind, will and emotions) to put your body back in balance. Your soul functions under the authority of your spirit. Your spirit is under My Spirit's authority when you belong to Me, as you do. So My Spirit speaks to your spirit and we come into oneness/unity. Then My Spirit can speak into your spirit to your soul. As you fast and pray I will do that.

So as you fast and pray today I want you to imagine yourself placing in My care your body, your whole body, not just the cold symptoms. I want to get your whole body into right balance and into the conditions for health.

Know that by our covenant together, the covenant with My blood (the New Covenant or New Testament), I take everything which you give Me, cast on Me, and I give you back what the New Covenant has for you. You've heard this before and semi-understood it. I want you to learn that lesson more completely today and learn to live in My covenant blessings. "Blessings" is what you call the part of My Covenant that I give to you. Lack of blessing is what you call living outside My Covenant. I want you to learn how to live in My Covenant today.

39. This song keeps going through my mind this morning. God is speaking to me through putting this song in my mind. He has done this often for me in my life -- spoken through a song He puts in my mind. When I pay attention to the words of the song, I know what He wants to tell me. Today's song is "God will take care of you."

θθααα
God will take care of you,
Through every day,
O'er all the way.
He will take care of you.
God will take care of you.
θθ

What a wonderful message and affirmation this morning, God! Thank You!

You're welcome, My child. I am your God and your Father. I will always take care of you. Always! That is My message to you today. Thanks for listening to Me and listening for My voice. I speak to you in many ways, and you discern those ways as you look for Me everywhere you go, whatever you do. I love you, and I want to show you My love, demonstrate it, in every way today. You are a beautiful child of Mine and I delight in you--as I showed you in Proverbs today. Let Me share all your day with you--whatever you do--whether you address Christmas cards, or cook, or do dishes, or read a book, or iron, or clean, or talk to others--whatever you do, I want to share it together with you. Will you take Me with you wherever you go and whatever you do?

Yes, Lord.

Then that will be My delight and your delight. Remember that the purpose of man is to enjoy God and reveal His glory. You enjoy Me when you share your life with Me, and that also brings Me glory and reveals it to others. As you live, you share Me. As you speak, you reveal Me. As you seek, you find Me. I am your All in all.

40. During worship time at CTC this morning the Spirit spoke this to me and I wrote it down:

You don't know how very much pleased I am to be in the presence of such praises and worship. I am here watching and noting your hearts poured out toward Me. It's while

you're living in the darkness on earth that your light (of Me) shines even brighter and I see it. I am pleased!

41. You have separated yourself from some part of Myself, the part of the husband who is faithful to His wife. That part of Me you distrust because of the unfaithfulness of your earthly husband. You judge Me by what he did. So you are not yet ready to go on to learn more until you get "married" or back into a covenant relationship with Me, trusting in Me to care for you with love and faithfulness to you. Our covenant means I will always provide for you and you don't need someone else to provide your food for you. You don't need anyone but Me. I am your Provider. I work to keep you in a home, with food, with medical help as needed, with help growing in your relationship with Me. I want you to recommit yourself to our covenant together (which I have been teaching you about recently).

I am your husband as well as Father, and I will take care of you. You have waited faithfully on Me for these years here in Lee's Summit, even though you have had some tough times making it. You have now finished your time "in the wilderness" regarding finances (as Jesus was at the end of His 40 day fast) and Satan has tempted you with having the "world" supply for your needs instead of Me. My Word to you today is - look to Me and wait for My Word about supplying your need for finances.

As for a place to live: wait for My Word as to where you are to live, when to move there, how to move there, and how to pay for it. You will know it is from Me when I speak My Word about it to you. In the meantime you may look into retirement places and gather information, but don't make a decision until you have My Word.

And most of all, do not fear or be anxious about this. Perfect love casts out fear. I give you perfect love, so you have no need to fear or be anxious. Remember Philippians 4:6-7 and do not be anxious about anything...remain in My peace and I will guard your heart and mind in Christ Jesus.

42. A DREAM ABOUT A BUSH WITH FIRE ON ITS LEAVES

I was in a hallway (a place of transition) and looked out a window (a place for revelation). I saw fire in the bush (God's fire getting my attention like the burning bush of Moses). The fire was on the leaves (words or life, testimony) and moving around to different leaves (different people, different words). I knew people would spray water on the fire to try to put it out (the people who don't belong to God, and maybe some who do, will try to put

out the fire - passion, zeal, and revival from the Lord). When the water was sprayed on the bush, it came into the room because the window was open (people were open to the water from the Spirit and the water of the Word). The screen (to keep out bugs) didn't keep out the water of the Holy Spirit coming inside.

Yes, it's coming. That's why I told you your next book would be titled STORIES OF MIRACLES AND REVIVAL. You will see these and record them for Me for others to read about also. I want you to do this. That's why I am preparing you now so you will be ready when you see this start soon.

43. I was trying to get my medical insurance all arranged to work correctly this morning working online and by telephone to see that it's ready to start correctly on January 1st. Doing this type of thing is frustrating to me. I couldn't access what I needed online, and had to leave a recorded message by telephone, so I still didn't get finished what I was trying to do. The Holy Spirit began to teach me about my frustration:

The things of this world (like making calls regarding my HMO coverage, etc) are really hard for you. That's partly because you are so set apart unto Me and have little experience right now with how to deal with "things of this world" easily and confidently. That's just one of the difficulties, or things you need to live with, that comes from your being so set apart unto Me. Do not worry. I will see to it that every detail of your insurance coverage is taken care of. I will help you with every step of the way. You are traveling this road with Me. I am your companion, and I know all about how to handle the world and how to do things in this world. Keep walking with Me and asking Me. I will help you.

I will instruct you and teach you in the way which you should go; I will counsel you and watch over you. (Psalm 32:8)

44. As I sat still and listened to the Lord today He said:

Today is a special day. I love you, My child, and I want you to "see" what's coming. You are My prophet and I show My prophets things ahead of time. Solid and steady--that's what you are, not wishy-washy.

Then He asked me:

What do you want?

I want Your kingdom to come and Your will to be done on earth as it is in heaven. I want it to come soon, Lord!

Well, it will be coming soon. Soon in My time means shortly, but not yet. There are still some things I need and want to do on earth before all is ready for My kingdom to come fully. But it will be soon, My child. Don't fret; just be patient and keep praying for it to come.

I love you and I love all those who belong to Me. I love them with an everlasting love that will not fail and will not stop. You are all My Bride. I am preparing a place for you and it is almost totally ready. It WILL be soon. Be ready. Be prepared to meet Me in the air at any moment. It could happen in this coming year. I'm not saying it will, but it could.

This is what I want you to do each day--sit in My Presence and listen to Me. That will be the best and greatest anchor for your life during this next year. You want to hear about next year? That is one of the things I want you to do--sit in My presence each day and listen to Me. I will have plenty to tell you daily. If you don't hear anything, then sit there until you do. I might test your patience by having you wait for Me at times.

I want each person whom the Father has given You to come to You as soon as possible. I pray for each of them who will come, to do so now, Lord, soon. I pray for them to be awakened by You to who You are, and to be given a revelation of You, so they will give their lives to You.

That is what I want too. Keep praying for that to happen.

45. As iron sharpens iron, so one man sharpens another. (Proverbs 27:17)

I want you to know that I am sharpening you. I am using the writings and teachings of others and I am using My Word, and I am using My voice speaking to you. You are being sharpened daily as you spend time with Me.

My tongue is the pen of a skillful writer. (Psalm 45:1b)

And I also want you to know your writings are the pen of a skillful writer. Your writings are a bit different than those of many who write books, but they share part of what I am doing in your life daily. They are what I am leading you to put into writing for others to read later.

In this coming year there will be great turmoil throughout the world, even greater than last year which held much much turmoil. You will see it on TV and hear of it and be amazed. I am shaking the whole earth, as I spoke of. All that is not of Me will be shaken. Then people will see what holds and is solid and firm, and what is not solid and firm and can be broken off with the shaking. You will not be shaken personally because you have

allowed Me to be Lord of your life and to have total control of your will. You have become voluntarily willing to let Me lead you and guide you in all things.

I will come with great power and anointing upon My people during this next year. You will see this demonstrated in great and powerful ways and I want you to write down what you see as a record for Me and for others to read. It will be your testimony news sheet. Remember when I gave you the idea to start a newsletter titled "The Testimony"? That will now be done through your journal writings and be put into your books for others to read. I will see that those who need to read this news will find it and read it. Let Me be in charge of doing that.

I love you, My child, and I am excited about this coming year. I have been patiently waiting for this year to arrive for a long long time...since the day I was born on the earth, and even before that. It is now TIME. It is My "appointed time." Be excited with Me!

I will walk with you through next year day by day. Do not worry and do not fret because of all the "unknowns" before you. I know them all and I will go with you through them all. I know the Way, and I AM the Way. Trust Me in this.

46. I love you, My child, and I want this dream to be a positive look at what is now and what is coming. Your reward is coming, your reward in heaven. It will come soon. It will involve reward for what you HAVE done, and what you HAVEN'T done. It is unknown to you right now (hidden) but you are getting credit for it, and soon will have your "cash" reward in heaven. You will be so pleased with that reward, as you have read about these rewards many times in the Bible. What the Bible says is true, and there are many different rewards in heaven. You will have your share for all you have been doing here on earth. It won't be long now. Keep on doing what you are doing, and keep on coming to Me daily to connect up with Me. I will keep you on the right pathway--the Highway of Holiness we talked about earlier this year. I AM the Highway of Holiness. I AM the Way. Abide in Me. I will make you a fisher of men. I do the fishing, but I use My people to do it with Me and for Me. Keep fishing for all those "children" I want you to help and teach. There are many who need you.

47. WORDS GIVEN ME DURING THE NIGHT: WOMEN OF THE WILDERNESS

I heard the first sentence of these words below in a dream, then awoke and knew I was to write them down. As I did, more words came, and I wrote them down. I had been in a dream where I saw paper forms to sign. I was afraid of what was coming in the world and the words were to comfort me, but they were addressed to "women of the wilderness." I

believe these words are for the Bride of Christ. This whole world is like a wilderness compared to Heaven. We can only survive in the "wilderness" of this world as we lean on Him like in the Scripture from **Song of Songs 8:8** "**Who is this coming up from the desert leaning on her lover?**"

These are the words the Holy Spirit said:

Women of the wilderness come forth. Sign your pledge to walk with Me into the world. Live your time on the earth with Me. Sign your pledge to be Mine forever. Give your hearts to Me. I will show you the way. I AM to Way. Do not fear for I will always be with you. Do not fear for I have overcome the world and so will you as you walk with Me daily. Come with Me, for I am meek and lowly and gentle of heart. Yet I am strong and you can walk in My strength. The joy of the Lord is My strength and your strength too. Remember "The Lord is my Shepherd, I shall not want. He makes me lie down in green pastures. He restores my soul." I will restore your soul day by day. I will give you green pastures day by day. Come, walk with Me. I love you and care about you. I even like you as I made you. I want you to be you. Will you pledge to walk with Me daily? I want you. I need you.

48. I am here and I want you to listen to Me. I love you, My child, every single moment of your life. I want you to hear Me say that to you today--that I love you. I won't always come to you the same. Sometimes it will be with tears, sometimes with wisdom and revelation, sometimes with pictures, sometimes with thoughts, sometimes other ways you haven't yet experienced but you will. I have an infinite variety in the ways I relate to you. And you like that. So don't expect Me to come in the very same way(s) I have come before. I know the familiar is comfortable, but new things are exciting too. You'll see. I come in the prisms of color from light shining on your crystals. You see Me in the colors and enjoy it. Follow Me today. And each day follow Me.

49. A DREAM ABOUT THREES REPEATED

In the first scene I saw three square-like areas. Then I saw these 3 squares being changed. Then I saw the scene after they were changed. So this dream dealt with 3 square-like areas and three scenes involving them: *before* they were changed, *during* the changing, and *after* the changing. I think I dreamed this three times.

What does square symbolize?

It refers to legalistic, religious or religion (speaking the truth without love), no mercy, hard or harsh, of the world, rigid, or narrow minded.

And three means?

The Godhead, conform, obey, copy, imitate, likeness, tradition, inner energy, strength, fortitude

So your dream scenes showed something legalistic, religious, rigid, narrow-minded and/or of the world in three forms: before it was changed, while it was changed, and after it was changed? And you dreamed this three times; what does that signify?

It signifies that it is set, it will happen, it is definite.

So what this shows in your dream is that all those who are rigid, legalistic, narrow minded, of the world, and some even "religious" in that way, were in a form before they were changed, then they were changed somehow, and then you saw them after they were changed. Yes, these are people, and the institutions they form with others like them. They will all be changed. You are seeing these being changed right now, before your eyes, and you will continue to see them through to the "after changing" state. After they are changed they will either become like Me (Christ) or anti-Me (anti-Christ). They will not stay the same as they are now.

All the 3's in this dream show that I am doing this; it is of Me and for Me and WILL happen. People will either become for Me or against Me. They are making their choices right now as I've told you many times before. Right now it is "decision time." The decisions being made right now will determine whether people will stay here at the Rapture or come up to be with Me. The Rapture may change some people, who are hardening their hearts right now, and they will become Christians after it. Those are people who will be searching for Christian materials all over the web. Your web site will be one they will find and read at that time. Your web site will help them understand the choices they made and the consequences of those choices. It will help them find out how to become a Christian (in Thoughts and Stories, Book 1) and how to live as a Christian (in all your books).

So this is a prophetic dream to show you something I am doing right now. You are telling people through your book with this dream about that which I am doing right now.

50 . A DREAM ABOUT WALKING HOLDING ON TO HELICOPTER BLADES

I was walking along the ground holding up my arms and holding on to helicopter blades that were turning. They seemed to help me move. I tried to keep them from hitting trees

etc that might stop them. They did stop once inside a large room and I was trying to restart them by pressing some button and moving my arms.

Walking refers to progress, being led by the Spirit. My arms refer to strength and/or faith, signifies personal work/efforts applied to one's purpose. A helicopter refers to ministry (individual or church), versatile. Trees can refer to a leader, or leadership, a person or covering, a shelter. A tree hit can refer to lawlessness or no discernment. So what does this mean, Lord?

It means you are progressing and your faith and strength help you progress and you are helped along by individuals and the church. You try not to let leaders stop you or sins stop you or lack of discernment stop you. When you do somehow get stopped, you work at starting up again. Since your "ministry" of walking (progress) is listening to Me, this process gets stopped sometimes and you work to restart it (get back into listening to Me again). This is a good dream, a prophetic dream showing a picture of what you do.

51. In the afternoon when I closed my eyes I saw an impression of a right eye. I saw the center of the eye turn and look different directions. I asked the Spirit what it meant. He said it was "the eye of the Lord" that was looking all around the world to see those who understand and seek Him as in the Scripture in Psalm 53:2.

God looks down from heaven on the sons of men to see if there are any who understand, any who seek God. (Psalm 53:2)

52. Test everything to see if it's true. Wait and seek Me and ask Me if it is true. If you present the information that comes into your mind to someone, ask them to see if it's true... and if it isn't to let you know. You know that if it is from Me, it is true, the truth.

Wait awhile after you hear or write something to allow time to check it out and see how I react (inside of you) to the idea(s). Remember how you felt things just were wrong inside of you? You were not at peace about it? Well, notice those feelings and follow up on them before you base anything on what you heard. I will lead you and show you the way, and negative feelings about what you hear can be part of My leading. Observe them and follow up on them. Because I live inside of you, I can affect your feelings from inside.

It was good that you chose to worship Me (Us) before you sought Me for help about the thing which you heard that was proved wrong. It showed you were still looking to Us and trusting Us for your guidance. Always keep worshipping Us (Father, Son, and Holy Spirit). Worship drives the evil one away and drives his lies away too. He can't stay where We are being worshipped.

53. *It has begun!* The Revival the Holy Spirit said would come (and that He wanted me to write about) has begun. Today is a day for brand new beginnings for the people here at my church, CTC.

It started this morning at worship service with one person confessing before the Church a sin he had committed -- and asking for forgiveness. These are the steps he went through in his confession:

- He confessed the sin
- He understood this was the loving goodness of God towards him to expose this
- He was truly sorry
- He repented to us and to God
- He asked us to forgive him
- He submitted himself to people who will work with him in his healing

Then Pastor Alan taught us with Scripture about our attitude and response to this event. These are the main ideas he taught us:

- He said people here would have different responses/feelings: surprise, shock, disappointment, hurt, confusion. He wanted to talk to us as our pastor, as he had had opportunity to work through his feelings and his were probably different than ours.
- He thanked the person who confessed for his openness and transparency. He said he believed that openness, transparency and repentance is the first step in being healed. He quoted King David from Psalms 32:3-6 which says: **When I kept silent, my bones wasted away through my groaning all day long... Then I acknowledged my sin to you and did not cover up my iniquity. I said, " I will confess my transgressions to the Lord"-- and you forgave the guilt of my sin.**
- He said that iniquity is the thing inside of us that causes us to sin, that repentance breaks the strangle hold of the enemy, and to even get to this place is evidence of the goodness of God. (Romans 2:4) **"...God's kindness leads you toward repentance."**
- He said we should know that the Word says in 1 John 1:9 that: **If we confess our sins, he is faithful and just and will forgive us our sins and purify us from all unrighteousness.**
- Pastor said the person was wounded and needed to be healed – this was a time to pray for healing, to demonstrate love to him and his family, to guard them by what and how we speak, and not to injure them further by our words and actions.
- Then Pastor spoke to the people in church saying that some of us might find this opening old wounds from being disappointed by spiritual leaders previously in our experiences. He

indicated he had a choice on how to do this and was not going to attempt to minimize, disguise or hide this issue. He indicated that if we had questions he was available to speak with us.

- Pastor said he believed this was an opportunity for our church, and that this is a day in which the Holy Spirit is demonstrating Himself as HOLY. He referred to when Patricia King saw a Purity Angel and wrote about it. This is an opportunity for us to respond to what Holy Spirit is doing currently. This is a work of Holy Spirit... that there will be a Bride presented to the Bridegroom that is without spot or blemish.
- Then the Pastor opened the meeting for others who felt they had an area that they wanted to get right with God. They were to come to the front and kneel and pray privately about it--for it to be broken off and cleansed and forgiven. Around 20 people or so responded. During this time the Pastor pronounced forgiveness from the Church to the first person who had publicly confessed sin. Many of us had the chance after the service to hug the person and affirm our love.

The Lord told me recently the title for my next book was to be *Stories of Miracles and Revival*. I mentioned this to the pastor last week and indicated I was looking for these things to happen soon. Then this morning the Holy Spirit prompted me to take my writing notebook with me to church so I could write about things which took place. So, when this began happening, I realized this was the beginning of the Revival the Spirit told me was to come. I was so touched it brought tears to my eyes.

I have been praying for and expecting revival since 1983 when I traveled with a group from my church in Columbia, MO to Ridgecrest Conference Center near Ashville, NC. We attended a conference on *Prayer For Spiritual Awakening*. In that conference we heard speakers talk about past revivals in the U. S. and abroad so we could understand them historically. We were made aware that those revivals were preceded by deep heartfelt prayer (some would call it desperate prayer) to God for change in people's lives. We were encouraged to pray for this for others and for ourselves.

For ourselves we were taught to confess our sins and get ourselves clean before God. One thing I remember one person telling us was when the Holy Spirit shows up with revival power, people will either rush to the altar falling on their faces before God, or rush out the back door of the building as they resist Him. There would be no one "in between."

At one meeting at that conference Bertha Smith, who was a missionary to China when revival hit there, told us of the process of getting right with God and confessing all their sins that God took them through personally before the revival broke out. She mentioned she even was led to write home to people she needed to get reconciled with. She encouraged us to go apart from others with a pen and paper to ask the Lord to show us all our sins and we could write them down. Then we were to confess each one before God and ask Him to forgive us and cleanse us for that sin. Then we could claim the Scripture in 1 John 1:9 that says: **If we confess our sins, he is faithful and just and will forgive us our sins and purify us from all unrighteousness.** After the cleansing process then we were ready to seek the Holy Spirit to come in power.

Perhaps that is what the 120 did in the upper room during the days before the Holy Spirit fell on them in Acts 2:2 which says: **Suddenly a sound like the blowing of a violent wind came from heaven and filled the whole house where they were sitting. They saw what seemed to be tongues of fire that separated and came to rest on each of them. All of them were filled with the Holy Spirit and began to speak in other tongues as the Spirit enabled them.**

Come, Holy Spirit! Cleanse us, the Bride of Christ, and make us into a pure and spotless Bride for our Lord Jesus. Create in us a pure heart, and renew a right spirit within us (Psalm 51:10)!

54. A man at church told us he saw seven portals (openings from here to heaven) inside our sanctuary. They had doors with these names on them: healing, holiness, peace, evangelism, revelation, miracles, and unity. These 7 portals were made of oak, silver, gold, ruby, blue stone, white, and diamonds. Sevens and fives were on them.

The Holy Spirit says:

These seven doors are opening for you. You are going through a time of closing the doors of your past, and a time of walking into and through these seven doors with their names and what they are made of. Sevens (completion and rest) and fives (grace, grace, grace) were on them and are on you as you go through them. Do you want to go through them? (Yes, Lord.) Then I will do it. I will place these doors before you, one at a time, and give you the opportunity to walk through (like you walked through the door in September of 1986 when I opened up a job for you). You will know each door as you come to it and you will be offered the opportunity to walk through it. You will KNOW what you are doing and what you are choosing. It won't slip by you without your recognizing it.

All the things you have put in books up until now cover your past as of this day. Put it all behind you and get ready to go forward into what's new for you. Will you do this? You let Me lead you through that. Set yourself apart unto Me now and we will do it together. You will soon be ready.

55. A DREAM ABOUT AN INTERSECTION AND TRYING TO TURN LEFT

In this dream I was in a vehicle waiting at an intersection. We were trying to turn left and there was no traffic light in the usual place to show us when it was safe. There was just a small rectangular box to my left with green arrows moving on it pointing toward the left. (which means the arrows pointed back the way we came). It was about eye level in height. As we started to turn left, we could see cars coming from the left, where we were trying to turn, and crossing in front of us, so we had to wait.

While we waited, a vehicle came from across the intersection. It was bursting with many people (like an open bus sometimes seen in foreign countries). It almost hit a vehicle that waited in front of them. Then it pulled around that vehicle into the middle of this confused and very busy mix in the intersection. We just looked at them incredulous at what they had done as they sat in the middle of all the cars.

The cars indicate people or ministries. A left turn means a spiritual change in God's strength. The intersection denotes decision or change. In this attempt at turning left my vehicle didn't have a traffic signal indicating when it could safely turn left, so this could refer to my not seeing/knowing when was a safe or good time to make a spiritual change.

There was a small traffic light to our left which had small green arrows moving toward my left (the arrows pointed back the way we came), but this didn't seem to affect the cross traffic and it wasn't able to be seen by them. It looked like this:

| < < < |

As I was looking for a good time to turn left this vehicle came charging through from across the intersection. At first it looked like it would hit a vehicle waiting there, then it swerved around it and into the very middle of the busy intersection and stopped. I saw lots of people sitting in it and others hanging onto poles to stay on it - like an open vehicle at a park or in a foreign country. It was absolutely jammed with people.

What does this mean? An open vehicle can refer to an open ministry/person very visible and vulnerable. This vehicle can roar into the midst of this decision/change area and stop there. This could refer to some ministry or person doing that...pushing its way into the middle of others and taking its chances on getting hit or hitting others as it does that.

Just record this dream today and return to it tomorrow. I will show you more later what it means. Right now it shows you don't know what time you can/should make a change of direction. Let that be sufficient for today.

The next day

When I told Beth about this dream she noted that the small traffic signal I did see pointed back to the way from which I had come. She wondered if this might mean I was to turn around and go back. She pointed out that the arrows (v's turned sideways) were green and moving. This might be showing me the way to go, rather than into the intersection. Is this true, Lord? Does this small traffic signal seen by me but not by the other cars, give me the signal to turn around and go back somewhere?

Yes, My child, that is true. You are to go back to our time of closeness and privacy and peace, rather than enter a time of decision and change of direction and possibly getting hit by other vehicles. The traffic signal you saw was small and privately placed for only you to see, not others. It was green, meaning go. It was moving in the direction of "going

back" which is significant. That's why I didn't have you continue yesterday with the interpretation--because you needed Beth's input about the meaning of the small traffic signal.

What does it mean to "go back"?

- 1. Keep the closeness with Me you have been having. Don't change that.*
- 2. Keep writing daily during the weekdays as you have been doing.*
- 3. Go back to having long quiet times in the secret place with Me.*
- 4. Go back to reading My Word and talking with Me about it.*
- 5. Go back to praying throughout the day and night however I lead you.*

These are all things that you have been doing since coming to Lees Summit. I want you to keep on doing these things and not change direction now. Even though your living situation might change sometime during this year, still keep doing what you have been doing. A new place of living will not change what you do there. You will not enter the intersection of making a directional change. You will keep on doing as you have been. That is the "signal" I am giving you in this dream. Keep on going back to what you have been doing here in your mornings. I want your mornings to remain being Mine...time spent with Me. Remember this dream whenever you wonder if you are to make some directional change, and remember the green arrows moving towards returning to the place you were.

And I will open those 7 doors for you that I showed you through J's vision: healing, holiness, peace, evangelism, revelation, miracles and unity. But, even as you go through these new doors and enter new portals in your relationship with Me, I want you to continue in the 5 things I outlined above--5 things to "keep doing" and "go back to" when you slip away from it. These all tie together.

56. A DREAM ABOUT KEY SHAPES

<p>In this dream I drew lines and then they would change into shapes that reminded me of keys.</p>

Keys can refer to knowledge, wisdom, and understanding. Drawing lines connotes creative expression of inner aspects. I was the person in this dream who drew lines--perhaps showing an expression of things inside me (like writing my books). Something else caused these lines to become shaped like keys with knowledge, wisdom and understanding from them. This seems to be a picture of how the Holy Spirit takes my writing and helps others to find wisdom, knowledge and understanding through it.

57. A DREAM ABOUT A MAN EATING ICE CREAM

I was in a room with a group of 2-3 ladies. We seemed to be talking, sharing, and perhaps helping each other. J came by and came in the room. He had some ice cream thing he was eating. He said he didn't understand why we didn't get up early and go to some special event/meeting (which he had just come from) that morning where you got to see something he liked and also got this ice cream.

Ice signifies frozen spiritual truths, frequently voluntarily frozen by oneself. Ice cream indicates the intake of spiritual aspects yet one doesn't externalize them. Ice cream cone implies spiritual aspects carried around but not shared with others.

The part with the women together in a room talking and helping each other indicates good fellowship. You are in the midst of that good fellowship when J comes. He indicates or stands for someone who doesn't share what you believe and what you find of value in life. What he says shows this - he doesn't understand why you wouldn't value what he found of value. This dream is just a picture showing that there are those who won't see things as you do, and they might speak this to you. He might speak this to you after he reads your books. Don't let that alter your course of action or what you believe. He may think what he wants, and you may think what you want. Don't try to change to meet "man's approval."

58. These words came to me while in the worship service at CTC today:

Yes, you will see things happening at CTC just like you read about with Aimee Semple McPherson - healings, Spirit manifestations, miracles, unity too - focusing on Me, centering on Me.

59. A DREAM ABOUT AN ODOMETER AND A GIANT TREE

"Odo" seemed to be important in this dream. It seemed to have to do with my feet. I seemed to receive different words that would determine what my feet could/would do.

Just before I woke up I was standing in the shadow of a large tall tree trunk to shade myself from the light so I could see. The dream felt like it was vivid as I dreamed.

Odo seems like it may refer to an odometer in a car - that which indicates the number of miles a car has traveled. Feet refer to your spiritual walk, heart, way, or thoughts (meditation). So perhaps odo in the dream might symbolize how far I have traveled in my spiritual walk. Odo may also be calling my attention to my heart/thoughts/meditation on that walk. Tree can refer to leader, person or covering, shelter. Being in the shadow of this great tree reminds me of Psalm 91:1 which says:

He who dwells in the shelter of the Most High will rest in the shadow of the Almighty.

Odometer refers to how far you've traveled in your journey with Me through the time allotted you in life. It shows where you are right now, today, and, when the odometer stops, then your lifetime on earth stops as an earthly human. Odo is the "word" I give you to refer to that journey. Your feet make that journey responding to Me as I give My word to them. My word has been giving your feet directions/commands all the days of your earthly life so far. I am in charge and control of that.

But this also refers to your meditation/thoughts. Your thoughts determine where you go and what you speak. What you think, and what you therefore speak, determines where you go. Speak My words and My thoughts, and you will go where I guide you to go. Speak the world's thoughts, or your fleshly thoughts, or the evil one's thoughts, and that is the way you will go.

I want to continually purify your thoughts and focus them on Me. Therefore it is vital for you to come to Me at the beginning of each day and get My thoughts into your mind - for your "feet" (thoughts) to follow for that day. Keep doing this. It is vital to get you to the great tree you saw in this dream. I am the great tree--the great leader who shades you from the sunlight and stands before you. And I am the sunlight too. I am the Light of the World, as you know. But my Light is so bright it would blind you, as it did Paul on the road to Damascus. So I bring My light to you, but I also shade you from its brilliance.

60. Today the Lord is speaking to me about His steadfastness. He is doing this as an assurance to me that He will always be with me and that He will never change. There is such comfort in that!

As I meditated on His steadfastness He began to show me that steadfastness means He will keep on keeping on. He will never stop. He will never give up. His love is steadfast. His mercy is steadfast. His revelations are steadfast. His being/existing is steadfast. His wisdom is steadfast. He does not waver. He is not changing, not double minded.

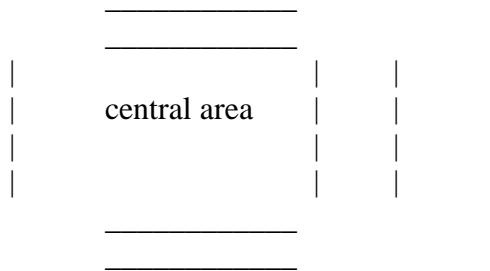

Jesus Christ is the same yesterday and today and forever. (Hebrews 13:8)

Know, recognize, and understand therefore that the Lord your God, He is God, the faithful God, Who keeps covenant and steadfast love and mercy with those who love Him and keep His commandments, to a thousand generations. (Deuteronomy 7:9 AMP)

61. A DREAM ABOUT LONG AND SHORT COUCHES INSIDE AN AIRPLANE

I and at least two other people were on an airplane. I saw long and short couches for people to rest in. Some couches were long like 8-9 ft, and some were short like love seat size for two people to sit in. I watched as one man placed his things out on the long couch at the front (left on picture) and prepared to lie down and rest. I looked over all the seats and began to count the long couches and the short ones. Another person was doing this too. I went around the plane and touched the long couches and counted them to see how many there were. I counted up to 7 long couches. These seating areas faced different directions so that they all faced a central area like forming a box around that central area. As I picture this it reminds me of the places where people are seated at CTC at times with the central area being where the speakers stand.

The large passenger plane probably refers to a church. If it is flying that can refer to being moved by the Spirit and ministering in the gifts of the Spirit. If it is on the ground that can refer to the ministry not ready to take off yet or grounded by something. There was nothing in this dream to indicate whether the airplane was on the ground or in the air.

The couches may refer to places to rest. The longer couches can be a place to rest better and longer (like a bed) and the short couches can be a place for shorter rest times, sitting-up times, or partially lying down times. The arrangement of the seats is a reminder of the seating at CTC at times around a central spot where the speaker stands. This dream seems to refer to CTC.

Some people come to CTC and spend a longer time resting and being revived and renewed, and some people spend a shorter time there partially resting and being renewed.

Counting advises of a need to take stock of something. Counting to 7 may indicate counting to the completion of God's timing or something He wants to complete. It can refer to something being complete, finished, perfected, a time of resting in that--as God rested on the 7th day after creating the world.

The thought that comes, as I wait before the Lord regarding the meaning of this dream, is that the long couches represent those who get clean before the Lord and can therefore rest in His presence, and the short couches refer to those who cannot fully rest due to not being fully right with the Lord. The counting to 7 of the long couches refers to being aware of this until all are brought to rest and clean and completed/finished/perfected.

62. Even while you sleep among the campfires, the wings of my dove are sheathed with silver, its feathers with shining gold. (Psalm 68:13)

I wanted you to know that I take care of each tiny detail in your life. Each thing that comes/happens is part of My plan. Since I am in control of your life, I can follow My plan perfectly. Follow Me.

The Scripture: even while you are unaware of what's happening, My Spirit is going out to others through your writings that I've led you to write. He is taking gold and silver (wisdom and knowledge) to others. Trust Me in this.

63. As I was reading in the Book of Joshua this morning regarding the division of the Promised Land among the tribes of Israel, it mentioned that the Levites did not receive any land because the Lord God was their portion. The Holy Spirit said to me that that was my situation--that I didn't receive an inheritance here on earth at this time because I am like the Levites--the Lord God is my inheritance.

As I read about Levites on web sites, I learn they didn't begin their Levitical duties until age 30, they were supported by the tithes of the other tribes of Israel, and they didn't join the battles as warriors. They worked under the Priests (who descended from Aaron) who were also Levites. There were 3 divisions of Levites according to which son of Levi they descended from: Gershon, Kohath, and Merari. Aaron was the son of Amram who was the son of Kohath. The descendants of Aaron became the Levitical Priests and the rest of the Levites served the Priests and took care of the sanctuary.

64. After I awoke I spent time connecting with the Lord. Then He said: *I want you to write this*, so I wrote:

The time is short. I am coming soon. Get ready, My people. Cleanse yourselves. Get spotless and clean before Me. Come into My Presence with thanksgiving and joy and with a clean pure heart. I want you to come soon. It's time.

It is soon; it is soon--very soon. I can hardly wait! I want My people to "come up here" and be with Me. Then we will have our wonderful wedding supper together and we will celebrate our marriage--and we will become one. We will be together forever.

And I am here with you now to announce this. Come soon, My Bride, My pure and spotless one, into My bridal chamber where we will celebrate our becoming one.

(To me He said) I am giving you these words, in this way, for you to write, not speak. You are My writer. That is your place in My plan--to write--so others can see and read and know what I am saying. Some prophets speak, and one or a few hear them (unless it is recorded). You are My writing prophet so many may read, and know, what I am saying to you (and to them).

This is where I want you to be when you ask Me questions (in this connected position as we are now). Then you will hear Me more clearly. I want you to hear Me more clearly from now on. So come into this connected position, (this bubble of privately talking together) when you want to hear more clearly and learn the answers to your questions.

I have trained and taught you to come here. This is our place of communication together. This is the place I want you to spend more and more time each day from now on.

I am preparing now for "the great healing" to come upon you and many many others. This will be part of the pouring out of My Spirit in the last days--a great outpouring of healing. This will be a sign that will draw many unto Me - many who will become Mine in these last moments before the Rapture. I have been saving up many outstanding healings for these last days--for the great harvest I will reap as I pour out these signs: healing, things in the weather, signs in the sky, volcanic eruptions, earthquakes, floods, storms, fires, and miracles, signs, and wonders upon the earth. The time has come!

I have given you this peaceful treasured place of quiet in which to listen to Me and write for Me. You will have plenty to do right up until the Rapture. I want you available to write for Me...and do with the writings as I lead you.

65. On Saturday, I watched the movie *What The Deaf Man Heard*. Matthew Modine played Sammy Ayres in this movie. In the movie Sammy pretends to be a deaf-mute, then later reveals that he is not. This makes me wonder if that person (in a dream I had who looked like Matthew Modine) symbolizes someone or something like Sammy does in the movie.

He hears things nobody thinks he hears. He sees things nobody realizes he sees. He writes them down. He does not speak of these things until the right moment in time when he speaks out and surprises everyone. You are similar. You see and hear much from Me and record it in your journals, but usually do not speak of it to others. But, at the right time, your writings will "speak out" and others will be totally surprised.

They really will. You do not understand this now because you do not know what others will need to hear in the future. I do. I am giving these writings to you now to minister to them/others then...not now. Because they don't fit what people might find helpful now (in your mind), you wonder if they will be beneficial. Well, they will. I promise you this. All your work will not be in vain. It will bless others someday. And, it is all recorded in heaven...what you have written for Me. And that is what you have done...written this for Me and for others.

66. A DREAM ABOUT JEWELS ON MY RIGHT ARM

The setting of this dream was on a campus-like area with buildings and open grassy spaces, trees, etc. I was walking by myself through an open space outdoors and found (maybe hanging on a bush or tree or something) a beautiful piece of jewelry. I picked it up and was taking it to some building/place where I thought I could inquire about who lost it. It looked like it was to be worn as an earring because it had an ear hook at one end of a long strand of jewels. One of the pieces had many strands of jewels fastened to a ring so it almost looked like a necklace. The jewels were crystal-like and pretty and seemed to be periwinkle (blue-lavender) color. Then somehow a single strand of these jewels was on my right arm running from my shoulder to my wrist.

It represents the jewels you display now but they are invisible to those on earth - visible to Me in heaven. You "found" them while living life on earth. They were put there for you to find, and you did. You are My beautiful jeweled bride, adorned and waiting for Me to come and get her...adorned with your favorite color of stone.

A jewel refers to a precious person, a gifted person. Jewelry refers to treasure, desire, precious, and God's gift. The earring symbolizes my ears/hearing being adorned. A necklace may reveal inner traits. A gemstone alludes to personality characteristics and behavioral responses. Crystals relate to the clarity and depth of one's personal spiritual attunement.

When I gave you this dream I knew what your dream interpretation book would say for these things: earring, necklace, and crystal. I knew they would fit with what I wanted to communicate to you through this dream, namely, your hearing is adorned by Me, your personality characteristics are adorned by Me, and your personal spiritual attunement is adorned by Me. I am your all in all. I show forth from your life as beautiful jewels show forth for others to see and admire. What more could you want than Me. I am your beauty

and blessing. I shine forth from your life each day. You wanted to know what you are here for? To let Me shine forth from your life each day, one day at a time. Remind yourself of that each morning...to let Me shine forth from your life that day, in all My beauty. You are My bride and a display of My beauty...a piece of it. There are many who are displaying My beauty in the world and you are one of them. You already know many others from your church.

67. A DREAM ABOUT WALKING AROUND A COLLEGE CAMPUS

The dream took place on a college campus. I was in my room in the dorm at the beginning. I decided to go to a place where I could purchase things like in a store-like section of the campus. I knew it was somewhere, but I didn't know for sure how to get to it.

During the search for these stores, I walked down a hallway to a door that was dark aqua along with the wall around it. The door didn't have a doorknob to see where the door was in the wall, but you could see the outline of the door and push on it to open it.

I retraced my steps back to my room to be sure I would know the way I went the next time. I realized that there were six such exits (I remember counting) and I needed to take the farthest left exit door. These six exits seemed to be in a semi-circle.

At one time in the dream I walked through a very tall and enclosed pure white hallway. It was quite light and very pretty since it had sculpted designs in floral patterns on the walls, but it was all pure white. I really liked it and looked at it closely. I thought it looked so much better with pure white and no other colors for the designs. It seemed to make the hallway less confined, more open. But it was still a corridor or hallway about wide enough for two people to walk side by side and was about 10-12 ft. high. I didn't see where I entered or exited this hallway, I just saw myself in it looking at it.

At another time I went through an opening to an area which I thought might go between buildings to another building on campus and I wanted to find that way between buildings. When I opened to this area I saw a huge unfinished section, well lighted, that stretched out and downward to a place which had a shallow pool of water. The ground was smooth and all looked kind of creamy white, and the pooled water looked pale yellow-green. It proceeded down a ramp-like area then went to the left and went forward and to the right and angled back. To get down it, I somehow sat down and slid down the ramp and to the right. I didn't have much control over where I slid but I stayed close to a low wall/railing-like structure on the left side of the ramp. I got up and started walking back up the ramp to the doorway where I had entered. Other people were there too, some coming through the doorway to this area.

This is a wonderful dream, My child, a wonderful dream, and a hopeful dream, and a passionate dream. You are traveling through life going from your "home" on the campus of life to somewhere where you can purchase things you want. As you travel you notice areas/times of transition which are marked by dark aqua blue walls and a door which is quite difficult to see. Your life has been like that - looking for an entrance into the spiritual realm which is difficult to find the entrance into. But you do find it and note the way to that door so you can come there again. You also realize there are 6 such doors. That 6 refers to the number for man. For man there are different entrances/doors into different parts of the campus called life. You took the one farthest to the left - the left referring to the most spiritual doorway/entrance. Your life has been like that - taking the most spiritual route you knew of as you progressed.

The tall white hallway gave you such a feeling of awe and delight as it represented the pure white pathway to Me. You loved to be there and enjoyed the view as you walked. This refers to the pathway you have taken of continually getting clean before Me, day by day, and enjoying the purity of that clean pure relationship.

As you seek the place to purchase things (wisdom, knowledge, security, safety, closeness with Me, protection, and provision) you found an area which you thought might take you to that place. It wasn't finished being built yet. It isn't a sure way yet. It was still being worked on. So it was slippery. This represents the place you always come into as you keep seeking Me and don't know the way there to find Me. You have to risk sliding around a bit and trying to miss sliding into the pool as you go. When it doesn't seem to lead where you want to go, you go back to where you were before. This represents part of your life. Your desire has been to serve Me, see Me, know Me, and relate to Me intimately and you have spent your life doing that.

The whole dream was well lighted, not dark, and was clear to see. In it you were always going somewhere. It is a picture of your life pathway or portions of it. You can just enjoy this dream and enjoy Me--the giver of the dream.

68. A DREAM ABOUT MY CAR BEING STOLEN

I was in a place where cars were, maybe a parking garage or a repair shop. I saw my car. It was a large convertible with the top down. The car might have been dark green. It seems I must have started the car, then got out to get a vacuum cleaner that it seemed I was to put in the car and take with me. When I went back to the car, it was gone. I thought perhaps someone had taken it, but I sure didn't see that happen. I remembered that my purse was in the trunk of the car. I started asking about whom might have taken it. A person I asked seemed to turn into a half potato against the side of a wall. I had to lean over to have my face on the same level as his as I talked to him.

Interpretation by me: I have a car (ministry) which is large and uncovered/open, and being renewed and growing. It seems that when I stop the car to get a vacuum cleaner (clean up a situation or something negative) the car disappears along with my purse (my treasure, my heart, my personal identity). I go to someone representing a basic essential/nourishment (potato) in life and talk to him about my car being missing. This takes place in a position of humility, and getting down to his face level to talk. What could this mean, Lord?

The parking garage or repair shop for cars (ministries) refers to your church. At that place your ministry is large and open and revealed. Your identity is involved in this ministry. Then, when you get something (vacuum cleaner) to clean a life situation, your ministry seems to disappear and your identity with it. You have been going through a year or so of getting cleaned (through theophostics, Sandford teaching, Jack Frost teaching, etc.) and in the process of getting that, your ministry seems invisible to you--and your identity is inside that ministry. You left your "ministry" which you had in Columbia to come to CTC, and in the process, your former ministry disappeared. Your identity used to be in that ministry. Now you are cleaned and ready for something new. To find that new ministry you need to lean over and talk to the basic element in life--God. He will tell you and show you where your new ministry is and the identity that comes with it. And that's what you were doing this morning--soaking in My presence and letting Me show you some new discipling possibilities yet to come.

69. When the angel of the Lord appeared to Gideon, he said, "The Lord is with you, mighty warrior." (Judges 6:12)

And I am with you, My child. When I call you "My child," then that is what you are - a child of the Lord God on High. What I call you is what you are. That tells you who you are and in what position you are - just as "mighty warrior" spoke to Gideon who he was (even though he didn't think he was!) and how I viewed him. You are a child of the King, a king who has everything belonging to Him and is willing to share it all with His children whom He loves.

70. When I awoke the clock said 7:47. The Holy Spirit said:

This is a sign. You're going to fly with Me in the Spirit on a large plane (747) in great speed and comfort, and see glorious things out the window of revelation. You're going to return safely from your travel and share the experience with your class group. This is a good day and a good time. Let's rejoice in it together. We are going on great heights to great places today. Trust Me on this.

71. *I've called you to be healed of the wounds you've received and given, then to take this healing to others. Didn't I call you to healing ministry? Not physical healing, but emotional healing like I'm giving you today. That's why you wanted to counsel with people before praying for them at the healing room. That's why I started you on the Jack Frost material. You are called to inner healing (Christian counseling and education like I told you in 1982)*

"Ah, Sovereign LORD," I said, "I do not know how to speak; I am only a child."

But the LORD said to me, "Do not say, 'I am only a child.' You must go to everyone I send you to and say whatever I command you. Do not be afraid of them, for I am with you and will rescue you," declares the LORD.

Then the LORD reached out his hand and touched my mouth and said to me, "Now, I have put my words in your mouth. See, today I appoint you over nations and kingdoms to uproot and tear down, to destroy and overthrow, to build and to plant." (Jeremiah 1:6-10)

You are to "uproot and tear down, to destroy and overthrow, to build and to plant...You must go to everyone I send you to and say whatever I command you."

You are not yet being healed outwardly because I must heal you inwardly first. You must see and experience the connection between the two. After the inward healing I will heal your physical body...same with Beth. I will take you both there. I will heal you inwardly, then outwardly...then I'll take you both into ministry of healing others the same way. But I will do it all...in My timing. Now is the time. Today is the day. Believe.

72. A DREAM ABOUT SEEING A BAND IN A SCHOOL GYM

<p>I was in a school gymnasium. A band was performing its marching routine on the floor. I was standing at the top bleacher level looking down on them. As I stood there some band members came up to get a drink from the drinking fountain I stood beside. One man picked me up and moved me out in the hallway. I realized I didn't have my purse and needed to look for it wherever I had been in the building to try to find it. I discussed with a band member their preparing for a big band contest coming up soon.</p>

This dream is primarily about me and what I am seeing and experiencing. What I see represents a group of people who practice together, work together, perform together and worship together. I watch them from a position up above them and looking down on what they are doing. Beside me is

a water fountain from which they can get refreshed with the Word, with the Spirit, with salvation, with the Source. They come up and drink from the fountain beside me. Then an angel or messenger from God picks me up and moves me from beside that fountain into a hallway or transition area. About this time I realize I have lost my identity or have a need to search for my identity now. I realize a big contest is coming soon and there are preparations being made for it. That may refer to the "army" of the Lord competing against the "army of Satan."

This dream is like a prophetic picture of the church going through practice for marching, worshiping, and drinking of the Word and Spirit. The big contest is coming soon. I am transported out of the gymnasium or place of training and discipline and put into a transition or change of direction or place. I then realize I need to find my new identity. This is a prophetic picture of my role in the midst of these times of preparation for battle. I used to have a fountain beside me where people could come and get refreshed. Perhaps that is referring to the discipling years. Now I am going through a time of change or transition and need to find what my new identity is so I can go where I am supposed to go.

73. DURING QUIET SOAKING TIME - THOUGHTS FROM THE LORD

You are going to see changes. I've opened up things inside of you as I told you yesterday. You think of Madame Guyon and her time of writing while in prison. You've had your time of being "closed off" from people along with writing too. I will use your writings to bless others as I've used hers...but not in the same way. You will be used to help people know what is going on inside of them. Remember how people took her writings and compiled the essence of them? You too.

After the Rapture all Christian web sites will put no new material on them. That will stop on that day. They (the web sites) will be treasured by Christians during the Tribulation, copied, printed, read, used. That's what you're writing it for - those your brothers and sisters in Christ during the Tribulation and after. I will protect it on the web so it stays available. I'll take care of the web domain payment too so it stays on.

74. A DREAM ABOUT TEACHING A PIANO STUDENT ABOUT TO PLAY A SOLO

<p>In this dream I was the teacher of a girl piano student. She was soon to play a solo at a recital that I think was at a church. I was wearing a beautiful lacy long cream-colored dress. She told me she was planning to wear a gown like it, so I said I would wear something else.</p>

A teacher is one who has something to teach to others. In this dream I was that teacher and the knowledge which I was imparting was about playing the piano. Playing the piano can refer to worship, prophesying, and/or ministering in the gifts of the Spirit. I was teaching this to a girl. She could represent me, or perhaps someone else who is younger than me (in the natural or spiritual). The beautiful cream colored dress represents my mantle, covering, or anointing. Cream colored could represent gentle joy, an inner peacefulness, and acceptance of life. The person I taught planned to wear this same dress, so she took on the same mantle, covering, or anointing.

You see, I did not make you like Paul Cox, or Pastor Alan, or others who have public visible ministries. I made you to take the Kingdom of Heaven to the place where I have put you on earth and to the people I have surrounded you with...the people I bring into your sphere of influence. You get to take to them the mantle, covering, and anointing I have given you...gentle joy, inner peacefulness and acceptance of life. That is good. My plan is always good...good for you and good for Me. Accept that and relax in it. Don't think you are missing My plan for you. This is My plan for you.

75. IN QUIET SOAKING TIME - THOUGHTS FROM THE LORD

The healing is a process, not a one-time event, for you. If I healed everything at once and answered all your prayers at once, would you keep coming back day after day and wait before Me? Perhaps developing the daily habit of waiting before Me is more important (to Me) than healing and answers. You see that? I want to spend this time with you and I want you to spend this time with Me.

When the opportunity comes for healing prayer, just "glance" over at Me for guidance as to whether to ask for prayer and/or what to seek prayer for. You might otherwise ask for eye healing when My plan is for back healing.

I remembered that the Lord often gave words of knowledge about people and situations He was planning to heal.

Yes, I work by words of knowledge--and I can give that "word" to you...for yourself or for others.

I see pieces of puzzles coming together slowly and fitting perfectly. Is that a "word" for me?

Yes, for you and for Beth. You will see this in the natural now and from now on. Perfectly. So perfectly you will remember and know it's from Me.

The idea being presented was that we would now begin to see things in our lives coming together and fitting together perfectly as with these puzzle pieces. These might be things that hadn't come together before or were "puzzles" which we didn't know how to put together or make fit rightly.

76. THOUGHTS FROM SOAKING TIME

The Lord brought to me the ideas that He is my Father, and in Jesus He is my husband, brother, and healer. In the Holy Spirit He is my counselor, teacher, and guide and comforter. The idea was that He is everything I need and every relationship I need. Praise God for this!

77. This morning I felt pressured to make decisions and work on many different projects that I was facing. The pressure to make decisions and accomplish these things was heavy upon me. As I came apart to spend time with the Lord in my Quiet Soaking Time, He first had me make a list of all those thoughts and pressures I was facing today. Then He began to tell me this:

He said a spirit of stress is pushing me this morning. He said that spirit of stress is rampant in the world right now. It is an offshoot of the spirit of fear - fear that we can't handle what we think we need to get done. I felt led to bind that spirit of stress and spirit of fear and tell them to leave me and not return. Then I felt led to loose the opposite spirits. So I loosed into myself the Spirit of peace of God and the Spirit of faith in God.

Then He asked me to not do any of the list of things I thought I might try to do today, and let me know He wanted me to spend this day as a "Sabbath" day of rest with Him. Then He led me to do the very thing I really wanted to do...continue to listen to more of the teaching series by Jack Frost on *Healing The Wounded Heart*. I had been putting that off since I had so many "worldly" things to get accomplished.

Therefore I am taking a day of rest set apart unto the Lord and am spending the day being in His presence and listening to the teaching I really want to listen to. I am so thankful He has guided me to set apart a Quiet Soaking Time early in my day each day to come to Him and see what His best is for me for that day. It makes such a difference in my life!

78. "We are all in the process of becoming what we dare to envision. What is your image of yourself in the fullness of Christ? What would you be like when filled with His Spirit, transformed by His love, shaped by His will? Picture yourself! Never let go of that compelling vision. The more we get to know Christ, the more we become like Him in attitude and action, thought and character...What a difference

it would make if He had our attention and willingness to be recreated in His image!" (pg. 65, God's Best for My Life, by Lloyd John Ogilvie)

As I read this devotional last night before retiring, I was impressed with the question posed: "What would you be like when filled with His Spirit, transformed by His love, shaped by His will?" I don't remember ever trying to picture that for myself. I wondered what I would answer to that question.

You would be just like you ARE becoming, day by day, as you come to Me and let Me shape and mold you--transform your attitudes and thinking, and let Me put love into you for all the people you deal with daily. I am the key to this transition taking place in your life--daily communion with Me and daily obedience to what I teach you and show you. Will you do that? Then you will grow to be what I want you to be. You WILL be filled with My Spirit and My love, and My will. I will do it if you will do your part--coming to Me daily, seeking Me, and following Me.

79. Last night at Prophecy Class, as we were seeking words of knowledge from the Lord, L asked me if I had loneliness. I indicated that I didn't like to spend nights alone, but days I was ok. Then she prayed for me. As she prayed I thought about the time I had been spending lately dealing with areas of woundedness coming from my childhood. So I told her that as a child I feel that I put up a barrier between myself and others as protection when I didn't have my needs met for love, etc. (also security, value, and purpose). Then she prayed again for that box or wall that I put up for protection to be broken down so I could come forth and relate to others now. She really has a gift of hearing the Lord and praying forth what He puts in her. I felt so blessed and favored!

Then later K stood, went to each person, and prayed over them. When she prayed over me she mentioned things like purity, uncluttered stream to the Lord, prayers that went to Him, etc. that gave me such a sense that the Lord really does hear my prayers and there is an open stream of communication between Him and me.

80. A DREAM ABOUT OLD DELAPIDATED HOUSES BUILT ON TOP OF EACH OTHER

In this dream I was driving around looking at houses. I saw several houses that were constructed with a house on top of another house. The upper house could be entered by going up outside stairs. The lower house could be entered by walking under the stairway and behind it to the entrance door. The windows were broken out and looked in poor condition--gray/tan color. The buildings didn't look lived in, except for one upper house where a woman was out on her front porch. It seemed like this living area was unsafe and

prone to vandalism. I was explaining to someone about this type of house (one on top of another).

This seems to be prophetic picture giving information regarding houses. Since a house often represents one's self, this may be a picture of my looking at the houses which represent my ancestors and their sins, their needing revival, their neglect of their own spiritual house, etc. The houses being one top of each other may represent this going back more than one generation. Since there was a series of such houses in the dream, all beside each other, this may represent many ancestral relatives being in this poor condition spiritually.

The stairs represent steps in a process, sometimes including the concept of time. The windows being broken may represent their vision broken, lack of truth, lack of revelation, being exposed, lack of vision, and the opportunity for a thief (the enemy) to enter. The one woman on the front porch may refer to someone in the family line who was open to a vision of the future, was open to others, and who had a welcoming attitude. I could imagine that might represent my Mom, Aunt Lillie, and/or Mom's side of the family. This dream may be giving me a prophetic picture of the poor condition spiritually of my ancestors (especially Dad's side of the family), and therefore my spiritual journey started with a lack of strong spiritual roots.

My siblings and I may have already traveled much farther along than our ancestors did spiritually. We may have traveled just as far as some other people (who right now have reached a greater spiritual dimension), but since we started farther back, we aren't going to get as far along as those others. But, for us, we may have traveled just as far when we consider where we began. This fits with what the Spirit has been telling me - that I shouldn't judge my degree of overcoming against others because only God knows how much each person has overcome and where he started from.

81. Do You want me to listen to You now, Lord?

Yes, I have things to tell you.

I know you are sick today and don't feel very well. I want you to know that tomorrow I have a birthday surprise for you in regard to this sickness. You will see the surprise and know that is what I mentioned to you. You will soon be much better. What did I teach you during this time? To praise Me in the midst of all things, all circumstances.

Yes, I taught you well how to listen to Me and write what I speak to you, back then when Gordon Binning taught you about how to listen to Me. I made sure you were there and received that teaching because I had plans for using that writing you would do. Now you see what has grown from that original teaching. And you have that method of listening you were taught confirmed today through the teaching by Mark Burlinson on hearing Me.

He mentioned sharing what you write with someone else. You can now do that on Monday nights in your Prophecy group each week. Do not be timid about doing that. I gave you that group for this reason...to share what I tell you when it is appropriate.

Happy birthday, My child! You will be 70 years old in a few hours! Amazing, isn't it? Don't try to hide your age, be blessed that I have given you those years and blessed you in them. Give Me the credit for your age.

That's all I wanted to say tonight. I wanted you to know I love you, and I am aware of you all the time and what you are doing and thinking. I will never leave you or forsake you. My love is steadfast.

82. My 70th birthday! It's by the grace and favor of God that I have lived this long and I thank the Lord for that! My two daughters each gave me a beautiful card remembering my birthday, and Beth is taking me out to eat to celebrate it besides giving me gifts. Darlene just brought me a single red rose for my birthday. That was so nice of her! I do enjoy red roses! She was God messenger to bring that to me. Thank You, Lord! And I just got a phone call from Samantha to wish me a happy birthday. That was thoughtful of her.

There are two things the Lord is having me do during this "retirement" season of my life from the paid work force: 1) writing what He leads me to write, 2) and interceding as He leads me. The intercession He is having me do right now is with the citywideprayernetwork.com and with the facedown40.com.

The citywide prayer network prayer projects are:

- My Local church, pastors and leadership, the congregation, unity among the people
- Body of Christ in Lee's Summit, the move of God upon them, repentance and forgiveness where needed, readiness for revival and the move of God, unity and appreciation of differences, Word of God spoken boldly, hunger for God
- City of Lee's Summit, move of God there, God's presence evident, asking God to come, souls being saved, youth being nurtured, business community, local government, schools

The facedown 40 strategic prayer initiative includes praying about:

- The menacing threat of Islamic global domination
- The souls of millions of Muslims
- Restraining the spirit of jihad
- Shifting of the Iraq war
- Security and salvation of Israel
- The Lord will rise upon us and His glory will appear upon us. Nations come to our light and kings to the brightness of our rising (Isaiah 60:2-3)
- Global awakening among the youth and universities
- This be a glorious year of "heaven on earth" and a year where "He is coming"
- Revival, for the Great Awakening for now

- Righteousness and justice, a third pro-abortion Justice replaced with a godly Justice who loves mercy, executes justice and walks humbly with his God
- Legalized abortion removed

In an update on the facedown 40 fasting, Francis Frangipane said:

"Remember, the Lord God does not want us worrying about the future; He desires that, through His Spirit, we create the future through the knowledge of His will and prayer. This is the essence of prayer: in every area of conflict we desire God's kingdom to manifest on earth as it is in heaven. Approach this time with faith, with visionary sacrifice and heartfelt intercession, and we shall see the hand of God move mightily upon the earth."

83. A DREAM ABOUT BEING IN A HOUSE ON FIRE

I was in a house that was on fire. I saw someone in it and told him/her to stand still until I could get to him/her--like I was a fireman.

In an earlier dream, I was at a church. I was to sign the records of attendance that were kept to show who was there. I looked at the attendance sheets and tried to decide where to sign them.

That's the way I see you now, as one on fire for Me. Your house is you, and you are on fire for Me and watching to see who else is in this "house of fire" with you. The "house of fire" refers to revival and being wholly sold out to My Spirit moving in them. The attendance record shows who is attending this revival at church (the Body of Christ). You verify their participation with your signature, your recognition.

84. A DREAM ABOUT MEETING AN INVISIBLE PERSON

I was at a church trying to relax and have my quiet time (hear God). I saw some people meeting to rehearse singing music together. One lady started singing in harmony with the pastor, then other people gradually came and joined them, so I realized the group was a large ensemble. They seemed very gifted, not only in singing together, but in individual instruments some of them played. One lady played the marimba or xylophone.

I heard someone playing the piano somewhere in the building. Then I saw a child along with someone who was invisible to me. I spoke to her (the invisible person) and she talked to me, but I had difficulty understanding some of her words. I asked her name. She said

her mom was Cyd (Sid) Campbell and it seemed she said her name was Salt. I could see stuff around the outline of her shape, but could not see her body, just saw through it.

As we were talking I stepped under a place where warm water was leaking down from the ceiling (like we were in the kitchen) and it dripped on me. I stepped out of the dripping and we watched it drip on the floor. I had the feeling she was involved with maintenance for the building due to the way she looked at that leak.

The church may represent my own church, CTC. I saw myself in this church building trying to relax and have my time of listening to God. As I did this I saw those worshipping God from the heart and prophesying. The group worshipping started with the pastor, and others were gradually added until it grew to be a large ensemble or group. They seemed to be very gifted in prophecy also as well as worship.

While in this building I heard someone playing piano which symbolizes prophesying, ministering in the gifts of the Spirit, and worship. Then I saw a child come into the room along with an invisible person whom I thought was a woman. I thought she had probably been the one playing the piano (prophesying). So the one prophesying was invisible. This could mean she represents the Holy Spirit, who is invisible, who gives me the thoughts/words of prophecy. I tried to talk to her as if I could see her and she talked to me too. This is what I do to the Holy Spirit--talk to Him even though He is invisible. The name given me could be a man's name or a woman's name, both. I just thought of this invisible person as a woman. She was holding a child's hand. That child may well represent me. This person seems to represent the Holy Spirit being with me as He prophesies thoughts to me. Sometimes I can't hear Him totally clearly, but sometimes I do hear Him well also. This person is very real but I just can't see Him.

In regard to his or her name: the spiritual meaning of Cyd is righteous. For Campbell the inherent meaning is beautiful field, the spiritual meaning is consistent. For Salt: Jesus said we are the salt of the earth. It symbolizes seasoning, preservative, or covenant. So this invisible person is parented by a righteous one who is like a beautiful field and is consistent. His name characterizes what He is, so He is salt that symbolizes a seasoning and preservative in the earth, and we are told by Jesus to be that too. He also can represent covenant and we are the people of the covenant with God.

The water dripping on my head symbolizes the spirit dripping slowly into me as Mark Burlinson described prophecy (naba) as being like water which bubbles up a little at a time until it becomes a stream of the Spirit moving through me. I also saw it dripping into the church building so it could represent that happening inside the church, CTC, also. This invisible person, the Holy Spirit, seemed to be in maintenance. This shows Him maintaining what happens in the church.

85. A DREAM ABOUT CHILDREN GETTING ON BUSES

We were in an area where children lined up to get on school buses to go home. Some of us adults were there to help the children do that correctly.

This group of children represents "the church" that was training together, learning together, working together during a training time. Since they were getting ready to go home, this represents getting ready to go to heaven (that is their real home) after the training time here on earth. Adults were those who taught, helped, counseled, and guided the children during the training time. This represents those of us doing that, a group of us. The adults represent those who are older in their Christian journey, those who have gone far enough to learn some things and are now imparting that to those younger in the faith.

This dream is a picture to show you that you are one of those older in the faith with something to impart to those younger. Recognize this as a picture to encourage you to do that. Share with others as I lead you to do that, mostly one-on-one, in small groups, by phone, and quietly as you like to share. I want you to see yourself with something of value to share now. You came here to CTC to learn a lot, and you have learned a lot. Now I want to use you in one-on-one ministry of sharing as I lead you. It's called the gift of exhortation and the gift of shepherding or pastoring. That's where I now want you to be.

86. A DREAM ABOUT SETTING UP A FINAL EXAM SCHEDULE

I was trying to set up a time schedule for my final exams. I had 1 course exam written on my list but I didn't remember what other courses I was supposed to take.

What do you think this refers to?

I think it refers to the time for my final exams is now or soon...this means to me that my days left on earth are limited to only a few left. I am almost finished with the coursework I came to earth to learn. There is only one final exam scheduled for me on my schedule card list. That is the only one I know of. If there are other exams I am to take, I don't know what they are.

Well, you are right. What you think is correct. You are nearing your final exam time and it is on your scheduled list. Only I know what course the exam is over. I schedule the exam and I tell you when it is done. When it is done, you come back up to heaven to be with Me. Do not be afraid of the exam. Just follow Me step by step and I will walk with you through it--as I have walked with you through all of your life. Yes, one of the questions we will talk about is whether you have learned to love God and love others during your training time on earth. Have you?

87. *It's a daily walk by faith, walking with Me, trusting in Me. That's what you are in right now. Each day the faith comes for that day as you look to Me for it. As you reach out in your thoughts and focus on Me, then talk to Me, then listen to Me...your faith increases a notch more. It increases and increases each day that you live and walk by faith. So walking by faith is very important for your maturing and growth.*

I would wish for you great faith. Great faith prepares you for the difficulties and troubles that arise just because you live on the earth right now in a time/season of trouble. There is trouble all around you, yet you look to Me by faith for daily protection...for you and your "prayer bundle" - the group of people you pray for each day. That is increasing your faith, and blessing/protecting them also. I count this as great gain in your heavenly record.

And coming to Me each day in quiet focus upon Me...I count that as great gain also in your heavenly record. That heavenly record is your treasure chest up here in heaven that is filling and filling, more and more each day. Be glad about this. It is like a heavenly bank account that you may draw on while on earth, and later while in heaven.

I come to you to tell you the truth as I am the Truth. And My Spirit brings you into all truth as you focus on Me.

88. A DREAM ABOUT REHEARSING WITH A CHOIR

The setting of this dream was in a church. I met with the woman choir director and she told me to sing with the choir for rehearsal that day. I thought she said to sing the solo part, but I wasn't sure. So I went to rehearsal. I picked up a hymnal that was made up of two hymnals that were reduced in size and then taped together so they could both be held in one hand. I tore some of the tape holding them together, then decided the owner wouldn't want that done, so I didn't finish tearing them apart. The director came in and just rehearsed the background music to the solo, but didn't call on me or anyone else to do the solo. I looked at the solo music and saw that it was very very difficult to sing and wouldn't be easily sight-read. Later I went to her office because I wanted to tell her that I wouldn't do the solo. But she wouldn't look at me or give me eye contact. There were others around talking to her, so I didn't want to interrupt that. Then I heard her explain that she was doing that particular song at another church she was also directing, and she had someone there who had been working on the solo for weeks.

The setting was in a church so that could refer to the Church universal or to my specific church or congregation. The choir director may refer to the person leading worship of God, the Holy Spirit. That person asked me to come to the choir rehearsal, which would refer to joining in the worship at church.

A hymnal has spiritual songs printed in it that we use to sing from. These two hymnals were reduced in size, made smaller, less easy to read, but easier to hold in one hand. The two could stand for multiplication or division. It could also stand for judging, separating, or discerning. Perhaps this refers to discerning that the praise/worship was reduced in size and hard to see. I started to take the 2 hymnals apart, but changed my mind since I didn't want to upset the person these hymnals belonged to. The idea comes that these two hymnals may symbolize two churches I used to attend whose worship was small in size.

Asking me to sing a solo could refer to asking me to do something by myself with no one else singing it or doing it with me. The solo part in the music looked next to impossible to sing, especially not by sight-reading. I feared that I would be put on the spot if called upon to do that. That seems to refer to the Spirit asking me to do something that I couldn't do by myself, but could only do with God's enabling and anointing.

I think this solo refers to my coming to a different church and doing something by myself that I have been practicing for a long time--writing. It was not something I could finish doing at the other churches, but I needed to go to a different church setting to accomplish it...do the solo writing. The writing is my praise and worship to the Lord placed before others.

You don't know what all the praise and worship you have entered into here in Lee's Summit (both in church and in your home) have done to enable you to write and produce the books. And you needed Beth to help you also--that was part of the enabling. Instead of using the two small hymnals for worship, you needed special music with a special choir and a choir director who would use you and lead you, and not let you withdraw from singing the solo. I am that special choir director, and I am leading you daily and enabling you daily and showing you how to sing the solo I have for you to sing. Remember when you had the dream where I (Holy Spirit) was singing? Well, I am a "singer." And you are also a singer as you listen to Me and sing out what I give you to sing. I wanted to reaffirm this to you today. Trust in this and trust in Me.

89. *I want you to know that this dream (one not written here) does represent your new adventure and undertaking into looking at your inner child that influences you daily. It refers to the opportunity to see some inner needs and minister to them as a mature adult who lovingly cares for that child. This will be a healing situation and opportunity (door) to that. It will be good because I am driving this vehicle that is taking you there. You are doing this along with Me as your help and companion. You will minister to this little child that was left alone a lot and who learned to be quiet and not speak her thoughts and opinions out loud. You will be freed from those lie-based ideas you learned from your childhood surroundings. This is a great school for little children, and you are now involved with it. I brought you to it in My right timing, and I will continue to go through it with you. This dream is not about your daughter, but about you as a child. You wish you had done a better job of parenting her, so she symbolizes someone that you want better parented.*

90. A DREAM ABOUT COLOR BARS

There was a series of color bars (black, green, red, blue) going up and down. They seemed to represent something. The dream was about keeping these in the right order and recognizing them as they were situated. It seemed I watched as someone tried to change the order or intensity of the color bars, but then was led to put them back as they had been.

Color aspects of dreams are important. The black represents lack of light. The red, green, and blue are the primary light colors; when put together they make light. The bars needed to be in a precise order. That means the light and lack of light needed to be in a precise order and spacing. The bars going up and down may refer to this being something vertical in relationship, something coming from heaven. When someone tried to change that order, they were instructed to put them back as they had been. To me this seems like it may refer to trusting the order that God brings light and lack of light into the world and we are not to try to change that or decrease their intensity.

That is right. You may pray for My kingdom to come and My will to be done on earth as it is in heaven -- trusting that My will is good and right and in the right order and sequence, and in the right intensity. My light will come as you pray for it to come. The darkness (black) will also be here in the world right now and I am allowing it for now. It won't always be here, but will for right now.

Lord, I pray for Your light to come into the world in the specific way You want it to come, and at the times You want it to come, and spaced out as You desire. I trust Your kingdom to come and Your will to be done from heaven to earth at Your precise timing. I pray for this in Your name, Jesus. Amen.

91. In material by John Paul Jackson (sent from ElijahList.com regarding "Deepening Your Relationship With God") he says: Ask God to tell you what He thinks of you. His answer will coincide with **Jeremiah 29:11: "For I know the thoughts that I think toward you . . . thoughts of peace and not of evil, to give you a future and a hope."**

So I asked: Lord, what do you want me to know about myself? Do You want to tell me things about myself?

Yes, I do. Just wait a few minutes and focus in on Me. I want you to listen carefully.

I love you, My child. First of all I want you to know of My love. That is what everything else is based on--My love. I could not do anything except it come out of My love. You

could not receive anything from Me, except it come out of My love. My love is the key to the Universe and all that happens in it. All is based on My love, even though it is difficult for you to understand how My love works when you see evil functioning in the world. It (evil) won't always be there. Just for awhile more, just awhile more.

What do I want you to know about yourself? I have plans for you, just as I do for each person who belongs to Me. I implement those plans as you relinquish your will to Me and let Me be your Lord as well as Savior. Mostly you look to Me as Savior to save you in the midst of the difficulties of the World. I am that. But I am much more than that too. As Lord I have a great plan for your life and it is just right for you. It is not like anyone else's plan. Each person's plan is unique to that person.

I made you quiet, introverted, and hidden within yourself for a reason. Don't think you will please Me by striving to change that--it's what I made you to be. Be at peace with who you are. I know you struggle to break out into freedom to speak and share more with others, but don't worry about that. When I want you to speak out more, I will enable that. It will come, but only if I want it. If you try to get it any other way except through Me, it will be man's way, and that won't last in eternal measures. So accept yourself as quiet, calm, peaceful, and steady. That is of great benefit to others around you. It is actually a ministry to others, even though you haven't thought of it as such. It exudes out from you to those around you and gives them confidence to share with you things they need to say, and things they need you to listen to.

I made you a listener to others. You minister to them by listening. You listen well and show them you love them and care by your listening. It is a God-given gift I've given you. It can minister to your own family, your brothers and sisters, your church, and to others too. Know that you bless others by listening...and I want you to know that about yourself.

I want you to know about yourself...that you are a prophetic writer. The words you and I write together, in our co-partnering relationship, are a ministry to others whom I have in mind. I will hand-pick those people and minister to them through our writings. Remember they are OUR writings. You did not do them alone. We did them together. That is part of your life's work...to do that writing with Me. I prepared you for that writing for many many years. Now we have produced what I planned all those years. I placed you at this time in this place with Beth so you could have everything you needed to fulfill that plan. And you have done it well, My child. I am pleased.

Don't be afraid or intimidated into being something different than what you are comfortable with while with Me. I am the Person you are completely free with to be yourself. I love you completely and you know and receive that love. That's good!

What else do I want you to know about yourself? That you are storing up eternal treasures and rewards for yourself in heaven. Don't worry; there are plenty of them and you will be greatly pleased when you come here. I know that means a lot to you as I have put that desire in your heart and you have followed it.

Know that you step into "the Kingdom" whenever you come to Me in Quiet Time and connect with Me. I have had you dancing some, I have had you singing some, I have had you praying a lot, and I have brought to you revelation, understanding, wisdom, and knowledge--just what you wanted and asked for. It's in you now, and it's growing. As it grows, you grow. As you grow, your character grows. That is what you get to take to heaven with you from earth--your character, what has been developed in you over your years on earth. You have matured in many ways. You are one of those "servants" mentioned in Joel 2. You have become that gradually. It is strong and it is safe, so you can and will keep it to receive your crown for it. Then others will know who you became while on earth...what you did with what you were given to work with...as in the story about the talents. It is what you did with what you were given (by inheritance, by gifting from Me, and by society) that earns you the "Well done, My good and faithful servant."

You will go on from here (this time of writing at Beth's) and may get to fulfill your dream of helping the poor, needy, widows and orphans. I've put that dream in your heart, just as I put writing in your heart. That dream will also get to be fulfilled as you look to Me each day and "follow Me." Right now you don't know when or where that will be fulfilled, but it will, trust Me.

This writing may end when you leave here (Beth's home) -- at least writing and publishing for others. But you will continue to write for yourself from Me. That may be useful later to someone.

You will continue to learn and grow as long as you are on this earth. I know you have a great love of learning and I put that great love in you. You will read, and you will listen, and you will watch others, and you will learn. I will take this learning down deeply into your heart to develop you to the place I want you to grow to. All of this will have an effect on your heavenly work and living place. By your light you will be known here. You will have great light. You will be pleased with what was done with your life, and you will praise Me for all eternity. You will sing to Me and worship Me, and dance for Me, and love Me in return for all that I am doing for you while you are on earth.

You will help others with your dream for yourself. That will help them see that they can also dream with Me and find out what I want for them and am doing in them. As you share your dream, it will encourage others to dream. Your dream is writing and helping the poor, needy, widows, and orphans. This dream you will share with others as you continue on through life. Remember all the ideas you used to have regarding "operation blessing" and helping people get clothes and food as they needed? Remember all the times I stirred your desire to help the needy through people contacting FUMC for help? Remember that great desire that led you to share what information you could give them for getting help? Remember your great interest in Mannitee Religious Services setup? These were all preparations toward what will yet be fulfilled in your life--after you leave Beth's house and go to the next place I have for you. I will show you the way to that too. I look forward to it!

Your health will be quite well taken care of by Me, since you look to Me as your Physician. I will use servants/people on earth who have learned health issues to impart that help to you. I will also deal with your health issues directly and privately and publicly. You are trusting in Me and will continue to do so.

92. A DREAM ABOUT REMOVING GATES TO ACHIEVE UNIFICATION

In this dream I saw people standing up on a balcony-like area. They were chanting together some word. I think the word was "unification" or something meaning that. There seemed to be a gate separating them into two groups, and they wanted that gate taken down so they could be "unified" or together. I went and got the gate that was made of 4 sections. They looked like baby gates with X's crossing. I took those 4 sections into an area where many people were sitting on chairs. I sat each gate down and propped them against a chair or something. Then I went to the man in charge to report where the gates had been put. He acted like he didn't need to know where they were put.

Gates may refer to a blocked place that needs to be passed through or opened in order to go somewhere. These gates seemed to be blocking two groups of people from being together. The people were calling for the gates to be removed so they could achieve unity. I think these gates may represent things within my life that have blocked the various parts of me from being unified. These came from baby years since the gates looked like baby gates. Perhaps the two parts of me are the childhood part and the adult part. The number four symbolizes the four gates that have kept the two parts of me from ruling and reigning in life. In the dream I was the person who took them down and placed them in a room of people who were resting in chairs. These people resting in the room may represent the church. I think the "man in charge" might refer to Jesus. He didn't need to know where I put those gates. The gates were not blocking things anymore. This is a prophetic picture about the gates being taken down in my life that have blocked me from ruling and reigning in life.

93. Thoughts that came during the night which I wrote down:

That's what an intercessor is--he's the one shooting water up from the Fountain of Life with great force, and it then sprays around on the target area and produces My life there. Then the water falls back into the fountain to be shot upward again by the intercessor.

There is a Fountain of Life within me. When I intercede for things it is like shooting up the prayers with force so that it sprays on the target area and produces His life there. Then the water comes back into me again and can be sent upward again.

94. *I am with you now. I am listening and watching as you try to discern what this dream means and how it fits with your group meeting last night. I was there. I worked My work through each one of you. In a "family" which you are now, there will be differences in looking at a subject. That "difference" may come in the form of, or be stated as, a "spiritual revelation." You don't know whether the "revelation" was from the spiritual realm and gifting, or from the soul of the person relating it. She doesn't even know that. She fully believes this is a revelation from Me, and presented it as that. You all tried to share your thoughts as best you could while wrapping her in affirmation and appreciation and love, but it was hard for her to receive. She felt rejected, and you discerned that in her attitude and actions. Yet you all did accept her, just not necessarily what she brought as ideas to consider. She is immature, as you noticed in various situations. But she does belong to Me and is loved very much by Me. You have felt you received revelation at times and then grew to believe it wasn't really from Me but from someone else. That can happen to anyone in your group.*

You all did well in your love and acceptance of her while not agreeing with her "revelation." It is part of the process of separating the person from the message. You all grew through this experience, and it was good. You can continue to pray for her to be blessed and taught of the Lord. I will help her to feel accepted, and help her to look at the message separately from herself.

I wanted you to deal with it this morning, so I gave you the dream to bring it up. Understand and receive that it was handled ok. Let Me take care of the consequences. You had the right idea when you told someone she needs to be taught some things about gifts and how they function. She has had limited experience on that, but so did you at one time in your life. You can help teach her while loving her and so can the rest of the group.

95. *Yes, I have things to share with you today. It is the last day of March and 1/4 of the year is gone/past. I am doing great things and you will share in them and be pleased with them. You have prayed for these things for many years- especially revival all around the world--thousands and millions coming to Me. I am doing that now while the intercessors are praying in the facedown⁴⁰ and intercessors are praying all over the world under My direction and guidance. It is happening, and it is producing the desired results. I want you aligned with intercessors, that is why I gave you the desire to attend the intercessor dinner rather than the soaking group at the women's advance. They are both good. It is just that I want you aligned with the intercessors. That is why I guided you to want to be part of that group. That is where you fit, where you belong.*

Don't worry about what you will do after leaving Beth's house. If I want you to leave, I will arrange for your place of living and the person/persons with whom you will live. I will always take care of you as you are My child, My companion, My bride, My sister. I love you and will always take care of you.

Things will change drastically in the world soon. It must for Me to accomplish all My work that I am doing just now. Do not fear the changes. I am in the midst of all of them, even though some changes will come about through the enemy's attacks. Keep praying for your loved ones, your prayer bundle, daily. I hear those prayers and answer them as you desire. That's one reason they are all doing so well. There are other reasons too, but one reason is your prayers. I hear them and say yes to them each day.

96. You're trying to teach me something, Lord. What is it?

Keep studying and pondering and asking. I will guide you and show you. I am showing you that your prayers are fresh and new and preserved in your book of life and remembrance stored up in heaven. I can see your book and read it (even as you look at a scrapbook of remembrance). Your prayer "leaves" come from being planted by My stream of water, My river of Life...so they represent Me and what I want you to pray. Know that I want you to keep praying and seeking Me, and seeking understanding. I am training and disciplining and discipling you. I am encouraging you to be strengthened. I want you to see this discipling as coming right from My throne room as you are part of the church of the firstborn. The firstborn are those who are My Church, My Bride of Christ. Others are already there in heaven sitting with the firstborn. Others, like you, are still on earth, but you are connected to this church of the firstborn because you belong to it also--from the foundation of the world your names have been written there. You are going through your training period right now. Those already in heaven have completed their training on earth. But you still belong to that group referred to in Hebrews 12:23.

My intercessors often have to set themselves apart unto Me and listen, and pray what I give them to pray. That's part of being an intercessor. That's what I am doing in you today. This is good!

This is the last day of the fast (facedown40). This is the result of participating in that fast unto Me to call forth My kingdom to come on earth. I have heard the "fast" plea. I have heard the cry from you on earth to Me in heaven. I am coming down now--in My fullness. It is about to begin! My fullness will overwhelm all those who do not belong to Me, and will empower all those who DO belong to Me. My harvest will come out of this--My fullness being manifested on earth--this time as Lord and Savior, and conqueror. It will culminate by eliminating all My enemies and setting up My kingdom completely on earth and My ruling and reigning there. You, and all who belong to Me, will rule and reign with Me. Then the prophecies about the "millenium" kingdom will be fulfilled. You will see them fulfilled. IT'S TIME TO BEGIN!

97. Today the Lord led me to ask Him to give me His love for the people in the Prophecy Group. It is in preparation to participate in the Agape Reformation. He reminded me that I am to do unto others as I want them to do unto me. Also I am to love my neighbor as myself. And I can expect to be judged in the same way I judge others. So I am asking for His love to fill me for others so I can love them as myself. I know I really care about myself, so I want to really care about others too. But I surely don't have that within me as part of my human nature. It has to be something given to me supernaturally by the Lord. I cannot confer it upon myself or grow it myself. But I can ask, believing I will receive. How did You love others so much, Jesus?

The Father, God, gave it to Me daily as I asked Him daily for it. It is surely not something humans are born with or grow into naturally. You are right. It is supernatural and comes out of My kingdom. So it is near. But you must seek it daily and sometimes even moment by moment. Keep doing this and keep working on this all the rest of your days on earth. I will help you and remind you. Even if someone really irritates you, ask Me to give you My love towards them. This will change you profoundly. Yes, it is part of the Agape Reformation you heard about. It is what I am doing right now on earth...bringing My people into a profound God-given love for one another and for others outside the Church. This will display My glory. Remember, they will know you are Christians by your love. They will know you are My disciples by your love. Keep seeking to be filled with My love daily. This is My desire and task for you right now. This is My best for you right now. This is My goal for you right now. This is My goal for CTC too...to be filled with and led by My love.

98. Listen to Me carefully. This is a message I want you to truly HEAR. I want you to know what is coming, as you are one of My prophets. And you care enough to ask...

The judgement is coming SOON...very very soon. You will see it with your own eyes, just at Timothy Hicks saw the things that happened in his vision of the end times. But you will be up high above the destruction, up in heaven with Me and with My Church - watching and grieving with Me that so many rejected Me. So many. So many will reject the light offered to them. But all you can do is offer it. And you are helping offer it as you pray for those going out to share the Gospel, and as you financially help with that work.

It's not much, Lord.

It's what I want you to do. It's what I prompt you to give. It's your part.

I pray for Your Church, Lord, around the world, giving out the Gospel, living out the Gospel before all men. I pray for Your Word to go forth in Your Name to all whom the Father calls to You, Jesus...just as He called them to You when You were here on earth. I pray for Your Kingdom to come and Your will to be done on earth as it is in Heaven.

Just expect judgment day to come soon, My child. And soon means within the time just after the revival. After the revival harvest, then I will take out My own, all who truly belong to Me, and then the judgment will come. After that, the war will be over and "Armistice Day" will be upon the earth. The war will be over and I will have won through My people and through My power. Then you can look forward to the millenium and peace and joy and Godly relationships on the earth again...like before Adam and Eve fell. I finished everything that was needed to accomplish this when I was on the cross. Now I will finish carrying it all out through My Church and My power...just like it talks about in Revelation.

99. That is the truth, and that is the message you are and will be giving to others...that rest comes from worshiping Me with all your heart. As you worship Me, I give you rest and sleep. You want to know how to sleep better? Worship Me from your heart. That is the song that will enable you to sleep because it involves focusing on Me, talking to Me, praising Me, and eventually trusting in Me. It brings forth My favor to the one praising. And My favor can be sleep when that is what's needed. That is the message of this dream...to you, and for you to share with others.

100. I'm growing things in you. It's the mother heart of God. That's what your dream was about - growth of My mother heart in you. (El Shaddai)

How will this manifest, Lord?

It will come upon you and just be part of you - as naturally as you breathe. It will be Me within you, Christ in you, showing Myself as I really am. Naturally, not something contrived. You won't have to force it to come forth - just be you, and this will come forth as part of you. See, I do it all. You just receive - just like you received the gift of salvation. It's all happening in My way and in My time. You don't need to tell anyone or declare it. It will just be. Just as I AM.

It's already there, within you, as I am already there. It just has to be activated by Me - and that's what I've done now. It's done. You'll see this start to manifest and you'll know it's Me within you, as part of you, doing this.

What will it look like? You'll notice new thoughts, new attitudes, new desires rising up within. Just "follow Me" when those come - follow Me - and I will take you where I want you to be.

Follow Me each day and each moment, remember? And you will always be in My will - doing what I and My Father will for you. Only one tiny step at a time, letting Me come forth through you and use you, for My glory.

You've made the "connection" with Me, and your character is ready, so "In His Time," now, we are going forward. The preparation time here in Lee's Summit is done. You will keep on learning, but also doing at the same time.

Do I have to pray this into being?

It's already here. It's already within you. Just don't quench it. Just let it flow - like rivers of living water flowing from within you. It will be very pleasant to your heart and soul, not hard.

When I give you messages after this, you pray for what I've told you in the messages. It's time. And any you read back over - pray for those messages to. It's time.

It's time. That's going to be My message to you a lot from now on...it's time!

101. A DREAM ABOUT A BEECH TREE WITH PINE TREES GROWING FROM ITS ROOTS

In this dream I saw a beech tree growing in the garden at my childhood home. It was a large tree and had visible roots. On the roots grew two smaller pine trees. It seemed we were discussing cutting one of the trees down to use for a Christmas tree. We were trying to speculate which tree would fit the size needed in the living room. Although I discussed this with someone else I don't remember any specific person in the dream. It was mostly just what I saw, without actions.

Beech tree: smooth silvery gray bark, golden fall foliage, beechnuts, large branches, much shade from leaves, roots near top or on top of ground, need to be planted in a large space due to size, slow growing but can live hundreds of years, edible food for animals and people, the word Beech can refer to a book or a tree as the ancient writings were on Bechen boards

The Beech requires a thoroughly drained soil, and accordingly flourishes on high ground, whether calcareous or sandy. Its gray stems may thus be seen--often of great girth--throwing out their spreading roots. Its roots spread far and close together to gain a firm footing that the gale can seldom overcome. The leaves have glossy surfaces, reflecting every glint of sunshine.

Hollies and other evergreens, bracken and brambles will grow beneath its shade, and it must not be forgotten that it is a tree which, for the development of its highest beauty, should occupy an isolated position.

The autumnal splendor of every other tree fades before that of the Beech, which continues the longest of all, and under particular circumstances is of the most brilliant description. This arises from its lucid leaves, which vary in hue from auburn to gold color and umber, reflecting back the level rays of the descending sun, and thus burning with pre-eminent luster, like a sudden illumination.

Does this beech tree refer to me, Lord?

Yes. It can refer to your books and to you. You flourish on high ground. You throw out spreading roots that gain a firm footing that the gale can seldom overcome. You reflect the Son's shine. You occupy an isolated position. Hollies and other evergreens can grow beneath you. You give off fruit that is edible. You have been slow growing but can live a long time. Your books have been slow growing but will live a long time and give off a reflection of My shine/glory. Now, what grew from the roots of the beech tree in your dream? Evergreen trees represent eternal life/immortal. From you, especially through your books, will come words that bring eternal life to others. In this case two represents multiplication (of eternal life coming from the beech tree). This is a prophetic picture of you and your writing ministry for Me. The Christmas tree part of the dream refers to the giving of gifts to others through the beech tree - you.

102. A VISION OF SEEING LINES OF WORDS SCROLL UP ON A PROPHETIC MESSAGE

I saw in front of my eyes a picture (vision) of lines of words scrolling up which is the way it looks as I scroll down lines of words in an ElijahList prophetic reading. There were bars of information/stuff on each side of the lines of words that were scrolling up. This was seen with light and color, not against a black area as impressions sometimes come when my eyes are shut. Therefore I believe it was an awake vision. I sat and enjoyed watching these lines of words scroll up. It seemed so real. It was almost a surprise when I opened my eyes and realized the picture wasn't still there.

I think this vision is to bring me the "prophetic message" (like they give on ElijahList.com) that the dream I had previously was a prophetic dream.

Later, a different day, the idea came that those words scrolling up may also refer to the Scriptures I am reading daily, three times a day, as medicine for healing - according to an article I read by

Derek Prince. It is not unusual for the Lord to give me added revelation regarding a vision or dream at later times like this. That's one reason I like to record this information.

103. A VISION OF WHITE HORSES COMING TOWARD ME ON A HIGHWAY

During my quiet time I saw an impression of myself driving a car on the right side of a 2-way highway. In front of me I saw a group of white horses running toward me on the same side of the highway I was driving on. I thought they might pass on either side of my car if I drove slowly through them.

The white horses may indicate a movement of God at this time (or coming soon) along the way of life of Christ and His Bride. This movement of God is coming toward me and my personal ministry in such a way it will impact me head on. I am thinking of what preparation I must take to deal with it.

104. I awoke at 12:11 a.m. and the Holy Spirit said:

You're filling yourself up with a lot more of Me and My Word, so that I have a lot more to say to you now.

The healing is not just happening in your body, but your soul also. It is "unblocking" you so you can hear Me better and receive more revelation.

This refers to my reading out loud the Scriptures three times a day (morning, noontime, and night) as Scriptural medicine for healing as Derek Prince said he was led to do by the Lord (in his book *Atonement*).

105. A DREAM ABOUT CARS IN A GARAGE BEING LOWERED IN THE GROUND

I saw four cars - each in a corner of an open-topped garage. They were being partially lowered into the ground - some lower than others. It may be they were being lowered by people digging dirt from beneath each one causing it to be lower. I seemed to be observing this, not participating in it.

Car refers to a life, person, or ministry. It can mean a personal ministry or vocation. A car in a garage refers to being at rest. Four refers to reign, rule, kingdom, creation, or world...God's creative works.

The four refers to God's creation, mankind, and their relationship with the earth they live on. The cars refer to ministries on this earth. Some are being lowered by the people in them. Some are not as low as others. This is representative of people and what they are doing. They are separated into the four corners of the world (open garage) and each part is having the ground (stability, what sitting on) dug out from beneath. They are all at rest (sitting in a garage) but open and visible to everyone else. They are all doing their own "digging" without relating to the others in the world. This is a picture of the four corners of the world, representing all the people of the world, and their becoming lower or less stable by taking solid ground from beneath them. This is just a picture for you to observe, to know that things are getting less and less stable in the world.

106. A DREAM ABOUT TURNING ON LIGHTS ON DIFFERENT THINGS

In this dream I was in a large double room area like a large living room or reception area. This double room area was huge, about the size of all of Beth's downstairs placed in a line, and even larger. I was going around the room pushing on the section of various plugs that seemed to be a button section. When I did, it would light up something - a picture, a sparkly greeting card with a picture of a lovely landscape covered with glitter, a light fixture somewhere, etc. I didn't know what was going to light up when I pushed the plug-like button, so it was a surprise each time to see what would light up. These plug-like buttons were positioned about the height of my head on the walls. I thought someone was really smart to position them there, rather than down near the floor, so it was easy to find them and push them without leaning down to do it. As I was doing this, people started arriving. I seemed to know they were supposed to come, so I wasn't surprised. They came in and met in small groups around the sides of this large double-roomed area. I thought I might go and get some drinks for them and put the drinks on a card table or something so they could help themselves as they wanted.

I gave this to you. It is a God dream. It pictures something I want you to meditate on. Turning on lights in places is what I have you doing right now. Lights represent Me shining My light on a person (picture) or place (landscape sparkly) or place (light fixture). I make the switches at eye level so you can look for them with your eyes - your spiritual eyes as well as your physical eyes. You have to hunt for the switches along the wall of the house. The house refers to you and the wall is in the living room. This refers to a place of revealing things in a place of fellowship - a place like that of a church or family or friends. This can refer to your church, conferences, small group gatherings, or one-on-one meetings. The people coming there are the people who attend these places where you are. It could even refer to the people who come to your fellowship place on the web and

read your books. You not only give them a place of fellowship, which you are preparing, but you make plans to offer drinks to them. These refer to things that are refreshing - like My words, My thoughts, and encouragement from Me.

It is what you did with Jean yesterday and today as you shared how I provided for you and guided you through selling your home and moving. She now has some idea how I might work in her since she heard how I worked in you. This is what you did for the woman named Jo who came up to you and Beth this morning spontaneously and talked to you. She didn't seem to know why she chose you to talk to, and you didn't really know her, but I brought her to you both so she could find some "light" in her own spiritual journey through the two of you.

107. The Lord is teaching me this morning about the Bible verse in Matthew 7:1-2 that says:

Do not judge, or you too will be judged. For in the same way you judge others, you will be judged, and with the measure you use, it will be measured to you.

In Luke 6:37-38 it says it this way:

Do not judge, and you will not be judged. Do not condemn, and you will not be condemned. Forgive, and you will be forgiven. Give, and it will be given to you. A good measure, pressed down, shaken together and running over, will be poured into your lap. For with the measure you use, it will be measured to you.

What I "give" can refer to money, but it also can refer to thoughts and attitudes I "give" toward others.

The Lord is teaching me that we are taught by society and our families what is ok and what is not ok. We are taught what is good and acceptable according to them. This includes what looks good in clothes, hairdos, makeup, houses, cleanliness, styles, colors, etc. We are taught that things that are outside this "acceptable" box, are not as good.

I am reminded also of the song from the musical *South Pacific* which says: "You've got to be taught to hate and fear....you've got to be carefully taught." The idea was we've got to be taught prejudice against certain races or people groups that the society we grew up in were prejudiced against.

So I am asking God: what are the standards we should use in judging others, since we will be judged by the same standards. He has been showing me that the standards we use are in our minds, and we use those to judge others. Then we also judge ourselves by those same standards and expect others to judge us by those standards also. So, in our thoughts and expectations, we ARE being judged by other people by those standards. We think they look at us the same way we look at them. In that sense we are being judged in the same way we judge others. If we don't measure up to those standards ourselves, we "feel" judged or looked down upon by others for not measuring up, even

though they may not think that way at all. Still, in our own minds, we are being judged by others by those same standards of judgment.

When I asked Him what standards we should use to judge others, He said we were to look into their eyes and look at their hearts and judge by what we "see" in their hearts, as He does. We are not to judge by what kind of clothes they wear, or what kind of house they live in, or what kind of car they drive, or even if they drive a car, but by their hearts. God is the One who can give us the ability to see into people's hearts, and I am to ask Him to give me that ability.

I asked Him for forgive me for judging by standards taught me by the world and not by His standards. I asked Him to put His mind and thoughts in me to judge/evaluate others by. Then he said:

The gold standard, the gold standard, that is what I use to judge/evaluate who people are and where they are in their attitudes and relationships with others and Me. The gold standard is the one that is pure, very valuable, and has eternal value. That is part of what your dream was about - hearing about the gold standard and knowing that it was important to learn the value of it.

You are forgiven for judging most of your life by a standard taught to you by society that may not necessarily be My standard.

So today I am strapping on to my feet the new attitude of seeing the gold inside of others, seeing that which is of eternal value inside of others, and judging by that...for that is surely the way I want to be judged.

108. The Lord did a wonderful thing for me today. He knew that I had wanted to buy a hot pot to provide continuous hot water for guests for hot drinks. I had looked at Westlake's Hardware Store and saw one made by Rival for \$16 plus tax. That was a little much for me to spare to pay for one, so I passed on that. But I still often looked for one at the Goodwill Store each time I went there for the last several months.

But I wasn't thinking about that today as I drove towards HyVee and Osco for some shopping. While driving there the Holy Spirit planted the thought in me to stop by Goodwill and see if they had some slip-on summer shoes I had been thinking might be nice to have. So I went there first and began looking around on my way to the shoe section. And there it was - an electric hot pot by Rival sitting on the shelf! I picked it up, and then saw another one which was brand new and still in it's wrapping - for the same price as the used one: \$4.98!

Now, realize, I had looked at that store many many times over the last 5 months and didn't find one. So today I got my electric hot pot, exactly the kind I had previously wanted, for less than half the cost of the one at the hardware store! I was so pleased, because I had not even thought to go to Goodwill and look for that again today. But the Lord knew it was there! And He guided me to the

right place at the right time. He knew there was one waiting for me and today was the day to get it before it was bought by someone else! He is so good! And, yes, I got the slip-on shoes I wanted too. The Lord surely knows how to provide for us as we trust in Him! Even for something as small as an electric hot pot!

109. The hallway of transition is where you are right now, My child. You are pressed in it tightly and can't go back and can't go forward either. Your way is blocked and you are feeling claustrophobic. You are not as tall as the others in the hallway, so you can't see what is up ahead or how close you are to the end of the transition hallway. But know I am with you now and will continue to be with you all the days of your life. It is a position of waiting, waiting on Me. "And lo, I am with you always, even unto the end of the world."

110. I had a dream about being rejected. As I sought the Holy Spirit about the dream He said:

This is a dream out of your self. It is displaying the rejection and need to be loved that was planted inside you as a little child. This rejection was confirmed from your husband when he rejected you for someone else...and told you so vividly. Now, My child, I need very much to affirm to you that you are loved, you are accepted, by Me, and that love will NEVER leave you or reject you. You will ALWAYS be loved by Me, no matter what human beings say or do to you. This dream was allowed by Me so you would be ready to read that chapter in the book ATONEMENT by Derek Prince today about how I took your rejection on the cross so you could have My acceptance. That is the truth! You ARE accepted in the Beloved and always will be. You DO belong to the very best "family" on earth - those who belong to Me. You are loved within that family, even though their love is not yet perfected. It is moving toward perfection and will eventually be perfect when you all come up here to be with Me.

111. A DREAM ABOUT HAVING A SOLO IN A STAGE PLAY AT CHURCH

The setting of this dream was a rehearsal at church. We were practicing for a stage play. I had been singing a line along with someone else as I entered the stage. I was then told by the director that I was to do the line as a solo in the actual performance. I wasn't sure I could get the words out, but I was going to try. The line I sang was to a young man on stage.

This dream represents the spiritual (held in a church) drama we live out day by day. Our lives are like a stage play to the world as they watch how we live out our beliefs. My singing along with someone else refers to how I can read books, hear talks, listen to CD's, etc and "sing along with" the person I am learning from. However I must live out what I learn by myself; no one else can do it for me. The line I was to sing was to a "young man" who stands for Jesus, my Lord. He is the One who is on stage watching me as I live out what I learn while on this earth - living out this "stage play."

112. 4:50 a.m. I awoke and heard this message coming from Jesus, so I wrote it down:

I am committed to those who belong to Me. I am with them all the time, just as I was when I was on the earth. Now My Holy Spirit is in them and will never leave or forsake them. I can be counted on and depended on. I love those who belong to Me with an everlasting love, an everlasting love for all eternity. I want My children to know this and believe this.

You are one I want to know this. You are important to Me - forever. Don't think I will ever leave you. I love you. You are My Bride, always faithfully committed to Me. I want you to know that I know this and am aware of this and am aware of you. I know you love Me. Thank you for loving Me.

5:05 a.m. Now you are surrounded with grace (505)...and I am Truth and Grace surrounding you. I love you!

113. A DREAM ABOUT A WOMAN IN BLACK AND WHITE - LIKE PHOTO COLORS

The setting for this dream seemed to be a school campus. I noticed a large bin with wrapped boxes that looked like gifts in it. I looked them over and realized they were wrapped different ways and the wrapping indicated what was inside them. Some had pumpkin pie, some had chocolate mints, and I don't know about the others. It seemed that each one of us were supposed to get a box given to us, so I chose chocolate mints.

I saw a short lady standing along the road. When I saw her before I got to her, she looked black and white like in a black and white photo, then as I passed her and looked back, she was in color like all the things around her were. I thought the black and white photo look was a sign that she might have evil intent.

I went to the area of campus where the Director was leading classes to try to tell him about the black and white woman, and I was waiting for him to finish teaching class to tell him.

He was leading a handbell class next after that current class and I was involved in playing in the handbell class also. Several of his students told me they couldn't come to the handbell class this time because another class, which they had to take, had been scheduled at the same time, and it was the only time that class was offered. So I told him they wouldn't be there this time due to that other class.

This is a prophetic picture of seeing yourself changing from the past experiences and past you to the present and future experiences and you. You have received a gift on this campus of learning and you are now giving out gifts to others. That is what you will do from now on - give out gifts to others. There was no evil intent in what you saw; it was just black and white like in old pictures, so you suspected it because it was different. The handbells represent a change coming - but also your showing in a tangible way the Spirit of God to those who are also on the road, the journey, in this life. You give to them as they travel/walk along. I am the Director instructing you and enabling you to ring your handbells along with others also in the same class. Some people leave the class to study something else, but you are still in that class.

114. This morning during Quiet Time I spent time reading and decreeing the Rhema Scriptures the Lord had given me. As I did this, the Holy Spirit spoke often to me. He told me that reading and decreeing/proclaiming Scripture that He had given me was like opening a portal over me so that He and I could connect there. **He told me to do this every time I was under spiritual attack, discouraged, felt I was a victim, or needed encouragement.** He said he would never leave me and that He would always talk to me. This is His way of strengthening me in the tough times. **I am also to do this each morning to start off my day. He said that doing this and trusting and resting in Him opened the way to allow Him to work out His plan in my life and for what I am to do.**

115. A DREAM ABOUT PREPARING BOOKS OF CHRISTMAS CAROLS

In this dream I was preparing pages printed with Christmas Carols and sorting them into books which I then fastened together. The pages were large, about 18" high by about 14" wide and they were different colors. A few might have had pictures on them also besides the words to the Carols. I was working to try to finish them quickly because a group of us were going to sing Carols at a display area out in the hallway at the entrance to an auditorium. Various people came into the room where I was working and I talked to them while I worked.

It means you are coming soon to a great time of rejoicing along with many other Christians, a time of singing and praise and worship for Me and My birth into each of your lives, and all the aspects of who I am. This is a prophetic dream to give you hope and a picture of what is soon coming. It is to encourage you and give you joy in Me.

116. I love you, My child. I'm healing the wounded places all through your body. Even more important, I'm healing your soul and your spirit. I'm putting My peace in your body, soul, and spirit.

My Word is your connection line (portal, tunnel, ladder) to Me. I come like that ladder Jacob saw in his dream - connecting you with Me so you can hear Me and write what I say. That is the way I work in you. We connect through My Word. This is your verse for the coming time starting even now:

The Sovereign Lord has given me an instructed tongue, to know the word that sustains the weary. He wakens me morning by morning, wakens my ear to listen like one being taught. (Isaiah 50:4)

117. A DREAM ABOUT VISITING A CHURCH WITH ACTIVITIES IN VARIOUS ROOMS FOR DIFFERENT AGES

In the first part of this dream I drove to a church in a town I wasn't familiar with. Later I wasn't sure I could find my way back from it to familiar territory. I seemed to be the guest speaker at a meeting and was taken to a room with lots of adult people sitting there waiting for the meeting to begin. They were sitting just as close together as they could possibly get on the pew seats. I exclaimed over and over how many people were there and how close together they were sitting. There was not one single seat available. I was up front looking over the group while we were waiting for something to start that was to begin the meeting. I also remember that they all seemed to be smiling and happy. Eventually two people stood up and started talking to each other like they were acting out something planned. This seemed to be the beginning of the program.

Next, in another room I watched young/little children who were stepping carefully on small circle-like decals that were stuck on the floor. A man (the pastor?) and I watched them and he mentioned they had bought those decals, that the decals probably wouldn't last more than 3 times being used, and perhaps that wasn't such a good idea to have to keep buying them again.

I walked around the church hallway and came to another room where slightly older children were using some type of gym equipment and exercising/playing in that room. The round-looking equipment looked like jumper/walker things used by children to help them stand and walk. It was colorful and fun looking. I thought that was such a good idea to have this available for them to use.

In another room there seemed to be poster/pictures there. I saw some on the floor and proceeded to tack one up on a bulletin board.

I kept wondering how I was going to find my way back home from this place, especially since it was nighttime and dark outside. I wondered where I could get directions.

Lord, am I supposed to learn something from this dream?

You're supposed to learn to see what's happening in the Church all over the world and that there are many and various rooms of learning people are going through. All the various rooms are important and are going on at the same time. You are the observer in this dream, seeing as a prophet sees, a wide scope of activities in the Kingdom living of My people.

You wonder at the end of the dream how you are going to find your way home. I want you to know that I will take care of that and you do not have to "find" it. I will take all of you home to be with Me. And you are right to notice that all the seats were packed full in the first scene - and that means all My people are now chosen and waiting for something to begin - the Rapture to take them out of earth to heaven. And notice they are smiling and happy and packed into the room. The time is near for the Rapture. All different stages of Christians are represented and will all come to Me at the same time - and it is certainly dark outside.

This is a prophetic picture dream to encourage you to keep on working in the Kingdom for Me and with Me to help people along in whatever stage of their faith journey they are in. Some are still in the pre-Christian stage, but they are already chosen by My Father just the same. They will yet come to believing faith in Me - and soon.

This is to encourage you. The Rapture is soon, the choosing is complete, and soon the last pre-Christians will give themselves to Me. It is happening fast now. Know that it won't be long, and then the Rapture will take out My Bride, and the tribulation will begin. You will not be here much longer. Use your time to draw closer to Me every day, and I will show you how to walk during these days.

118. A DREAM ABOUT LIVING IN AN APARTMENT WHEN THE CLOCK STOPPED WORKING

The setting at the beginning of the dream was in my apartment within an apartment building. I was in the last apartment at the end of a row of them. I could look up through a window and see people walking outside so it was like my apartment was partially underground. I saw a couple of girls out the window and waved to them.

The owner of the apartment building came to my apartment and brought a whole bunch of students with him. They set up chairs in my apartment and started to have a meeting. It was around 4:00-4:30 a.m. or so, so I told him I wanted to go back to sleep and get some more sleep, so his group left. I wanted to know what time it was and found that the clock in the room had stopped and that my watch hands had come loose, so I didn't know what time it was.

He took the students across a hallway to a library and had them fill out their new schedules for studies there. While they were moving, someone came into my apartment that I knew and who was curious as to what was happening.

Then I was trying to get some juice to drink. I realized that I also needed to read about the new class schedule possibility and fill out my own class schedule. I was then trying to get juice to drink while trying to do my own class schedule, but I don't think I even had a list of the class possibilities to start with. I just knew it was time to start the first class and I wasn't ready to know where to go.

So I take this dream to refer to a warning that:

1. The time is here for global events (like the mid-east war taking place the last few days)
2. It is not a time to sleep
3. It is a time to cultivate the fruit of the Spirit
4. It is a time learn under the Lord's instructions
5. I will be in an apartment relating to others during this time
6. The time is set and will happen

Beth says my being in the last apartment may refer to this apartment being the last one I will live in on earth. She also says the clock and watch stopped may refer to time not being relevant any more.

Now, Lord, do You have anything to tell me about this dream?

Yes, My child, I WANT to talk to you about this dream. You are right to recognize that it is an important dream and that you should pay attention to the details in it. The time is here. The time is at hand for global events to happen and for you to be awake, alert, and listening to instructions and learning from Me...every day, every hour.

Yes, you will soon be in your own apartment, wherever that is, and you will be relating to and getting spiritual revelation about those people near you. You will see many global events happening and will need the fruit of the Spirit to fill you and help you during this time. What I REALLY want you to know is that I am with you and with My people (in the same building) during this time and will help you learn/know what to do, where to go,

what to say even while you drink and give out the fruit of My Spirit: love, joy, peace, patience, kindness, goodness, faithfulness, gentleness, and self-control. Very important to have those fruit during this "time."

Yes, this is a warning dream and an alerting dream to what time it is now. Trust Me. Trust Me to take care of your housing needs and your financial needs and your medical needs. I am the "landlord" - the person in charge of it all. I have it all under My control and I know exactly what is happening and when. I am taking My students to the library to keep them educated and learning from Me. You are one of My students, too, along with many others. I will never leave you or forsake you - no matter how bad the world around you looks and what time it is for the world.

Keep praying, keep seeking Me, keep trusting that I can handle whatever comes into your life. I am here for you, My child, and I will always help you cope.

119. A DREAM ABOUT PICKING THE LAST STRAWBERRIES IN A GARDEN

Lois, Mom and I were in the garden at our New Haven home. We were picking the last of the strawberries in the garden. I saw the strawberry leaves and recognized them. As I pulled up the plant I saw many little green berries and only 1-2 or so red ones. Lois called these last berries "freeze dried" and indicated these were really good, maybe even the best. The next morning I looked out the window from the upstairs part of the house and saw that the whole garden had been plowed under by my father. Just before I awoke I saw the words printed: "One woman's calling them."

It's just about time to plow this world under and start over. The last of the fruit is being picked now. This is the fruit that has been "freeze dried" or preserved for the very last days (end) before I return to set up My new Kingdom on earth. The plowing will be done while you are asleep (unaware) safely home with Me. By revelation you will see the new earth ready to be newly planted. Your revelation will come while you are "upstairs" in heaven (in the only true home you remember as that).

"One woman's calling them" refers to the Holy Spirit calling them for Me. The last of the fruit of the harvest are being called out now. This now will last several years, but not many more.

You are one I've chosen to help with the final harvest. That's why I've had you write for them. I will send your words out into all the world to help harvest the last of My fruit. I chose to picture them as strawberries as that is one of your favorite fruits. You saw many green ones on the vines, but only a few were ripe. That shows there are many people in the world, but only a few more who are ripe and ready to harvest. The leaves refer to words

or life, and that is what you take to others to share from Me. The leaves identify the type of fruit.

You are "one woman" aligned with My "Holy Spirit one woman." Together you will call them - My final harvest. You will do the tiny part I have for you. Your writing, that you and Beth spent years on, will go forth into all the world to call many. She is "one woman" also. Without her this (writing) wouldn't go forth.

I gave you the picture of the harvest in 1985 as the "ball of fire" vision so you would see everything after that as part of the final harvest. It's been a very short time in the whole time of the world.

120. You're welcome, My child. I delight in doing blessings for you. I delight in your delight. Notice your hands are a bit jerky today, even in typing? Note that, because I am going to heal that jerkiness. You will see the big difference in how easy it will be to hand write after I heal you. It's coming. My appointed time for healing you from the top of your head to the bottoms of your feet, even your toes, is coming very soon. I told you before that it would happen here at home, and it will. Then you can write about that in your new book about Stories of Miracles and Revival. That will be another, the second, miracle, I will do for you...the first being paying for you to live at the retirement home...and that is VERY soon.

Now listen, I want to tell you some more today. This is from My heart. My heart is yearning for My Bride, all My loved ones, to come up here to be with Me. Yes, the last of the "strawberries" (as you saw in your recent dream) are being picked right now. You noticed those Christian evangelical events being held at sports stadiums after games--that is the beginning of the big "stadium" events with thousands coming. I know you are thinking about the Promise Keepers events and the Billy Graham events, and those too were part of these stadium-sized evangelical events. All of these comprise the "beginning" of them. Many MANY more are to come where thousands will give their hearts to Me. You will see these on TV and marvel, and know this is the last...the last ones to come in to the kingdom before I take out My Bride. The great crusades of this size outside the United States have been taking place around the world. Now, at the very last, they will take place in the US and in Europe. Then the end will come for My Bride, and the tribulation will begin. So you can see we are getting closer and closer to the Rapture. You can watch for reports on the stadium events and know the end is close.

Come to Me in any moment of your day. Come to Me in your thoughts and seek Me and I will be right there with you, and speak My counsel and guidance to you, and then you will know what to do and/or say. I will put power in your voice to speak My words, and power in your hands to send Me into others as you touch them. When I am in them I will reveal Myself to them. If you want to speak something when you touch them, say "Reveal Yourself to them, Holy Spirit." Then I will do the rest. You will watch people receive Me and

change before your eyes as I reveal Myself to them. It will be miraculous stories for your next book. Write down each story as soon as possible after it happens. I want this documentation, and it will be of things YOU HAVE SEEN YOURSELF! Not necessarily things others have reported to you, but things you have seen yourself -- as John gave testimony to what he had seen in the Bible.

121. Now I want you to know that I want to heal your right hip that hurts you so much. Do you want Me to do that?

Then I want you to proclaim My healing Scriptures, the ones you have in your Scripture notebook, over your right hip. Do it today, right now, then come back to the computer and I will talk to you more.

Now I want you to listen to Me some more. I want you to KNOW I am with you - every day, every hour of the day - and I know everything you think, desire, yearn for, long for, even more than you know and understand it. I know that you really want to draw closer to Me and are trying to do that daily. I know your frustration for not moving yet to the retirement home. Believe Me, I know what is best because I know all things. I not only know what is best for you, but for everybody you will associate with when you move, and even what's best for Beth.

Rest in Me, My child, rest in Me. I will take care of it all and will bring everything together in the right place at exactly the right time - if you rest in Me, listen to Me, and be obedient to Me. I know you want to do that. I know you. I know your thoughts and what you are like inside - the part of you that no one else sees and knows - and I love you!

Listen, listen, listen! That is My word for you today. Listen to Me and follow Me. I am the Shepherd and you are the sheep. I know where the green grasses are and where the still waters are. I will take you there at exactly the right time.

I may even be waiting for someone else to move to the retirement home too, someone who will be a new friend for you. You'll see eventually. I know you will like it there as I put that in your heart to do so.

I'll take care of any situations that I know you wouldn't like and would frustrate you - any that I don't want to use to stretch and mature you even more than now. You have learned to deal with multiple situations in this life, and I may still have a few more for you to experience to stretch you more. But those you don't need to experience, I will work them out for what's best for you - even dealing with tobacco smoke, or loud TV, or something else.

When I sit and listen to you like this, Lord, I have such a sense of fear and trepidation, and it's very uncomfortable. I just want to get out of it and stop it.

This is called "the fear of the Lord." Your human body is not made to be too close to Me, but when you get your new body, transformed, you will not have that fear. For now, it is good. Keep seeking Me and being with Me in spite of it. It is to keep you from getting too close and bringing harm to yourself. The "fear of the Lord" brings lots of good things into your life, so stand, even as you fear.

122. Yesterday the Lord told me to proclaim the healing Scriptures over my right hip (which was quite painful making it hard to get up and move around). I did that. Now, today, I realize the pain is mostly gone! PTL!

Today He told me to proclaim the healing Scriptures over my sinuses, nasal passages, and throat (where I feel there is an infection). So I did that today.

Since I like to follow the 3 steps Derek Prince taught me of 1) Proclamation, 2) Thanksgiving, and 3) Praise, the Lord prompted me to do a Scripture section on Thanksgiving and one on Praise. So I am doing that today. I will add those two sections to my Scripture notebook.

123. You are a listener and a watcher - that's why you were so drawn to the almond branch (Jeremiah 1:11-12) and My saying, "I am watching to see that My Word is fulfilled." You are a "watcher" with Me, My child. You are watching Me fulfill My Word and I will fulfill every word of it. You will see it with your own eyes - on TV especially. You are a "watcher" for Me.

What does a watcher do, Lord?

What did Jeremiah do?

- 1. Spent time with Me*
- 2. Spoke what I told him to*
- 3. Wrote what I told him to*
- 4. Did what I told him to*
- 5. Testified to Me and for Me to others*

You too. I will have you do this at the retirement home. Many others are watchers with Me now. I have raised up many. They are often called "watchmen" in the Bible.

Jeremiah 1:11-12 (The watchman prophet spends time before the Lord and speaks/writes what he sees and hears) **The word of the Lord came to me: "What do you see, Jeremiah?" "I see the**

branch of an almond tree," I replied. The Lord said to me, "You have seen correctly, for I am watching to see that my word is fulfilled."

2 Samuel 18:25 (The watchman tells the king what he sees as he stands on the wall.) **While David was sitting between the inner and outer gates the watchman went up to the roof of the gateway by the wall. As he looked out, he saw a man running alone. The watchman called out to the king and reported it.**

2 Kings 9:17 (The watchman watches for troops coming to see whose side they are on) **When the lookout standing on the tower in Jezreel saw Jehu's troops approaching, he called out, "I see some troops coming."**

Psalms 127:1 (The watchmen must co-labor with the Lord or their watching is in vain.) **Unless the Lord builds the house, its builders labor in vain. Unless the Lord watches over the city, the watchmen stand guard in vain.**

Song of Solomon 3:3 (The watchmen go throughout the city and help people) **The watchmen found me as they made their rounds in the city. "Have you seen the one my heart loves?"**

Isaiah 21:6-7 (The watchman watches what is happening and is alert, fully alert.) **This is what the Lord says to me: "Go, post a lookout and have him report what he sees. When he sees chariots with teams of horses, riders on donkeys or riders on camels, let him be alert, fully alert."**

Isaiah 21:11 (The watchman looks to see what is left of the night) **An oracle concerning Dumah: Someone calls to me from Seir, "Watchman, what is left of the night? Watchman, what is left of the night? If you would ask, then ask; and come back yet again."**

Isaiah 52:7-8 (The watchmen speak good news proclaiming salvation and God's reign; when the Lord returns they will see it with their own eyes) **How beautiful on the mountains are the feet of those who bring good news, who proclaim salvation, who say to Zion, "Your God reigns!" Listen! Your watchmen lift up their voices; together they shout for joy. When the Lord returns to Zion, they will see it with their own eyes.**

Jeremiah 6:17 (The watchmen watch and tell the people like a trumpet sounding) **[The Lord says] "I appointed watchmen over you and said, 'Listen to the sound of the trumpet!'"**

Jeremiah 31:6 (The watchmen will call people to go to the Lord) **There will be a day when watchmen cry out on the hills of Ephraim, 'Come, let us go up to Zion, to the Lord our God.'**

Ezekiel 3:17 (The watchman is to hear the word the Lord speaks and warn others from Him) **At the end of seven days the word of the Lord came to me: "Son of man, I have made you a watchman for the house of Israel; so hear the word I speak and give them warning from me.**

Ezekiel 33 (It was the watchman's duty to sound warnings as the Lord leads him)

Habakkuk 2:1-3 (The watchman sought the Lord and wrote down what He was told so others could run with it) **I will stand at my watch and station myself on the ramparts; I will look to see what he will say to me, and what answer I am to give to this complaint. Then the Lord replied: "Write down the revelation and make it plain on tablets so that a herald may run with it. For the revelation awaits an appointed time; it speaks of the end and will not prove false. Though it linger, wait for it; it will certainly come and will not delay.**

124. A DREAM ABOUT PEOPLE SPEAKING GOD'S WORD THAT WAS FORMING INTO WORD BALLOONS AND EXPLODING

People were making small round things that were held close to their bodies. These would explode/blow up. They were round like small balloons, only flatter, rather oval shaped. These seemed to be made with words they spoke - maybe even Scripture they spoke. The people weren't in control of which words blew up. It was like it was an unknown, a surprise.

Perhaps this symbolizes people speaking the Word and this Word having power to explode and produce this powerful effect - but they didn't control the effect their words (the Word) produced. They just saw/felt the power/explosion, like small balloons exploding. This took place in front of their bodies as the Word balloons dropped from their mouths in front of them to near the abdominal area. This only happened with some people, not all - those anointed for this, chosen for this ability.

And you are one chosen for this Word power. When I show you which Scriptures to speak (out loud) for which situation, do this for Me, as a service for Me, in My name, and I will explode those words and give them power for My purpose. This is your spiritual worship (as I gave you Isaiah 61 recently, and John 11 - Lazarus story).

Keep using My Word to pray the prayers I lead you to pray and I will make them powerful (alive and active) to execute My purposes, My Kingdom purposes, "on earth as it is in heaven."

125. The Lord led me to look up Jeremiah 16:21 which says: **Therefore I will teach them - this time I will teach them my power and might. Then they will know that my name is the Lord.**

Then He led me to pray that for those who do not yet belong to Him - the Muslims, Buddhists, and all the lost.

126. SPIRITUAL ARMOR

Finally, be strong in the Lord and in his mighty power. Put on the full armor of God so that you can take your stand against the devil's schemes. For our struggle is not against flesh and blood, but against the rulers, against the authorities, against the powers of this dark world and against the spiritual forces of evil in the heavenly realms. Therefore put on the full armor of God, so that when the day of evil comes, you may be able to stand your ground, and after you have done everything, to stand.

Stand firm then, with the belt of truth buckled around your waist, with the breastplate of righteousness in place, and with your feet fitted with the readiness that comes from the gospel of peace. In addition to all this, take up the shield of faith, with which you can extinguish all the flaming arrows of the evil one. Take the helmet of salvation and the sword of the Spirit, which is the word of God. And pray in the Spirit on all occasions with all kinds of prayers and requests. With this in mind, be alert and always keep on praying for all the saints. (Ephesians 6:10-18)

What is the Spiritual Armor and what do we use it for?

The Spiritual Armor is what we use as protection for ourselves and our loved ones. We use it as protection against those spiritual forces of darkness in the heavenly realms. Did you know there was a "heavenly realm?" It is a spiritual realm that exists right along with the natural realm in which we function daily. It has in it the forces of evil and the forces of good. We can influence that heavenly realm with our prayers, petitions, and declarations.

The Apostle Paul tells us about it in this passage from Ephesians. He tells us that our struggle is not against people, but against this spiritual realm which has in it rulers, authorities, powers, and forces of evil. And he tells us that our armor of protection consists of salvation, righteousness, truth, the gospel of peace, faith, and the Word of God. He tells us to "put this on." Why? So that "when the day of evil comes, you may be able to stand your ground." Do we each have "a day of evil" come in our lives? Oh, yes! That is what he is teaching us. Do we want to "stand our ground" and not lose these battles? Well, I do, don't you?

So I need to put on this spiritual armor and so do you. How do we put it on? I put it on in prayer by speaking out loud each piece of the armor and declaring it over myself and my loved ones I also want protected. I say something like this in my prayer:

"Lord, I place the helmet of salvation on myself. I declare that I belong to You and I have your salvation from sin and sickness because of Your body and blood given for that. I ask for Your mind to be in me today.

“Lord, I place the breastplate of righteousness on myself. I declare by Your Word that “I am the righteousness of God in Christ Jesus.” You, Jesus, became sin and took my sin upon Yourself that I might be free from it. If there is any sin in my life, please show it to me right now that I may confess it before You and be cleansed.

“Lord, I place the belt of truth on myself. I declare You are the truth and that Your Word is truth, and I stand on those because I belong to You. Guide me in speaking truth today.

“Lord, I place the gospel of peace on my feet. Everywhere I go today, I declare peace will go with me. Guide me to those You want to share the gospel of peace with this day.

“Lord, I place the shield of faith in my hand as a shield from all the fiery darts of the evil one. I declare faith in You, Jesus, and in Your victory over that evil one. Guide me in recognizing any fiery darts sent to me from the enemy, that I might deflect them with the shield of faith.

“Lord, I take up the Sword of the Spirit which is the Word of God. I declare Your Word as true and alive and active and powerful. I use Your Word to fight against the evil one. I ask You to place that Word in my mind and heart throughout this day that I may speak it forth as the Sword of the Spirit.

“Lord, I pray in the Spirit on all occasions with all kinds of prayers and petitions. I ask You, and declare that You, Holy Spirit, will put those prayers in my heart and mind as I go throughout this day.

“Thank You, Lord, for this spiritual armor which You have given us to put on for protection against the forces of evil in the spiritual realm that we may be able to stand.”

127. This dream is all about time - time to be alert, time to teach others, time to be somewhere, time to get up, time to start teaching a group, time to meet with someone, and time making a deep impression on you visibly. This is what it means. The time is short. Time is precious. Use your time wisely. Wake up and get ready to teach others. The time is focused around God (1:00) and the Godhead (3:00). Even without a watch to know what time it is, time is deeply impressed into you and is visible on you. You were not alerted to the importance of time by your parents or your sisters in Christ, or your church, but now you are very aware of it.

128. A DREAM ABOUT A GAUZE-WRAPPED HAND LIKE A BOXING GLOVE

At 3:13 I wrote down a dream which had a picture before my eyes of a white-haired woman wearing a blue dress and holding a long strip of white gauze wrapped around her right hand. This hand then looked like a boxing glove with this big ball of gauze on it. She held her arm and hand in front of her as if in a boxing stance.

In a dream scene just before this, I felt a surge of power like I had just won something. I saw an old fashioned train on tracks.

This woman represents you. Her white hair means she is older, she has wisdom, and she is pure. Her right hand is her hand of strength - which she uses to fight with. You will be "fighting the good fight" when you move to the retirement home. Your hand of strength will be protected by My healing gauze, pure and clean and never ending. Your hand is raised and ready to begin My work with your words and deeds and work. Her blue dress shows she is spiritual. This is a picture of you as spiritual and ready to fight the fight I give you. Go in My Name, My child, and I will be with you wherever you go, anytime, any day, anywhere. You are ready.

You are the train, an older train, doing a large work among the older people. It will be continuous and unceasing and a move of God - work done by Me through you. You will be doing it from "the inside" as you get to know these new people at the retirement home. They are part of the train you will minister to. The tracks show there is a pre-planned, set path you are to follow. It is already set, even before you move there. Just listen to Me and be obedient to Me, and we will go there together.

129. The Lord has been giving me a Scripture a day to look up recently. Today He gave me Hebrews 9:11 and I knew He had given it to me before. So I thought the 911 might be a message relating to a 911-like attack being planned against the U. S. and/or maybe Israel. One reason I thought that is because I woke up around 4:45am and lay awake for quite awhile. My mind was filled with the 9-11-01 attack and what it might have been like for people inside those twin towers after they were attacked, what it might have been like to make the decision to jump out the window or burn to death, what it might have been like to try to go down all those stairs for 60 stories or so, etc. I wondered why my mind was filled with 9-11 events keeping me awake. Then when the Spirit gave me Hebrews 9:11 today, it reminded me of the thoughts that came during the night. I felt this was a warning that I was to pray against such an attack and I did that. Now I am thinking, as I write this, that Hebrews might have been a clue also and the attack may involve the "Hebrew" people: Israel. I pray God will stop such an attack, expose into His light those terrorists, and get them arrested by law enforcement people. Protect Your people, O Lord!

130 . *In due time. That's when it will all be arranged for you to move to the retirement home - in due time. Just like a new baby is conceived, grows, and is delivered in due time. When it's the right time it will all come together, and then you will move. It just isn't the right time quite yet. It WILL come.*

Do not fear. Do not be discouraged. I am working things out in just the right way. You will see AFTER the move is done that it was done in the perfect timing. I am the only one who knows what that is - just like I am the only one who knows the perfect timing of the Rapture. But just because it isn't happening now doesn't mean it won't happen at the perfect time. It will.

Keep waiting on Me, each day. I will show you the way. I AM the Way.

Each day, remember? Follow Me each day and you will always remain in my will. One day at a time.

Anything special You want to talk to me about?

Yes. I want to share with you that the best is yet to come - for you and for Me. Remember what Kim Clement said about wonderful things happening between now and Christmas? Well, that is true. I don't want you to be out of computer contact and unable to write right at this moment because there is much I want you to write each day. You will understand this much better after it has all happened, and you will understand what I am referring to.

This time at night and in the early morning is precious to Me, My child, and to you too. That is why I had you stop taking the sleeping aid pill - so we could communicate during these precious nighttime hours. I'll let you get enough sleep, don't worry. It's so precious quiet during these hours.

(As I was scratching my forehead repeatedly) Your body gives you lots of distraction, doesn't it? Don't worry. That will end soon - the distractions from your body. Because you have been persistent and faithful to come to Me anyway, in spite of all its distracting irritations, I will finish the healing I have been gradually working in you. Healing of the diabetes and all its distracting symptoms: feet pain and numbness, itching skin, etc. And your eyes and your ears. You have been seeking Me and waiting for Me to heal you for a long long time (long in your estimation) and I will soon complete those things you have been seeking Me for. Seek and you WILL find. Ask and you WILL receive. You have asked, and you will receive, complete body healing.

This is so good to meet you here. Now you may turn off the computer and continue on with your day along with Me. I will ALWAYS be with you, no matter what hour of the day or night. And I will ALWAYS protect you and guide you, My child. I love you!

131. Today the Lord used the following quote by John Bevere (about being fully submitted outwardly in pretense yet still in rebellion in the heart) to enable me to see myself as a child acting in submission to my parents because I felt I *had to*. But at the same time I was rebellious and hating in my heart because I disagreed with what they said to do. I had to confess this as sin and ask for forgiveness for that attitude. The Lord also showed me I could have that same attitude toward Him. I remembered times when I said I wasn't going to ask what the Lord wanted me to do because if He told me I *had to be obedient*. Since I didn't want to necessarily be obedient if His will differed from mine, then I didn't ask Him for His advice and guidance. I really, in my heart, didn't *want* to give up doing it my own way, and I really didn't see His guidance as what was best/good and what I desired.

(Quote from *Drawing Near* by John Bevere, page 117)

A heart left to itself outside of the counsel of God's Word and His Spirit is a heart which is deceitful above all else.

God declares to His people, "**If you are *willing and obedient*, you shall eat the good of the land**" (**Isaiah 1:19, author's emphasis**). Notice He doesn't say just obedient, but rather *willing* and obedient. Willingness deals with the attitude of our heart. I can ask my son to do something and he can immediately obey, and appear quite submitted, yet all the while murmuring in his heart. The reality is that he is not obeying in truth, but rather under pretense.

132. (Quote from *Drawing Near* by John Bevere, page 121-122)

There are many who are gifted by the Spirit of God, yet they do not keep the words of the Master with all their heart. They are the people who can be most easily deceived. The reason is the presence of the Lord will be sensed to a degree in their gifting, such as their preaching, singing, praying, or other form of ministry...The deception is that these people can easily assume that the presence of the Lord that is on them in ministry is His approval of their lives, and mistake that presence for intimacy with Him...Jesus says many professing to know Him are going to:

stand outside and knock at the door, saying, "Lord, Lord, open for us," and He (*the Lord*) will answer and say to you, "I do not (*intimately*) know you, where you are from," then you will begin to say, "We ate and drank *in Your presence*, and You taught in our streets." But He will say, "I tell you I do not know you, where you are from. Depart from Me, all you workers of iniquity." (Luke 13:25-27, *author's emphasis*)

If you read this in conjunction with Matthew's account (Matt. 7:21-23) you will discover the ones who say this are those who did miracles in Jesus' name. They were gifted, yet assumed the presence of the Lord that accompanied the gifting equated to His presence of approval or intimacy. You can

see the shock of these who professed to know Him, yet were turned away. It is so important that we understand there is a difference between His abiding presence and His presence that accompanies ministry.

That last sentence really gave me understanding: (p. 122) "It is so important that we understand there is a difference between His abiding presence and His presence that accompanies ministry."

This is what the Spirit spoke to me about this quote/idea:

It's My abiding presence you will minister through, and not my gifting presence. That's why I told you in 2000 to develop intimacy with Me. It was and is My plan to minister through you to others through My abiding (all the time) presence. That's why I tell you your mornings are to be Mine - to keep this abiding fresh and new and renewed day by day. It's in My abiding presence you will go forth in the mealtimes and afternoons and evenings. This will be a great experiment and experience for you - something different than you've done before.

133. A DREAM ABOUT WATCHING CAREFULLY THE REVELATION I SEE

I told some man my last name (so he could look up my account or something like that), and then a policeman walked up to me who evidently had looked up my record. He described how I had to look carefully due to my eye/vision situation.

This dream seems to be a warning dream from a spiritual authority that I am to be careful due to my vision or revelation since I only see partially.

134. *You gave your daughters goals and covered them with your protection - that which you had the authority to give them. Now they have that "picture" of those goals on the computers of their minds/hearts. That picture of the goals you instilled in them is still with them, in front of their eyes, something they attain or strive towards. It is a good goal/picture. Now you are not "with them" in the same house as in their childhood, but the picture of the goals you gave them is still with them. It is your lifetime gift to them.*

135. *You are now ready. (This refers to being ready to move to the retirement home and beginning ministry there.) Just don't quench the Spirit. Fear may try to make you do that, but I have overcome fear.*

There are all types of people in this world and I made them all. You are ok the way you are, even though I didn't make you a "lightning rod." You are just right for the work I have for you to do.

But thanks be to God, who always leads us in triumphal procession in Christ and through us spreads everywhere the fragrance of the knowledge of him. For we are to God the aroma of Christ among those who are being saved and those who are perishing. To the one we are the smell of death; to the other, the fragrance of life. (2 Corinthians 2:14-16)

136. As I attended the four Days of Glory conference at CTC this past week, there were several things said by the speakers which seemed to affirm the ministry I believe the Lord is leading me to at the retirement home. I especially appreciated John McGirvin talking about the practical ways we reveal God's glory. Then today Pastor Alan and Joe spoke about our being part of the "corporate" church, working together to do the works God leads us to do. As they spoke the Lord helped me see that the work He has for me at the retirement home, to minister to people there, is part of the corporate work of the church for our city of Lee's Summit. I think that is one reason why God brought me here and has kept me here - to be part of the corporate work of CTC in Lee's Summit. It was a new idea to me. Previously I thought I would just be out there doing this ministry as an individual, not as part of the corporate work of my church.

137. *This life you live is not just about you, My child; it's about loving others. When you love others you want what is right and just for them. Love is not just a smile and being agreeable although that's part of it. It's about righteousness and goodness and justice...giving this to others. And who is the One who is righteousness and goodness and justice? Jesus Christ! So if you give Him to others, you love them (an active verb). That's how I want you to love those at the retirement home...give them Me. First you must establish a relationship with them - one at a time - and then give them Me.*

You've had a hidden ministry (books) up until now in Lee's Summit. Now it will gradually become more open...one person at a time. Look for that one. Ask Me and I will show you. Don't assume you know. Only I know who is really ready because I've been getting them ready. But first establish the relationship...and that will take lots of listening and praying for wisdom and understanding. But I will do it all...and take you with Me to speak for Me.

138. *That is what I'm calling you to, My child, is to walk in love. And that is what I'm going to show you how to do. I'll lead you. I'll show you. We will co-minister this love of God together.*

But first we must break the power of intimidation over your life - taught to you as a child by parents and school teachers who ruled by intimidation. You were taught that well, and it still rules over you. It is called "the fear of man." And Satan doesn't want you free from his power over you through it. But now is your time to be free. This is the day of your salvation from it. I want you to overcome the fear of man which intimidates you.

You are not looking for power. In fact, power intimidates you as your parents and teachers had such power over you. That's why you couldn't stay around the power display of KM - and why it brought to mind the rejection by your parents when they displayed power but didn't balance that with expressions of love.

139. I asked the Lord: what is my gift, Lord?

Your gift is love - love for yourself so you have quietness and confidence to function, love for Me so you will come to Me daily and be renewed, and love for others so you will care enough to reach out to them.

At the retirement home it will be a "selected few" whom I will show you, whom you are sent there to love. When you love someone you care enough to share the very best you have to give - and that is Me. You will share Me with that "selected few."

You are the heart [as part of the Body of Christ], the one who cares. The more you listen during the day (when I speak plainly) the less I need to share with you in dreams (where it is disguised as symbols).

140. A DREAM ABOUT A WOMAN DISAPPEARING AND I YELLED "HEY"!

<p>In this dream I was sitting by myself at the front of a room and other people, mostly women, were seated in rows in front of me (like in a classroom situation with me as teacher or leader). I was talking to them about an event a couple of days previously when we were doing finger painting with raspberry red colored finger paint. One woman in the</p>

back row stood up and started to talk. I think she spoke agreeing with something I had said. Then, as she spoke, she just disappeared! Right after she disappeared I could then see a tiny puff of her head, but not the rest of her. I jumped up and yelled "hey!" in great surprise, and looked around to see if others saw what I had seen. They didn't act like they had seen it.

I wonder if this pertains to the Rapture.

Yes, it pertains to the Rapture. You were an observer in the dream and were able to see and recognize what this was. Others didn't see or recognize it. You are looking for it. Others aren't. That's why there is a reward for those who watch for My appearing. That doesn't mean you won't be in the Rapture yourself, because you will. But this dream is to alert you to its coming soon. It is an alerting dream.

141. Take the light where I am leading you and let it shine. Don't hold it back. Let it shine forth. Complete the task I'm giving you. Embrace this season of your life as I said through Kevin Basconi. Embrace the task/ministry I'm giving you to complete there. I'll keep teaching you AND guiding you. I'll constantly be with you and show you what to do - just as I showed Jesus. In that way you'll "see what I am doing and do it also" as Jesus did. The greater your obedience, the greater the faith I'll give you. I am in control of the amount of faith you have. It IS in accordance with your obedience. It is by faith things are accomplished in the kingdom - and I only give great faith to those who are humbly obedient to Me. Otherwise it might be used for the wrong things and do harm - to them and to others.

142. As a child expecting your father to provide for you and take care of you and keep you safe and secure - that's the way I want you to be with Me...as you will be in Heaven when I provide everything. You see, I want you to be the same way with Me here on earth as it is in heaven - I am your total provider. So you don't need to be afraid of not having enough.

143. A DREAM ABOUT TAKING A COURSE CALLED "LIFE"

I was in a room with other people. I was talking with a woman regarding a course called LIFE that I had previously taken. I wanted to know about what the rest of the course taught. She said she could give me 2 credits for the part I already took. I was trying to get

her to tell me what the rest of the course was so I could see if I wanted to take it and get certified to lead a group through LIFE. It seemed like there were 6 credits possible, but that wasn't spoken. I just seemed to think it.

Then I realized it was almost time to take the school children to lunch as it was close to 12:00. I asked other teachers to tell me about the lunch schedule and how they take their classes to lunch (in what order). I said, "Does the kindergarten go first?" I knew I taught kindergarten and needed to get back to my room and take them to lunch, if they went first. I looked at my watch and it showed ~2-3 minutes after 12:00.

Previous to this dream the Lord had asked me if I wanted to go home to be with Him now/soon or stay on earth yet for awhile. I said I just didn't know because I didn't know if I had finished all His purpose for me. He had previously told me about things He wanted me to do at the retirement home, but I realized that, in His kindness, He would always give me something to look forward to doing. I felt that even if I was in a hospital He would have people for me to witness to. He would not leave me on earth with nothing more to do for Him. I told Him I would have to think more about my answer. I wanted to go home and be with Him, but I wanted to do all I was supposed to do here and get all the rewards in heaven I was meant to get for the work I do. I read Paul's words in Philippians and the struggle he had with that question.

Then on Sunday at church I read again in Psalm 139 about how all the days of my life were already appointed for me before I was even born. I told God I wanted to live out all the days that He appointed for me and only He knew that. I left it in His hands and didn't make a choice. Then I had peace with that answer.

144. Today in my Quiet Time the Spirit spoke to me about the dream I had yesterday about teaching kindergarten. He said:

Yes, you are a beginner level Christian, where most people are - if they have begun at all. You have taught many "beginners" to try to get them to relate to Me. I wanted this for you - to stay on a beginner level and help teach them.

That's why I didn't take you to some places like Todd Bentley and Paul Keith Davis. I designed you for what you have been - and you have "doubled" the "talents" I gave you (referring to the 2 credits in the dream for taking the LIFE course). "Well, done, My good and faithful servant. Enter into the rest I have for you."

If I give you more to do, then that will just add to your credits. If I take you now to be "home" with Me, you will be well rewarded and pleased. So be at peace, My child. I am pleased. You be, too.

145. A DREAM ABOUT GRADUATION DAY AND WHAT TO DO AFTERWARDS

I was at school - college it seemed. The students were older, not younger. It was graduation day. There were some students who won high honors and I knew they got to sit on the first or second rows in the front of the graduating group. It was a very large group of graduates. I knew I was not one to receive honors, so I was looking for someone to sit with who was not in the honors group. I wanted them to save me a place next to them so I could walk in with them and sit next to them.

I thought I would have time to run home before graduation and change my shoes, but then there wasn't time to do that. I looked at my shoes and wondered if they were ok to wear. The left shoe was partly loose with a strip sticking up that should have been attached. Someone told me they were ok.

Then I saw a man sitting at a table along with some other people. He seemed to be indicating to me that he would get me a job right after graduation. I thought that was wonderful - to have a job right away. He wanted to know what I was interested in doing or what I was thinking about doing after graduation. I said I hadn't been thinking much past graduation day.

The setting of being at school represents time on the earth where I am to learn things and be tested on things. This shows me as an older student just about ready to graduate, which represents going on to Heaven. Some students win high honors while on earth and they get honored by being in a special place representing that honor. I am not one of those being highly honored, so I am to sit behind them along with most of the other graduates. In the dream I was looking for graduates who were average, not especially honored, so I could relate to them and sit with them. Perhaps the Spirit is showing me this will be my rank in Heaven.

Since this scene depicts life here on earth, it shows I am not one who is specially honored or up front in special view of others here on earth. I am just one of the regular, common, average people - and I look for others like me to relate to here on earth.

Running home to change my shoes represents going back to my place on earth to get better looking shoes, ones not in disrepair or torn. My shoes represent my words or preparation. It also could represent peace. But I was told my shoes were ok to wear to the graduation, so I accepted that in the dream. This may represent that my shoes of preparation are ok, even though they don't necessarily look great to me.

The man sitting at a table along with others represents the Holy Spirit having communion with other believers - and I got to see it. He also indicated that He had a job for me immediately after graduation and wanted to know what I wanted to do. That may be the key question of the whole dream: what do I want to do as my work when I graduate from earth to Heaven. It's true I have mainly been looking forward to graduation day without thinking much about what I would like to

do after that. Perhaps this dream shows the Spirit nudging me to think about that. And perhaps it indicates that my "graduation" is very soon. My shoes of preparation for it are ready.

So what DO you want to do after graduation from earth to Heaven, My child?

I want to spend time with You, Jesus, and be close to You forever and ever. I want to get a long long hug from You and hear You say, "Well done, My good and faithful servant," if that applies to me. I want to look into Your eyes and SEE the love and acceptance that I have been believing by faith You have for me. I want to always be close to You for eternity. I want to hear the new name You have for me, and have You place the name of my God and the city of my God on me as it mentions in Revelation. I want to thank you for all You have done for me, and worship You and praise You forever. I want to see the place/mansion You have prepared for me, and hear what You want me to do in Heaven, and during the millenium, and after that on the new heaven and earth. I want to participate in the wedding supper of the lamb for His Bride. I want to greet my relatives and friends and make new friends too. I want to rejoice in all You've done for us, Your people, and share in Your joy. Then I want to do the work you have prepared me for from the foundation of the world.

146. As I watched circles of light reflected on the walls, ceiling, and floor from the sun shining on a mirrored Christmas ball, the Spirit says that's how many people I've taken His light to in this world. I'd guess there are 80-100! Some are close and some are far. He says:

Remember that - each time you look at the ball and see the circles of light. You are like a mirrored ball reflecting My light to all around you. You think of the one (person) you missed, but I think of all those you didn't miss. When you are a teacher, as you are, then you get credit for all those you influenced for Me, and for all those influenced for Me by them, and on and on. Your books are like that too - all over the world. And your teachers get credit for you and what you do, etc. And look at Paul and other writers of the OT and NT - look how many they influenced for Me. Writers have a special privilege/opportunity to do this, just as you did and do. That's why I wanted your books on the web. Beth gets her share in all those credits too.

147. I awoke at 12:39 a.m. and looked at the clock. I wondered what it signified. This morning I think it means 1-2-3-9 (1st day, 2nd day, 3rd day, harvest) as mentioned in Hosea. I believe we are now either in the 3rd day, or soon to begin it...and the harvest time is here.

After two days he will revive us, on the third day he will restore us. (Hosea 6:2)

148. The Holy Spirit guided me to stay home today, and listen to Him, and write what He says to me.

This is right. This is what I want you to do today: worship Me, listen to Me, talk to Me. And we will make plans for next year as well as review last year. In the last year I finished up your nine books and got them all on the web. I sent them out to many people, and they will be there for the future when I need them and want to use them. Then I started getting you ready for a big change in your life from the life you have lived here at Beth's house. I had you sort and pack, plan how you would use your time, plan where to put your furniture and set up your new "home" at the retirement home, and gave you a desire to move there. That is all accomplished, and you feel ready to go. I taught you through Derek Prince, Bill Johnson, John Bevere, and Bill Hybels. I encouraged you through Beth.

Now it is time to carry out those plans. My timing is perfect, remember? Several times you have given up the plans to Me and said you wanted My will - even to the point of being willing to be taken from the earth to heaven now if that is My will. It is not My will just yet. It may be soon, but not quite yet. You will know when it is the right time because I will tell you. There are just a few things I want to use you for yet before you leave/go.

Tomorrow starts the New Year. You have been reading about prophecies concerning things happening during that New Year. You will be part of fulfilling those prophecies. You will have your own small part, but it is the needed part I want you to play for Me. Will you do it?

Yes, Lord, I say yes to you.

Ok, then I will use you in the small part I have for you. If each one who belongs to Me will do his/her own part, then all will be accomplished as I plan. Each part is important and needed. Then I won't need to find someone else to do the part I have for you.

Now, listen. There is more I want to tell you.

I WILL take care of Beth, and I WILL take care of Kim and John. So, although you keep praying for them, know that I promise to take care of them.

I have heard your many prayers for your "prayer bundle." I have honored those prayers, and I will continue to honor them. I will also continue to give you prayers, daily, as I want them prayed by you, so I can be activated to work in those particular situations. I know you want to continue to be an intercessor, and you will be. But only what I give you to intercede for, ok? Do not spend your time interceding for those people and situations that I don't lead you to. Follow the prompting of My Spirit.

About moving to the retirement home: I will do that at exactly the right time, and that time is soon, sooner than it was yesterday. I wanted you and Beth to know I was in control of your move, not you two. The perfect day will arrive and I will provide for you to move there, and the glory will all be Mine. Part of revealing My glory will be your story of how I provided for you to live there.

You will enjoy it there - much more than you now anticipate or imagine. It will be the culmination of your "delighting yourself in the Lord" and My giving you the desires of your heart. You will finally be in "community" as you have longed to be for a long time, and you will have friends - the exact right ones I lead you to, and will have people to care about and who care about you. It will take awhile for this to develop, but it WILL develop there. And you will be pleased - very pleased.

Remember that you have already done the most important thing in this life on earth: you have believed and received Me as your Lord and Savior, and you have developed a personal, private relationship with Me. And you have given yourself in love to many people while on earth...the second most important thing you were to accomplish. You will continue to do that more and more (both things). The rest of what you do is just icing on the cake for your rewards, and working with Me in helping bring the Kingdom to earth as it is in Heaven.

Now I am done talking. This is what I wanted to tell you at the end of this year. The New Year will be very different, but equally good as this year. I will always be with you. I will NEVER leave you or forsake you. That's who I am and what I am like - I stick with My own, My Bride, those who belong to Me. And you are one of those. Now put Psalm 55 here for the ending of the year writings:

Psalm 55 NLT

"Is anyone thirsty? Come and drink - even if you have no money! Come, take your choice of wine or milk - it's all free! Why spend your money on food that does you no good? Listen to me, and you will eat what is good. You will enjoy the finest food.

"Come to me with your ears wide open. Listen, and you will find life. I will make an everlasting covenant with you. I will give you all the unfailing love I promised to David. See how I used him to display my power among the peoples. I made him a leader among the nations. You also will command nations you do not know, and peoples unknown to you will come running to obey, because I, the Lord your God, the Holy One of Israel, have made you glorious."

Seek the Lord while you can find him. Call on him now while he is near. Let the wicked change their ways and banish the very thought of doing wrong. Let them turn to the Lord that he may have mercy on them. Yes, turn to our God, for he will forgive generously.

"My thoughts are nothing like your thoughts," says the Lord. "And my ways are far beyond anything you could imagine. For just as the heavens are higher than the earth, so my ways are higher than your ways and my thoughts higher than your thoughts.

"The rain and snow come down from the heavens and stay on the ground to water the earth. They cause the grain to grow, producing seed for the farmer and bread for the hungry. It is the same with my word. I send it out, and it always produces fruit. It will accomplish all I want it to, and it will prosper everywhere I send it. You will live in joy and peace. The mountains and hills will burst into song, and the trees of the field will clap their hands! Where once there were thorns, cypress trees will grow. Where nettles grew, myrtles will sprout up. These events will bring great honor to the Lord's name; they will be an everlasting sign of his power and love."

(Watch for part 5 coming soon)
